

BAYNES
No. 511. Corning

Now here's a job that will please the most exacting.

It is a little easier to get in and out of than a piano-box job, and it is a little wider all through, but very little heavier.

It is one of those substantial, solid jobs that will wear a lifetime and give satisfaction every day.

BAYNES BUGGIES

Bear in mind that our jobs are all fitted with 4-plate springs front and back.

They will not chuck, and you do not feel tired after a five hours' drive, as the springs are long and easy and absorb the shocks.

In buying a buggy be sure and buy a Baynes. If your dealer doesn't handle our goods, write us direct.

STRENGTH AND ECONOMY

You can depend absolutely on **PEERLESS** Fencing to hold live stock under any and all conditions. It is made of all No. 9 steel wire heavily galvanized and has lots of spring in it, making ample provision for contraction and expansion due to changes in the temperature, sudden shocks, etc.

PEERLESS

The Fence That Saves Expense

is held together by the Peerless lock which holds the wires securely and makes Peerless Fence absolutely stock proof. The lock cannot be slipped or knocked loose. Write for our new book—it will interest you. It's free.
