**SYNOPSIS OF CANADIAN NORTHWEST LAND REGULATIONS.**

ANY PERSON who is the sole head of a family, or any male over 18 years old, may homestead a quarter section of available Dominion land in Manitoba, Saskatchewan or Alberta. The applicant must appear in person at the Dominion Lands Agency or Sub-agency of the district. Entry by proxy may be made at any agency, on certain conditions, by father, mother, son, daughter, brother or sister of intending homesteader.

Duties—Six months' residence upon and cultivation of the land in each of three years. A homesteader may live within nine miles of his homestead on a farm of at least 80 acres solely owned and occupied by him or by his father, mother, son, daughter, brother or sister.

In certain districts a homesteader in good standing may pre-empt a quarter-section alongside his homestead. Price, \$3.00 per acre. Duties—Must reside upon the homestead or pre-emption six months in each of six years from date of homestead entry (including the time required to earn homestead patent) and cultivate fifty acres extra.

A homesteader who has exhausted his homestead right and cannot obtain a pre-emption may enter for a purchased homestead in certain districts. Price, \$3.00 per acre. Duties—Must reside six months in each of three years, cultivate fifty acres and erect a house worth \$300.00.

**McCormick Binders Have Many Desirable Features**

EASTERN Canadian farmers will find many desirable features on McCormick binders, which make this well-known binder particularly successful in harvesting the grain in Eastern Canadian fields. Before buying your binder this season inspect the McCormick carefully.

You will find that it is constructed with special care. The bottoms of the guards are almost level with the bottom of the platform, enabling it to be tilted to cut close to the ground without pushing trash ahead of the knife. The reel has a wide range of adjustment. As a result the McCormick binder will successfully cut grain that is tall, standing, down, or tangled. There is a third packer to assist in the handling of grain that is very short or full of undergrowth. Either a smooth section or serrated knife can be used. The floating elevator handles grain in any quantity. The improved McCormick knoter is an especially strong feature. These features make the McCormick binder very efficient in Eastern Canadian harvest fields.

See the McCormick local agent and have him show you the reasons why you should have a McCormick binder. He will also sell you McCormick haying machines and the best binder twine made. See him or write the nearest branch house for catalogue.

What
is a
Gun?

Just something with
lock, stock
and barrel

that will explode a shell and discharge the contents somewhere in the atmosphere?

That is all some guns are. But a real gun is a different proposition. It must be light, strong, accurate. To be accurate it must be well proportioned, so balanced that it responds to the lightest swing of the muscles. It must be bored right, to the thousandth of an inch. Its lock must be sensitive, on the instant, to the pull of the trigger-finger. A gun like this has character. Every

Tobin
Simplex Gun

has Tobin character in its every line. We know what this means so well that we guarantee satisfaction or your money back. We know what materials are used, how they are fashioned by machine accuracy, how every gun is inspected many times before it leaves the factory. Knowing all this, we know that we can guarantee 100% gun-value to every Tobin buyer.

Tobin Simplex Guns are priced from \$20 to \$210. At your dealers, or send for our new catalogue. Every sportsman should have it.
