

Canadian Industrial Investments.

Every dollar invested with me goes to the development of Canada, and goes into the securities of a corporation which I have thoroughly investigated. These corporations - which I am promoting are located in Ontario, adjacent to their markets, and are all in operation, with one exception. I have placed stock in them with investors ranging in amount from \$100 to \$5,000, but the greatest number of the investments are about \$250 each. I will be glad to have investors write me.
