To the Farmers, Breeders, and all who use this page for advertising purposes

The rates on classified advertising in The Guide have been, ever since its inception, unusually low; in fact, much lower than they should have been to even give us sufficient revenue to meet the cost of production. In view of the present increased cost of production, increase in circulation and service, we now find it necessary to raise the rate on classified advertising.

On and after December 1, 1912, the rates on classified advertising will be as follows:—

4c. per word per week

20c per word for six weeks

Payable in Advance

All ads, however, which are mailed to us before December 1st will take the present rate. The Guide has always carried a large amount of classified advertising and has brought exceptionally good returns, in fact, has produced more business than could be taken care of.

Send us your ads and we will produce the business

LIVERPOOL MARKETS

Manitoba No. 1 Northern Exhausted
Manitoba No. 2 Northern Exhausted
Manitoba No. 3 Northern \$1.16
December 1.09
March 1.08
May 1.07
Wheat—There were bullish influences prominent at the opening but these were offset by realizing. The market opened 1/2 lower to 1/2 higher. American cables were better than expected, estimates are for greatly reduced world's shipments this week, other than America and Russia offering less freely with much uncertainty regarding political situation. Immediately following the opening prices declined 1/2 to 1, with prominent outside selling, due largely to private advices received here confirming our cable of yesterday that the recent storm in Argentina did little or no damage. There was a quiet demand for cargoes, spot markets were easy and the weather in the United Kingdom favorable. At 1.30 p.m. market was easy and 1/2 to 1/2 lower than yesterday. Corn opened 1/2 lower and further declined 1/2 to 1, with profit taking. Argentine shipments were heavy with Plate shippers continuing bearish and much pressure to sell cargoes afloat.
