Fence Posts, Cord Wood, Etc.

Those of our readers who have cord wood, fence posts, etc. for sale will find that this is a good time to advertise. Our records show that most of those who sell fence posts prefer to place their advertising copy in The Guide about this time. An ad. now gives you time to get the replies and make your sales in sufficient time to allow the farmer who buys, to haul home the material while the snow is on the ground.

A. C. Carr, Melakwa, B.C., after he had had an advertisement in The Guide for a short time last winter wrote as follows—"I am now filled up with orders from my ad. to keep me going for some time."

Farmers in districts where timber is scarce are wanting cord wood. One farmer residing at Oak Lake, Manitoba, writes The Guide under date of December 29 last as follows—"Last year I saw an ad. in your paper re wood for sale. I got a car thru the ad. from the secretary of an association. I want a car again now, but I don't see any ads. in your paper." These are other farmers in this position.

Send in your ads. on cordwood, fence posts, etc., now. The Guide's "Farmers' Market Place" is planned so as to co-operate with the readers in affording them an economical opening to wider markets. A glance at this page will show the many departments into which it is divided. This affords the prospective buyer a quick method of referring to the section in which he will find offerings in the line he intends to buy. Naturally he will look over all the advertisements in that particular section before making his choice.

This means that every advertisement will be read by every prospective buyer. This is the strong advantage of this classified section.

Advertising rates are given at the top of this page. Send in your order now accompanied by the amount for the number of times you wish your ad. to run, and let The Guide demonstrate to you, as it has to hundreds of other farmers, how it can sell.
