GAME RESULTS
IN ANOTHER DRAW

No Goals Scored in Lively Match Last Night Between the Feildians and the B.I.S.—Standing of Teams

Line Up.
Feildian—Lush, goal; Rendell, Kyall, backs; Tait, Rendell, Winter, halves; T. Winter, C. Hunt, Bugden, Edwards, Payne, forwards.
B.I.S.—Clare, goal; Kavanagh, Duggan, backs; W. Duggan, Kearney, Pradbury, halves; Simms, Ryan, Smith, Jackman, Dunn, forwards.
Referee—F. Rabbitts.
Linesmen—R. Chafe (Feildians), J. Murphy (B.I.S.)

The Game
The B.I.S. on winning the toss decided to defend the western end. The evening was an ideal one and quite a number of spectators were present. The game all through was as good a game as seen played on St. George's field this season. Although both teams had no chance whatever of the trophy they worked with a vim and gave the spectators the full value of their money.

Combination was seen quite often from both sides and several fine runs and shots were made but the end of the first half closed with no goals being scored.

Second Half
The second half opened with a dash and the Feildians forwards made several attempts to score but Clare saved well and kept the B.I.S. from being defeated. Tait gave some clever exhibition of football during the evening but failed to pass Clare. The full time sounded leaving both teams the same as when they started, no goals being scored.

The table now stands:

Teams	P	W	L	D	F	A	Pt.
Collegians	6	5	0	1	15	3	11
Star	5	4	0	1	13	1	9
C.E.L.	6	4	1	1	15	6	9
B.I.S.	7	2	1	4	3	2	8
Feildians	7	3	3	1	9	8	7
Casuals	7	2	5	0	10	16	4
Saints	7	1	5	1	4	13	3
St. Bon's	6	0	5	1	3	14	1

S. A. CONGRESS
OPENS AUG. 8

Congress Meetings Will Be Conducted by Col. Sunworth, of England—Sunday Services to be Held in the T. A. Hall

The dates fixed for the Annual Congress of the Salvation Army which is to be held in this city, are from Aug. 8th to 12th. The Congress meetings this year will be conducted by Colonel Sunworth, the Army's Parliamentary Secretary at International Headquarters, London, England.

For quite a few years now the meetings have been conducted by representatives from Toronto Headquarters, but owing to that branch suffering so severely in the Empress of Ireland Disaster, it is not possible for any of the Canadian leaders to visit Newfoundland this year.

First International.
The Colonel will be the first International representative to inspect the Army's forces here, since the visit of the late General Booth some years ago. He is a man of very wide experience, having spent 34 years in active service and during that period has held very important commands. The first meeting of the Congress will be held in the Citadel on Saturday evening, August 8th, when the local forces will welcome their visitor.

The T. A. Hall has been secured for the Sunday's Services and at 3 p.m. the Colonel will lecture on "The Salvation Army in the Mother Parliament." The Hon. Donald Morrison has kindly consented to take the chair and he will be supported by a number of leading citizens. Extensive preparations are being made for the public meetings and great enthusiasm prevails among the local Salvationists who are anticipating very successful gatherings.

Portia Arrives

The s.s. Portia, Capt. Joe Kean, arrived in port yesterday afternoon, after a splendid round trip. She brought a small cargo and the following passengers:
Rev. Fr. Ward, Messrs. Dr. Fraser, Edwards, Cook, Vitth, Taylor, St. Croix, Mrs. Cook, Wilton, Hiscock, Miss Hartigan, Whelan (2), Primm, Fleming and O'Neil, and 25 steerage.

COMMISSIONERS
HOLD SESSION

And Take Up Many Civic Affairs—Motor Licenses—Sewerage Connections—Protect Cabmen—Repair Wall

Hon. John Harris presided in the absence of Mr. Gosling at last night's meeting of the Civic Commission.

I. G. Sullivan wrote that a number of motor cars were being driven by persons without a license. He asked to meet a committee of the Council and the secretary to discuss the matter. Agreed to.

F. Rioux, assistant to the Manager of the Reid Nbd. Co., replied to a letter re repairs to the street railway. Mr. Rioux said the company would look into the complaint.

P. C. Mars sent a letter quoting prices on chloride of calcium. John Monk asked for a tank in Pleasant Street. Messrs. Anderson and Ayre and the Engineer will report.

Mrs. Cotter, King's Bridge Road asked for sewerage connections. Will be considered.

J. R. Johnson applied for permission to build a shed off Prescott St. Engineer will inspect premises and consult Inspector General and report. J. O'Reilly, Water Street, asked for permission to make repairs to house on Mullock Street. Referred to Engineer.

Asked for Sewerage
C. Hutchings submitted plans of dwelling house on LeMarchant Road, and asked for sewerage. Hutchings is 200 feet from main whereas Butler of the same locality who applied for sewerage some time ago also is only 85 feet from main. In Mr. Hutchings' case connection can be made by a small pipe to Casey Street, distant only 18 or 20 feet and Mr. Butler cannot make such connections. Whole matter will be enquired into by Engineer. Mr. Hutchings will be given a street line in the interim, with the option of doing as he pleases.

Plan was submitted by Mark Gibbons for dwelling house to be erected on Gear Street. This evoked a discussion concerning the placing of houses on a parallel with the street line, with a view to making the installing of sewerage easier when Council should decide.

Examine Into It
It was decided that, in reference to application for street line on Fitzpatrick property no further permission for same be given until some arrangements are finalized between the Council and the owner of the land. During the discussion Mr. Gosling arrived and Hon. Mr. Harris vacated the chair.

The report of the West End Road Committee was read and passed. The report of the West End Road Committee was read and passed. The report of the West End Road Committee was read and passed.

In Bad Shape
Road Inspector Brambrick reported that part of south side wall is in bad condition, and gave estimate of cost of repairs at \$45. Council will attend to the matter and have it repaired. The Health Officer reports one case of diphtheria on Watford Bridge Rd. W. Clance Swimming Instructor, reported that home pieces of plank and rope had been stolen during the week. Will be replaced and steps taken to prevent such happening.

Could Do Nothing
With reference to the rebate of duties on goods imported by Council Sub-collector LeMessurier said Govt. could do nothing in the matter. The Government notified the Board of their intention of authorizing a loan of \$30,000 for making improvements in present water system, such as laying pipes where none are at present and replacing some of smaller pipes in the city by larger ones.

The Secretary was instructed to write Mr. Hunt concerning the terms of insurance. Commissioner McNamara called attention to lane behind his place on Queen Street. Horses drive through there at a rapid rate. Decided to open up a street here, as land is Council land. It was suggested that the passage way be closed for vehicle traffic. In the meantime a full enquiry will be made into the matter by special committee.

SPORT DAY AT
THE C.L.B. CAMP

Interesting Events Brought to a Close One of the Best Camps on Record—Good General Conduct Reported—Practical Inspection

Long Jump, jr.—1st, Pte. A. Martin; 2nd, Pte. R. Chafe.
The sports have brought to a conclusion one of the best camps on record in point of discipline and good behaviour, one had only receiving punishment during the whole period.

The most searching inspection by Capt. Moore, A.D.C., with the advice and encouragement he gave to both officers and lads was one of its most pleasing features; one felt that the inspection was anything but formal and that the inspecting officer came with the view of helping the Brigade not by glossing their faults, but by honest criticism of anything wrong and commendation where such was merited.

NO IMPROVEMENT
in Fishery Conditions to the Westward

July 25.—From Geo. P. Forsey, (Grand Bank)—The catch for last week was 3900 quintals. Two traps are fishing. Five bankers have arrived with 900, 600, 500, 600 and 700 quintals respectively.

Prospects are very poor, but there has been sufficient caplin for bait up to now. The lobster catch is very small. Very little codfish has been caught in punts or dories and the two traps out have about 170 quintals between them. They have been doing nothing lately and are about to be taken in.

NEW PASTOR HERE

Rev. Douglas Hemmeon, B.A., late of Hamilton, Bermuda, the newly appointed pastor of Gower St. Church, will occupy the pulpit to-morrow, both morning and evening. Although many of the congregation are absent from the city on holiday, it is expected that a large congregation will gather at both services to welcome their new minister. Visiting friends will be heartily welcomed and provided with seats by the ushers.

ENTRIES MADE
FOR REGATTA

At Weekly Meeting of the Committee Held Last Night—Eleven Races—No Badge, No Refreshments

The weekly meeting of the Regatta Committee took place last evening. There was a large attendance and considerable business was transacted. The public conveniences will be ready for Regatta Day.

Secy. Noonan read a letter from Mr. John E. Roache, California, who stated he would mail his penants on the 26th and that they would be here for the Regatta.

The Secretary presented a cheque of \$25.00 from the L.S.P.U. The collections amounted to \$1,283.66. It costs about \$1,400 to cover the day's expenses.

Guests of President.
It was suggested that Messrs. Cormack and Sommerville of the Boston Excursionists be the guests of the President Regatta day.

It was decided no refreshments be served in the Committee tent except to members of the Committee wearing rosettes and their friends. These refreshments are provided by the members personally, and not paid for out of the funds collected from the public, but some individuals secure sufficient standing room as freehold property for the day, and no earthly power is able to remove them. Perhaps they will take the hint this year. A crew from the T.A. Society, Torbay, made application for entry in the Society race. This caused a lengthy discussion and while it was admitted that under existing rules the Torbay men could row, an amendment was proposed in order to safeguard the Society and Brigades' race, that outside crews would not be eligible.
