Half Dozen Strikes In Progress In London

(Canadian Press Despatch) LONDON, Aug. 25.—The recurrence of labor unrest in many forms is evidenced by the fact that half a dozen strikes are now in progress in London. Thousands of men are already affected, and there are threats of still further trouble. In almost every case the demand is for increased wages, although the question of trade union recognition figures prominently in some disputes. The building trade is the one most affected. At any moment 50,000 laborers in the metropolis may adopt a "down-tools" policy, and their action would involve another 150,000 skilled artisans.

The laborers are asking for reform of rules, an increase of wages, and the same treatment as that meted out to skilled workmen. The renovation of Buckingham Palace is in no danger of being delayed by the strike, as the men have no grievance against the contractor who has the work in hand. The masters regard the campaign as the beginning of an organized movement for the suppression of the non-unionist.

HEAVY DOCKET WITH THE POLICE

Ernest Pike Faced Charge of Entering House of Peter Porter—Other Cases

A heavy docket of cases came before Magistrate Livingston when he returned to the bench this morning after a brief holiday. No less than eleven cases were dealt with by His Worship, but the majority of them were of a minor nature and were easily disposed of. Ernest George Pike faced a charge of unlawfully entering the home of Peter Porter in the Township of Richmond on August 13th. A plea of not guilty was entered. Porter was called to give evidence, and told the court an interesting story of how his home had been broken into while he was absent attending a Methodist picnic, there being an appearance of general disorder when he returned. Porter's home and a box of cartridges and a piece of pie were missing. Witnesses found tracks and traced them to a neighborly field where the accused was working. A host of other witnesses were heard, testifying to the tracks around Porter's home, and High Court Constable Hughes produced a revolver which defendant had given to him when arrested. Porter testified that the firearm produced looked like his. The defendant took the stand on his own behalf, and denied all knowledge of the theft from Porter's house. The revolver produced, he claimed to have purchased in Kingston. A number of witnesses were heard in the defence, the accused being represented by Mr. W. S. Brewster, Q.C.

Magistrate Livingston in summing up the evidence, admitted that there were many suspicious circumstances in connection with the case, but the defence was not sufficiently strong to convict. He therefore dismissed the charge. Mr. W. A. Hollinrake appeared for Porter. When the name of Allan Raffaelo, a Hungarian, charged with theft, was called, the accused failed to put in an appearance, and a warrant was issued for his arrest. Raffaelo appeared in court a few days ago and was committed to liberty in order that he might produce two trunks claimed to be the property of R. Dienna. The trunks have not yet been produced. Peter Fairhair, who in past years was a visitor to the police court on minor charges, faced a charge of being a prisoner. No evidence was given and he was allowed to go on his own recognizance after paying the costs amounting to \$4.75. That he did unlawfully interfere with P. C. Smith in the lawful performance of his duty, was the charge preferred against Wm. Cudmore. The accused pleaded not guilty to the charge, and the officer was called to give evidence. He stated that while no other man under arrest, Cudmore objected and insisted upon being the constable his duty. As a result of the loud talk a big crowd was attracted. The patrol was called and Cudmore was arrested. In his own defence statement he simply advised the officer that he was a prisoner. Magistrate Livingston told Cudmore that he had no right to "butt in" at a trial and a fine of \$5 was imposed. Frank Clouse was up on the carpet on a disorderly charge. The police called for a remand which was granted. Several drinks appeared and were summarily dealt with.

MILLION MARK FOR TORONTO EXHIBITION

Premier Borden Pressed Button for the Opening This Afternoon.

(Canadian Press Despatch) TORONTO, Aug. 25.—Following the first official luncheon, at which Premier Borden was the guest of honor, the Premier at 2.30 this afternoon pressed the button which officially set in motion the Canadian National Exhibition of 1913. The gates were opened at 8 o'clock this morning, and judging from the thousands who poured through during the early hours, it was considered that the crowd would be a record-breaker for the opening day. The exhibition management are after an attendance record this year. "The only thing that can keep us below the million mark is the weather, and it will keep it mighty busy holding us back," declared J. O. Orr, the manager, after a final inspection of the grounds, which revealed everything in first-class shape.

Premier Borden, accompanied by Mrs. Borden and Hon. G. H. and Mrs. Perley, arrived in the city on Sunday, and are at the King Edward Hotel. The day was spent quietly, and in the evening the Premier and Mr. Perley were entertained at the York Club. On Tuesday Mr. Borden will lay the corner stone of the new technical high school on Lippincott street at 11 a.m., and spend the afternoon at the exhibition, returning to Ottawa in the evening.

Prior to proceeding to the Exhibition grounds to formally open the exhibition, Right Hon. R. L. Borden, Premier of Canada, spent a quiet morning. The Premier's movements for the day were arranged as follows: 10 a.m. to noon—At the hotel, receiving personal friends and reporters. 12 noon—Visit to the exhibition grounds to deliver opening address at 2.30 p.m.; sight-seeing on the grounds until 4 o'clock, taking lunch at the grounds. 4 to 7 p.m.—Calls on personal friends and an auto ride about the city. Evening—Dinner at Government House.

"I can't say," was the Premier's laconic reply to a question as to the probability of an early session. After a moment's pause, Premier Borden continued: "The difficulty of an early session, say about the middle of October, is in getting the departmental material, such as reports, in shape for presentation to the House. As against that, experience has shown that when Parliament is called towards the end of November little is accomplished on account of the Christmas holidays until after the first of the year."

Postmaster Alfred Stevens leaves tomorrow morning for Winnipeg, where he will attend the annual convention of the Letter Carriers of the Dominion of Canada.

Lofty Appeal For National Ideals Made at Conference of Canadian Clubs at Hamilton

(Canadian Press Despatch) HAMILTON, Ont., Aug. 25.—The fifth annual conference of the Association of Canadian Clubs opened here this morning with an attendance of over two hundred delegates, representing clubs from coast to coast. President McClelland, in his annual address, lauded C. R. McCullough, founder of the Canadian Club movement, and Clementina Fessenden, originator of Empire Day. He strongly urged the appointment of a Canadian Minister of Health, to deal with sanitation and proper housing of the masses. Prudery had mock modesty of moderns, he declared, had too long held back knowledge of physical culture, race suicide, maternity, sexology and other questions affecting the virility of the race. Discussing Canada's political life, he insisted that there was altogether too much partisan politics in the country. The little Canadians and the blind partisans, he said, must be eliminated and way made for the larger Canadians. Continuing, he said: "Some there are who claim with confidence that the politicians of Canada, like many other things, are becoming commercialized and that they are fast becoming like our neighbor,

POOR HARRY THAW; BREAKFAST FROM HOTELS LATE THIS MORNING

And Harry and the Sherbrooke Jailer Had a Row—His First Display of Temper Since His Detention—Conference Among Lawyers Still Proceeding.

(Canadian Press Despatch) SHERBROOKE, Que., Aug. 25.—Neither William Travers Jerome, of the State of New York, nor Roger O'Mara, for the Thaw family, had arrived at Sherbrooke this afternoon, and counsel for both sides marked time with further conferences. The general understanding still prevailing was that Thaw would be arraigned in the Superior Court Wednesday morning on the commitment under which he has been held a fugitive from Matagan, turned over to the immigration authorities, and ultimately deported to Vermont.

Thaw had a row with the jail authorities to-day because his breakfast from a hotel had arrived late. It was the worst show of temper since his detention here. Sherbrooke, not Coaticook, will be the seat of the immigration inquiry, according to apparently reliable reports. Facilities for holding such a hearing are far better here than at Coaticook, and the proceedings could all take place in the court house where arguments in the habeas corpus proceedings go on.

J. Parkinson of Montreal, connected with Dominion secret service, reached Sherbrooke to-day to keep in touch with the case. Stories of Thaw money corrupting courts, judges and immigration officials—baseless, all of them, so far as anyone can learn—were being discussed in the hotel corridors and on the streets at noon. Ex-Governor Stone of Pennsylvania

characterized such rumors as an absurdity. "The law will be allowed to take its course in the case," said the ex-Governor. "All we ask for is simple justice." W. H. McKeown of the Thaw legal contingent explained this afternoon one of the reasons why they had not yet announced a definite plan of action. "We are waiting for the other side to show its hand," he remarked. "It has never been made clear to us just exactly what the attitude of the Canadian authorities is in regard to Thaw."

A Week and a Day. SHERBROOKE, Que., Aug. 25.—A week and a day since Harry K. Thaw's sensational escape from the Matteawan asylum, his flight across at least three states and his entrance into Canada, where he was captured, found Thaw still confined in the Sherbrooke jail and the two men who are to lead the forces fighting for and against his return not yet on the scene.

These men were William Travers Jerome, former district attorney of New York, and Roger O'Mara, a Pittsburgh detective, who for the better part of his life, has been retained by the Thaw family to help Harry K. Thaw in the troubles his dissipation brought him. While O'Mara is not a lawyer, the Canadian counsel employed for Thaw look to the detective officially to represent the family in proceedings that are to

come. The first of these is to be Thaw's arraignment in the Superior court here on a writ of habeas corpus on Wednesday next. The time of O'Mara's arrival had not been made known this forenoon and Jerome's whereabouts were surrounded with much mystery. During the night it was reported that he had reached a Vermont town not far from the frontier. Jerome more than any other man was instrumental in keeping Thaw in confinement since the killing of Stanford White. He comes to the case now with a better first-hand knowledge of the whole Thaw situation than probably any other man in the world. As an American lawyer he will have no standing in Canadian courts and this will be taken care of, on behalf of the New York state interests by Samuel Jacobs, a leading lawyer of Montreal. Jerome's greatest value will be when the matter of Thaw's extradition comes up in Vermont, should he be deported there by the immigration authorities. He would also be of great help in an advisory capacity, if the insanity question is taken up.

It was commented on with interest here to-day that the procedure of first bringing Thaw into court as at present outlined by writ of habeas corpus was also the basis of so many hearings in the State of New York. In all these Jerome was especially retained by the State. Thaw had a fairly restful night. He is fortunate as are all those who

BLOODIEST SURGERY IN HIS EXPERIENCE

St. Louis Doctor Who Returned From Big London Congress.

(Canadian Press Despatch) MONTREAL, Aug. 25.—Remarking that in the London hospital he saw some of the bloodiest surgery in his experience, Dr. W. Stanifer of St. Louis, on his way home after attending the International Medical Congress in London, declares that the medical science in Canada and the United States is ten years ahead of Britain.

The better organization in North America, as well as the greater opportunities for research work, the doctor, were the principal reasons. Dr. Stanifer, who is a specialist in a certain branch of surgery, naturally wished to see operative work in the London hospital. He saw what he described as the bloodiest surgery in his experience there. The operators, said the doctor, although men of no small frame, allowed their patients to bleed unnecessarily, thus often weakening the sufferer, when a little care might have obviated such contingency.

In Great Britain, said the doctor, there is little or no organization in the medical profession.

A Good Sport

One Honest Race Track Followers Who Has Passed Away.

(Canadian Press Despatch) MONTREAL, Aug. 25.—Henry Ryan, known among the sporting fraternity and followers of the race horses, as "John Henry," was found dead yesterday in one of the Grand Trunk Railway offices on the river front, where he was employed during the summer months as night watchman. Although he had been a follower of the race horses all his life, and spent most of his time in the company of bookmakers and betting men, Ryan was both religious and conscientious. He had the reputation that no matter under what circumstances, would he tell a lie. During the prosecution of a well known gambler a couple of years ago, friends of the latter made strenuous efforts to induce Ryan, who had been summoned as a witness to leave the city, or at least suppress what ever had come to his knowledge that might be damaging to the prisoner. Ryan flatly declined to be bought, and his evidence, given, however, only as reluctant admissions when questioned, convicted the gambler. Ryan made much money for others but had none himself.

Before the average man reaches the age of twenty-five he has either made a fool of himself or has employed some woman to do it for him.

WOMEN OF DISTRICT SIGN ROUND ROBIN

Wives of Strikers Complain That They Cannot See Their Husbands.

(Canadian Press Despatch) VANCOUVER, B.C., Aug. 25.—An attempt is to be made to start No. 1 mine with nonunion men by the Western Fuel Company. Trouble is expected. This notice is posted at the headquarters of the U. M. W. of A.: "An attempt is being made by the Western Fuel Company to operate No. 1 mine by non-union men. Unless martial law is proclaimed, the right of picketing is ours. All union men are ordered for picket duty. Remember those in jail!" There is grave anxiety as to the outcome. In the meantime the Jingle Pot Mine is working full blast. Arrests continue to be made. Women of the district have forwarded a round robin to the attorney-general complaining that they are not allowed to see their husbands in jail.

Toronto's Defunct Club

(Canadian Press Despatch) MONTREAL, Aug. 25.—That the owners of the defunct Tecumseh Hockey Club of Toronto, will be given another opportunity to sell out, is the statement from one of a syndicate of ten ready to buy. The syndicate notwithstanding the franchise has offered to assume all the club's liabilities and pay the owners \$3000 a cash. The syndicate will, if they secure the franchise, place a first class team on the ice, probably the St. Michael's team intact.

Gathering of the Clans Will be Notable Event

(Canadian Press Despatch) LONDON, Aug. 25.—King George and Queen Mary have announced their intention of being present at the Braemar gathering with the Princess Royal in the park at Braemar, September 4. The gathering of the clans was not held last year, owing to the death of the Duke of Fife. It is anticipated that this year it will be a brilliant success, owing to the presence of their Majesties. As this is the fashionable event of the year in Scotland, many well-known people will be in attendance at the gathering, an event which has been in existence for close to a century.

Except when a death occurs among the patrons, the gathering of the clans is an annual fixture and a fete day in the Highlands. The scene presented of men in tartans and women in smart gowns, sashed with the colors of the clans and wearing their badges, is most picturesque. The King is chief patron of the event, which, it is interesting to note, received royal recognition from Queen Victoria more than sixty years ago, when she first graced the gathering with her presence.

BRANTFORD FIRM LOSES IN A WESTERN BLAZE

Cockshutt Warehouse Destroyed in Mayfield, Sask., Fire.

REGINA, Sask., August 25.—Fire broke out at Maryfield, Sask., yesterday morning and totally wiped out the building and contents owned and occupied by the Oddfellows and Masonic lodges. The warehouse of the Cockshutt Plow Company, of Brantford, Ont., and White Bros. furniture and general store, was also gutted.

CHANNEL TUNNEL SCHEME SUPPORTED

Paris Papers Loud in Their Praise of Wonderful Project.

(Canadian Press Despatch) PARIS, Aug. 25.—Great enthusiasm is expressed everywhere in France in regard to the increasing probability of an Anglo-French tunnel under the Doyer Straits becoming an accomplished fact. "Le Temps," "Le Journal Des Debats," "Le Figaro" and "L'Homme Libre," are all favoring the scheme, which to meet French ideas should be a double barreled tunnel, one for railroad traffic and one for an automobile highway. President Poincare, Premier Barthelemy, War Minister Steeg, Naval Minister Baudin and Senators Georges, Clemenceau, Alexandre Ribot, D'Esternouilles de Constant, have all expressed themselves warm partisans of the double barreled scheme, which they hope will eventually be an accomplished fact.

Manuel Should Not Be Called King

So Declares British Press in Comment on Wedding Gifts.

(Canadian Press Despatch) LONDON, Aug. 25.—The fact that Queen Alexandra has sent a wedding present to Manuel of Portugal, from his affectionate aunt, Alexandra, and that the King and Queen Mary sent a present very similarly inscribed, caused much comment this week, and a good many people are still contending that Manuel should not openly be styled king in a country that recognizes the Portuguese republic, and precedents are cited. When Louis Philippe became an exile in England after the revolution of 1830, he and his wife lived quietly at Claremont as the Count and Countess de Neuilly. One of the newspapers goes so far as to say: "Perhaps Sir Edward Grey will oblige with a hint."

ENGLISH AIRMAN STARTS ON TRIP

A Prize of \$25,000 Offered for Tour of the Coast Line.

(Canadian Press Despatch) SOUTHAMPTON, Eng., Aug. 25.—Harry Hawker, the English aviator, started at half past five this morning on his second attempt to make a tour of the English and Scottish coasts in a hydro-aeroplane. He is the sole participant in the 1,600 mile flight open to all British machines for a prize of \$25,000.

The flight must be completed in 72 hours during which descents may be made on the water only at the control stations at Ramsgate, Yarmouth, Scarborough, Aberdeen, Cromarty, Oban, Dublin, Falmouth, and the finishing point at Netley near Southampton. Hawker reached Ramsgate, the first control station at ten minutes past eight, having taken 160 minutes to fly the 144 miles from Southampton.

Arrived at Yarmouth. YARMOUTH, Aug. 25.—The aviator, Hawker, who left Ramsgate on the second stage of his long journey at eleven o'clock yesterday morning, arrived at Yarmouth at 10.40. He flew the distance of 96 miles in 80 minutes. There was a slight mist over the water during the entire flight, but the sea was smooth. Great crowds of spectators in small boats and coast steamers cheered Hawker on his journey.

After a rest for lunch which he took in a motorboat, Hawker left Yarmouth at 11.40 on the third stage of his flight which takes him to Scarborough, the fashionable east coast watering place.

THE BRAKES FAILED DAVID HURRIE HURT

Echo Place Man in Painful Mishap on Saturday.

Misfortunes never come singly. Some time ago Mr. David Hurrie, engineer at the Canadian Glue Company, had the misfortune to have a piece of steel enter his eye, which resulted in the removal of the optic. On Saturday Mr. Hurrie was bicycling to work when he struck the Lock's hill leading towards the canal. The brake on the bicycle refused to work, and he was thrown to the road very heavily. The ligaments of his shoulder were badly torn, and his face was severely cut up. His injuries were most painful. Mr. Hurrie resides with J. F. Gallen, Echo Place. He is reported to be doing as well as can be expected.

Chinese Vice-Consul

VANCOUVER, Aug. 25.—Mr. Ping Tien, vice-consul for China at Ottawa, was in this city last evening with his suite on his return from Vancouver Island, where he has been investigating the losses suffered by the Chinese residents in the strike zone. His inquiry resulted in his formally placing a substantial claim before the attorney-general. He declined to discuss the situation beyond saying he was received with every courtesy and he was sure the claim would receive prompt recognition. He had left for the East.

Engagements Cancelled

LONDON, Aug. 25.—"Jack" Johnson's music hall engagements in London have been "postponed" on account of the intense resentment displayed on all sides. It is understood that the "postponement" will be made permanent later, as the licensing authorities have threatened to raise trouble if the engagement of the American colored pugilist should be maintained.
