and most progressive men in the death of James Ferguson, who passed away at his home in Thamesvilled on Friday last, at the age of 68.

The deceased has been, for many years, a prominent figure in county affairs and was one of the most popular men in Thamesville. His life was characterized by an openness of pharacter and an uprightness which won for him the esteem of all who knew him.

The funeral took place te-day at Thamesville, the services being conducted by the Rev. J. M. McInnis, assisted by Dr. Battisby. John Walker, of this city, attended.

Mrs. (Dr.) Duncan is a daughter of the deceased, and much sympathy is felt for her in the great loss she has sustained.

Meny Disturbances Reported, But Little Damage Done.

London, May 14.—At the time of the Barn Francisco disaster certain seismographists expressed the opinion that the earthquake would, in due course, mearthquake its appearance on this side, and that Editiburgh, which stands in the danger zone, practically being built upon extinct volcanoes, would be visited.

The earthquake has been here. From Devon, Cornwall, from the Channel Island, but not from Edinburgh, have come reports of how the earth had been quaking on different days last week, but the earthquake has dealt gently with this country, and beyond a slight rattling of crockery and glassware, and, as it is reported, the displacing of some ballast on the putting green of the golf courses, the earthquake passed off, leaving Great Britain as it was and where it was.

Ottawa, May 14.—A large distillery
'plant was seized on Friday afternoon
near North Wakefield, Que., by Toronto
Inspector Floody of the Inland Revenue
Department, assisted by Dr. Freeland
and Officer Slattery of the local staff.
The plant was operated by Joseph
