Large Attendance at Hamilton Branch In Brantford.

Brantferd Board of Trade Wants More Factories.

(Special Despatch to the Times.)
Brantford, May 27.—Only three matters of business occupied the attention of the City Council last evening, and a short session was held. A deputation, consisting of C. Wok, J. A. Sanderson and John Muir, from the Board of Trade, appeared to urge upon the Council the necessity of taking a definite line of action to secure new industries. It was felt that Brantford had been resting on a past reputation during the last few years, and had been inactive. The deputation urged the setting aside of industrial sites at present available in the East Ward and Holmedale, the building of railway switches by the city these tracts. building of railway switches by the city to these tracts, and the appointment of City Treasurer Bunnell as Commissioner

Other Matters.

The Council issued a hearty invitation to the Supreme Grand Orange Lodge of Canada to hold its annual meeting in Brantford in 1909.

Ald. Andrews inaugurated a new scheme for the local parks. Certain seats are to be set aside for ladies, and are to have signs painted and hung on the seats marked "ladies only." The step was taken in view of the great number of idlers and foreigners frequenting the local parks and monopolizing the seats.

TO THE FRUIT SECTION.

Nothing could have been more enjoyed by the visiting members of the Ontario Medical Association than the outing given them yesterday by trolley through the fruit belt of Canada. Though coming from all parts of Ontario, they, one and all, were most enthusiastic in their appreciation of the boundless beauty and possibilities of such a country, and were loud in their praises of the courtesy of Messrs. Parke & Parke, local druggists, at fhose kind invitation the members enjoyed the trip.

About 200 members, with their wives, took in the trip.

Thomas Street, Bethel, was down on the roster as a vag. Sgt. Knox, however, asked Street how he pleaded to a charge of drunkenness and with a thankful sigh he pleaded guilty, sat down and hid behind the dock railing. "That should be vagrancy," said Chief Smith, and Street wearily arose and pleaded guilty to that also. "How many times has he been up here?" asked the Magistrate.

"About a hundred," said Court Clerk McHaffie.
"Is that so," said His Worship, with a smile.

"Yes! easy," replied the Clerk.

They were arrested on complaint of the owners, Kennedy & Simpson, who, the police said, told them the young men had beaten the animal almost to death, and that it had not yet recovered. They said there were four people in the buggy. George S. Kerr. K. KNOWS IT ALL.

To the Editor of the Times: Sir,-I was surprised to learn from the press that Ald. Allan refused to en tertain the house lighting problem when considering the power question. There are some of the aldermen to be pitied who have not the firmness of character stand independently and act as they would in the interests of the electors. should in the interests of the electors. The house lighting is a very serious matter at the present moment when the company is insisting on meters being put in the houses, and in charging a very much increased rate. We want competition if possible. There seems to be several aldermen who have a weakness, and compatitude against the Cataract and cannot stand against the Cataract Co. whatever they may want. I hope Ald. Allan will see his duty plainly, and will act fearlessly in getting the best he can for the citizens.

A word to Ald. Sweeney. Why do you want to put another by-law before the
