

## WOMEN OF DIOCESE DOING GOOD WORK.

Excellent Reports Presented at the Annual Meeting of the Auxiliary, Held Yesterday.

Address by the President, Mrs. Leather-Laymen's Work Dealt With Last Night.

The afternoon session of the twenty-third annual meeting of the Women's Auxiliary of the Diocese of Niagara in the Cathedral school room was largely attended, every available chair being occupied. The reading of the reports of the different organizations, by the secretaries, was continued and proved interesting, showing remarkable progress. The Diocesan Treasurer's report submitted by F. Hobson, Diocesan Treasurer, N. W. A., showed the following:

The receipts were \$360 more than last year and \$1,300 more than three years ago.

Mrs. Perkins, of Fergus, in moving the adoption of the reports, referred to the good progress of each separately. Mrs. Thomson seconded the motion.

The life membership fees amount to \$200, and are to be devoted to three objects: viz., Yukon diocese, rebuilding of the Fernie Church; traveling expenses and maintenance of Miss Lennon, who is the first candidate to receive training from the united church offering. Other amounts are \$331.62 from the McLaren memorial fund, and \$107.53 from extra cent-a-day fund, which makes a total of \$729.27 of the life membership fund.

**PRESIDENT'S ADDRESS.**

The President, Mrs. Leather, spoke of the good affected by meeting on an occasion of this kind, and said she was glad all were spared to attend the twenty-third annual meeting. She said if they were willing to take notice of the different reports and learn as much as possible, the outlook for the Auxiliary was very bright. Missionary study has a fascination and the members should resolve to do more reading on this subject during the summer that more zeal might be shown during the coming winter. Last September the delegates met representatives of other diocesan auxiliaries. She spoke of Mrs. Tilson, who had been removed, but whose place has been taken by Mrs. Hall. The most interesting and inviting part of the work was among the young, and the young are doing splendid work and are worthy of the best support that can be afforded them. The treasurer's report, she said, was remarkable, as it was ample proof that as soon as the members realized the magnitude of the work they were more ready to give. She spoke of the very efficient work of the officers and organizations and hoped they would continue to give the society their undivided attention. In closing Mrs. Leather expressed her thanks for the hearty support she had received.

**DEACONESS WORK.**

Miss Connell, Deaconess House, Toronto, spoke of "Women's Work." She said women should be more earnest in their efforts to work among the women, as they are more able to do this work than men. She spoke of the necessary instruction for a qualified missionary. The intellectual training consists of listening to lectures on Bible topics at college. She spoke of the useful ways in which a knowledge of medical work may be utilized. The women who wish to win souls should be diligent students of Biblical topics and earnest Christians. If people are wholehearted in their work for the Master there will be no lack of offers for the Master's service. The prayers of all are necessary for the advancement of Christ's kingdom. Miss Connell hoped the students would be so inspired that they would be willing to consecrate themselves to the preaching of the gospel.

**AMONG THE ESQUIMAUX.**

Rev. E. J. Peck gave a very instructive descriptive address of his work among the Esquimaux of Hudson Bay, and spoke of the yearning with which the people of that region seek the gospel. To be a successful missionary, he said, it was necessary to go, not depending on individual strength, but the strength of the Lord.

**THE LAYMEN'S WORK.**

The evening session was in the form of a missionary meeting, the Lord Bishop of Niagara presiding. Two important addresses were heard.

Venerable Archdeacon Forrester gave one of the Laymen's Missionary Congress, and said he had spent two days in Toronto attending the recent great convention, and the Anglican convention in connection with the same. Delegates of the various Christian bodies met in their respective conventions at hours that did not overlap those of the great congress, which was attended by 1,500 ministers and 2,500 laymen. The archdeacon gave a sketch of the Anglican convention in St. James' Sunday school, Toronto, and also his impressions of the national congress in Massey Hall. He gave an account of the splendid testimony to the efficacy of foreign missions by the Hon. Joshua Levering of Baltimore; by the Hon. D. F. Wilber, United States consul of Halifax, who had been in Singapore, and by Sir Andrew Fraser, who for thirty-seven years was a Government official in India, all of whom gave wonderful testimony of the work the missionaries have been and are accomplishing. The archdeacon's impressions chiefly were: First, absolute loyalty to Christ as the Son of God; second, evidence of the presence of

the Holy Spirit; third, the hearty cooperation of Anglicans in the general movement.

The archdeacon closed by saying that his impression was that the Women's Auxiliary, started a quarter of a century ago, had much to do with the starting of the great laymen's missionary movement, by creating an atmosphere and giving an inspiration.

**ON THE JEWS.**

Rev. F. E. Howitt gave an illustrated address on "The Jews." The views of the different towns and cities and other places of Bible fame were shown, and Mr. Howitt, in a very interesting way, told of the incidents connected with them. Among the scenes of Jerusalem was one showing the place where the Jews pray by hours. The churches of Bethlehem are magnificent structures, and the spot where Christ is supposed to have been laid was also shown. Rev. Mr. Freeman's picture was shown, and Mr. Howitt explained that the organization to help the Jews was started as a result of Mr. Freeman's efforts about a hundred years ago. The hospital in Jerusalem was also dealt with, showing the attendants and the wards they work in. Numerous famous men were spoken of, and their pictures shown on the canvas. He said the Jews are getting everywhere and are controlling everything they come in contact with at present controlling about one-half of the wealth of the world. He dealt at length with the persecution of the Jews, and gave an outline of the terrible massacres which occurred under the eyes of the authorities who should have protected them. In closing he said he hoped all would think of the two texts, "Ye are the Lord's remembrancers: take ye no rest and give him no rest till he establish and till he make Jerusalem a praise in the earth," and "If I forget thee, O Jerusalem, let me not right hand forget her cunning. If I do not remember thee, let my tongue cleave to my mouth, if I prefer not Jerusalem above my chief joy."

**THIS MORNING'S SESSION.**

This morning's session was largely attended. Considerable correspondence was read. Miss Halson, General Deacons Secretary, in addressing the gathering, said it was wonderful how the Auxiliary had grown during the past few years. She spoke of the missionary work in the Northwest, dealing in a thorough way with the difficulties the clergymen have to contend with. There are 70,000 Indians in Algoma and the Northwest Territories and one can't expect that these Indians can be self-supporting, having been so recently heathens. The work of the Indians should be carried on partly by native missionaries. At least three native missionaries could be supported for the same price as one white man, and she expressed the wish that more natives would be trained for the work. The need of contributions for the work of keeping the schools in the Northwest was expressed. By correspondence recently received by Miss Halson, it is thought the Government is about to increase the grants to the schools that they may continue their work in a satisfactory way. In the coming year, unless more money is forthcoming, considerable work must be given over to the Presbyterian Church. The church in Canada is asking the missionaries to do the work, but is not supplying them with enough money to prosecute the work properly. Last year an extra grant was given one diocese, but this year it was not given and the diocese is at a loss to know how to proceed. She spoke of the energetic way in which the bishops and clergy of the Northwest are endeavoring to carry on the work in a systematic manner. The large inflow of immigrants to the Northwest during the past few years must also receive consideration. A number of the new mining districts cannot receive a missionary as soon as they should on account of the present arrangements.

Mrs. W. G. Davis, of Stoney Creek, spoke on "The Love of Christ Constrains Us." She said the words were spoken by Paul. The love of Christ is a Christian's duty as it implies his readiness to serve the Master. The love of Christ should be in every heart as He sacrificed so much for the sake of humanity. She spoke of the care that should be exercised to refrain from seeking wealth and forgetting God.

**BURLINGTON BURGLARIES.**

On Sunday night and Monday morning last burglars paid a visit to three business places in Burlington, Taylor Bros', Stone, J. S. Allen's hardware, and Mr. H. Berry's tailoring establishment.

At Taylor Bros' they obtained admission by breaking a pane of glass in a window at the rear of the tailor shop, and got stuff to the value of \$100.

At Allen's hardware store the midnight marauders rifled the till, but only secured about 75 cents for their trouble.

Mr. H. Berry, who lives next to his place of business, heard glass breaking about 3 o'clock in the morning, and he immediately got up, but no one was in sight. In the morning he discovered a window broken at the side of the building.

With people of quality it is not the quantity of money that counts.

perial palace as a slave, and grew up in that household of intrigue. Since the departure of Loret Pasha and Fehim Pasha, Abdul Hamid relied entirely upon Nadir, who has been looked upon as having been the chief conspirator in the events of April 13.

Numerous telegrams are being received here from the provinces, and everyone welcomes the change in sovereigns.

Motor automobiles made their first appearance on the streets of Constantinople on the day the constitutional troops entered the city.

**TO SAVE MISSIONARIES.**

Merrina, April 29.—The battalions of Turkish troops arrived here to-day. It is understood that a strong detachment will at once be sent up the country to Hadjin to effect the relief of the American women missionaries there, who for nearly a fortnight have been besieged in their mission house by a horde of fanatical Mohammedan tribesmen from the surrounding country.

**IS THIS TRUE?**

Toronto, April 28.—It was reported this afternoon that word had been received to the effect that six American lady missionaries had been murdered at Hadjin, Asia Minor, one of whom is Miss Rose Lambert, a sister of a Miss Lambert, a student now attending the Bible Training School on College street. Miss Lambert, however, has received no cable message, though one was said to have arrived in Toronto, nor has Dr. Elmore Harris, of the Training School, received one.

Miss Lambert, who lives at 163 College street, is anxiously awaiting further word from Asia Minor. Her home is in Indianapolis.

**SUPPORTED BY MENNONITES.**

Berlin, April 28.—A cablegram this evening announces the massacre of six missionaries at Hadjin, Asia Minor, among these being Miss Rose Lambert, who is well known here. This missionary station was supported largely by the Mennonites of Berlin and surrounding district, and great sorrow is expressed at the loss of these Christian workers.

**TROUBLES OF THE CHRISTIANS.**

Constantinople, April 29.—A telegram

received here from Adana says that the fighting which began there again last Sunday continued for two days, that a terrible fire was destroying the Christian quarter of the city, and that their efforts were being made to stamp out the Armenian population.

## OBITUARY.

Death of Mrs. Nolan, Wife of Mr. James Nolan.

Mrs. Pain, wife of Mr. Albert Pain, the well-known commission merchant, received a cable from London, Eng., yesterday, announcing death there of her mother, Mrs. Fanny Bishop. About two weeks ago Mrs. Pain received word that her mother was seriously ill.

Mrs. Bridget Nolan, wife of James Nolan, 47½ Spring street, died last evening at 9 o'clock, aged 73 years, of the City Hospital, after an illness of two months. Mrs. Nolan had been a resident of Hamilton for over forty years, and her many friends will regret her death. She leaves to mourn her loss a husband, Mr. James Nolan, of the city corporation service, a number of sons, John and William, of this city. The funeral will take place from her late residence, on Saturday at 3.30 p. m.

The funeral of the late Mrs. Alexander R. Whyte took place from her late residence yesterday afternoon, at 3 o'clock. Although private, a number of sympathizing friends attended. A number of beautiful floral tributes showed the high esteem in which the deceased was held. Rev. R. J. Treleven officiated at the house and grave. The pall-bearers were: C. G. Moore, Charles Gardner and four brothers of the deceased, A. C. Woodward, Stewart Woodward, Henry Woodward and Percy Woodward.

The death occurred last evening, at the City Hospital, of Herbert Lawrence Parker, a well-known clerk in the employ of the Grand Trunk Railway. The cause of death was pneumonia. The deceased was born in England, where his relatives now reside, and a cable message was sent to his mother at Oxford, this morning. His fellow employees and St. George's Society have arranged that the funeral shall take place to-morrow, from Blachford's. Interment will be in St. George's plot.

John William Potter, 46 West avenue north, died early this morning, after an illness extending over one year, at the age of 38 years. He leaves a widow and three small sons. The deceased was a member of the International Moulders' Union.

The many friends of Mrs. Rothwell, widow of the late Benjamin Rothwell, will be deeply grieved over her death, which occurred early Thursday morning. The deceased lady was born in Ottawa 58 years ago, and had resided in Hamilton for nearly 40 years. She was a daughter of the late William and Mrs. Taylor, and granddaughter of the late Judge Taylor. Although she has been in poor health for some time the end was unexpected, and came as a great shock to her family and friends. She leaves four daughters and four sons. The daughters are: Mrs. Harry Christy, of this city, and Misses Daisy, Lillian and Mary. Of her sons are: William, of Milwaukee, Ralph, of Toronto and Herbert and Thomas, of this city. The funeral will take place from her late residence 218 Victoria avenue north, on Sunday at 2 p. m.

## MISS CRERAR'S WORK.

The Montreal Herald, in its report of the Governor-General's competitions, speaks very highly of the work of Miss Carrie Crerar, of this city. It says: "The Garrison Dramatic Club, of Toronto, were handicapped by an utterly impossible piece. The most brilliant acting will never revive Tom Robertson's 'Caste' and make it a living thing on the modern stage; and the amazing thing is that it could ever have been considered a great play. Of a truth the British drama has marched some in the last fifty years. The lady who played Esther Eccles failed to get the melodramatic possibilities of the role, and the admirable work of Miss Caroline Crerar—a Hamiltonian whose talents are known from one end of Canada to the other—in the comedy-dramatic part of effectiveness. The anti-climax following Miss Crerar's splendid declamation of the ballet speech was particularly ad dening. The stage management was good and there were some neat if exaggerated character studies."

## HOTELMAN FINED.

Brampton, Ont., April 29.—James Farrell, a former hotelkeeper at Streetsville Junction, who lost his license in 1904, was convicted before Magistrate Shaver at Cooksville yesterday on a charge of having liquor upon the premises and fined \$50 and costs. On account of the nature of the evidence given for the defence, the magistrate expressed the opinion that a charge of perjury should be laid.

THE MOTOR AND THE FARMER.

Automobile Milk Wagons. Plentiful Among the Dairywomen Out West.

There was a dairyman's convention recently that brought to Chicago milk producers from the five States immediately tributary to the great Elgin and Wisconsin creamery districts. Of those attending 112 were asked as to the use and value of the automobile to them.

Thirty-eight of them own automobiles and use them constantly in business. Eleven own more than one, according to Collier's. They are used in marketing butter fats mainly, but several utilized the power to operate separators, one to flush his dairy barn, another to operate his bottle washer.

The roads in the creamery district are better than the average country roads, and the automobile most used is a late type, with a tonneau that can be removed, leaving a flat platform for freight. But that is not all. Lastly, yet perhaps as important as anything, is the effect already felt and increasing constantly of the influence of the farmers who own automobiles upon the character of the roads.

Reports from nineteen agricultural schools, covering practically the entire country, prove the interest of farmers in good roads is increased and increasing greatly because of the automobile.

Do not think that your learning and genius, your wit or sprightliness are a welcome everywhere. I was once told that my company was disagreeable because I appeared so uncommonly happy. —Zimmerman.
