

OPERATIONS AVOIDED

By Lydia E. Pinkham's
Vegetable Compound

Belleriver, Que. — "Without Lydia E. Pinkham's Vegetable Compound I would not be alive. For five months I had painful and irregular periods and inflammation of the uterus. I suffered like a martyr and thought often of death. I consulted two doctors who could do nothing for me. I went to a hospital, and the best doctors said I must submit to an operation, because I had a tumor. I went back home much discouraged. One of my cousins advised me to take your Compound, as it had cured her. I did so and soon commenced to feel better, and my appetite came back with the first bottle. Now I feel no pain and am cured. Your remedy is deserving of praise." Mrs. EMMA CHATEL, Valleyfield, Belleriver, Quebec.

Another Operation Avoided.
Poughkeepsie, N.Y. — I run a sewing machine in a large factory and got all run down. I had to give up work for I could not stand the pains in my back. The doctor said I needed an operation for womb trouble but Lydia E. Pinkham's Vegetable Compound did more for me than the doctors did. I have gained five pounds. I hope that everyone who is suffering from female trouble, nervousness and backache will take the Compound. I owe my thanks to Mrs. Pinkham. She is the working girl's friend for health, and all women who suffer should write to her and take her advice. — Miss TILLIE PLENGIC, 34 Jay St., Poughkeepsie, N.Y.

Thirty years of unparalleled success confirms the power of Lydia E. Pinkham's Vegetable Compound to cure female diseases.

his firm.

Preparations are being made for the
observations of St. Benedict's day the
patron of the Parish. It falls on the
21st March. Our friends are all in-
vited to share the festival with us, and
we can assure them that they will en-
joy the day. The St. Maure school was
closed yesterday on account of the

JACQUET RIVER

Time again we submit a few
pencilings from the busy little vil-
lage.

Skating and hockey seem to be
the order of the day just now. Our
team are just a little crest-
fallen after their defeat at the
Black Point rink on Saturday
last but are to have another
friendly game at the Jacquet River
rink on Saturday next the 11th,
when it is to be hoped they will

recover their lost laurels.

Mr. Irons, manager of the Bank
of Nova Scotia, has obtained a few
weeks leave of absence. We all
wish him a pleasant vacation. His
place is very capably filled by Mr.
Woods, who seems to be enjoying
the social sports as well as the
duties of some of the fair skaters.

Repairs have been begun on the
interior of the R. C. Church here
and will continue until it is com-
pleted. The parishioners are al-
ready planning for a picnic and
bazaar in the early part of the
summer to raise funds for the
purpose.

In a few weeks most of the
household operations will have
been completed for this winter.
Indications point to a late spring
so in the meantime there will be a
lack of employment until log-driv-
ing begins.

No further information has as
yet been received as to the fate of
Paul Finkbe, Jr., of this place,
who was employed in Lataque, P.
Q. It is evidently apparent that
he has been drowned. His grief-
stricken parents have the deepest
sympathy of the community in
their bereavement.

One of the members of the
Lambton Lumber Co., has again
joined the ranks of the benighted.
We expect to hear wedding bells
for some of our popular young
people after the Easter vacation.

Miss Julia Furlotte is visiting
friends in Jacquet River after an
absence of eleven years in Chicago,

Miss Annie L. Caldwell of New Car-
lisle, who has been on the nursing
staff of Elliot City Hospital, Keene,
N. H., for some time, was operated on
for appendicitis in that institution
on Feb. 15th. Her case was consid-
ered serious, but she is now reported to
be doing extremely well. Miss Cald-
well was to have graduated in March.

One of the best carnivals of the sea-
son was held at the Half Way Rink on
February 21st and was attended by
about one hundred skaters and spec-
tators, every one enjoying themselves.

We are glad to hear that Miss Grace
Ross is improving in health. She had
a severe attack of erysipelas for some
days past.

Co. has returned from a trip to Eng-
land.

for a visit to the old Country.

mond is visiting at Mrs. H. Millers.

event took place here when Mr.
Bliss B. Lutz Locomotive Engineer
was presented with the Imperial
Service Medal after 35 years ser-
vice with the I. C. R. The presen-

on the high character and integrity

The Imperial service Medal was
established by King Edward VII as
a reward for long and faithful ser-

service who had not been employed
in the clerical or administrative
branches of the service. The de-
coration is in the form of a seven
pointed star, one side having a
silver shield surmounted by the
crown, on the shield in blue enamel
are the words, "For faithful service"
and the Imperial Cypher, E. R. on
the other side is engraved the name
of the recipient.

GENERAL NEWS

when they are carrying on their de-
monstration.

plate extensive improvements on
their lines between Depot Harbor and
Ottawa this Spring. These include
the filling in of trestle work and the
construction of new bridges. The
work will be extremely costly.

Typhoid and general sickness have
played havoc with the attendances at
the public schools in Ottawa.

A man was fined in Ottawa the
other day \$20 and costs for striking
his wife who abstracted a \$1.00 bill
from his trousers while he was in bed.
Why did she not take the trousers
by the feet and annex all the loose
change that rolled out.

Over 1000 pieces of unclaimed bag-
gage were sold at Windsor station,
Montreal the other day. This is the
largest amount there has been for
some years.

Six months hard labor was the
sentence passed on Fred Porter who
created a disturbance on a C. P. R.
train to St. Anne de Bellevue.

the Supreme Court as they found no
indictment.

Toronto's customs receipts for Feb-
ruary were \$1,350,011, as against
\$1,242,593 for the same month last
year. Montreal's returns were
\$1,387,240, against \$1,397,479 for
February of 1910. It will thus be
seen that Toronto is making strides
and almost equals Montreal, which is
marking time.

Chas. Childers, who was found
guilty of stabbing Thomas Shea in a
fight on Chatham street, Montreal on
Feb. 4, was today sentenced by Judge

motion for a new trial.

Owing to the number of acci-
dents which have been caused in
the streets and on tram cars by
the long hatpins worn by some
women the Budapest police have
been instructed to stop any women
wearing such, without protectors,
and confiscate the offending ar-
ticles.

The Canadian Pacific Railway
will this year expend several mil-
lions of dollars in improvements,
the construction of new station,
freight buildings and yards, and
the performance of other work in
Ontario. Work will be started as
soon as the weather permits.

At a representative meeting of
Toronto hotel keepers, a resolution
of protest was passed against the
proposed tax of five per cent, of
the bar receipts in excess of \$40
per day. A committee was named
to prepare a higher schedule of
hotel rates which will be put into
effect should the government insist
on imposing the tax.

Rev. J. Edgar Hill, pastor of St
Andrews Presbyterian church,
Montreal, succumbed on Friday
last to a paralytic attack which
seized him on Wednesday evening
after speaking at a missionary
meeting earlier in the day.

Federation of churches rather
than fusion, is the immediate duty
of the hour, according to the Pres-
byterian association for federal
union, and the question is to be
presented to many of the Presby-
terians before that time.

The inaugural meeting of the
association took place in Toronto
yesterday.

Despite the fact that he had
given "his old, bent mother" \$50
last summer, Joseph Vance was
sent to the Central Prison, Toron-
to for four months when it was
shown in police court that he had
assaulted and robbed James Mc-
Millan.

Emperor William's well-known
fondness for motoring has just
been shown by his ordering four
new automobiles from German
firms. With these additions to his
garage, His Majesty will have
thirty machines, including half a
dozen motor baggage trucks.

The Fredericton Mail says that
the Hon Mr. Labilloy who has
been a member of the Legislature
for the past three years has re-
tired from the Accounts Commit-
tee on account of ill health. His
place has been taken by Hon. Mr.
Robinson.

The first work towards the con-
struction of the \$700,000 plant for
the Atlantic Sugar Refinery has
begun. The contract for concrete
foundations of five large buildings
on ballast work has been awarded
and the manager and foreman of
the company are here making ar-
rangements for the progress of the
work.

Last Friday a pardon was re-
ceived for Mrs. Robinson who was
sent to the penitentiary for having
snatched the child of her
daughter, of whom her husband
was the father. She was released
and left for her home near Sud-
bury. She said she committed
the deed to save her family from
disgrace. Her husband is still in
prison for his share in the crime.

One hundred thousand bibles have
been ordered for general distribution
by the Gideons as the members of
the Christian Travellers Assn. of
America style themselves. The order
is said to be the largest ever placed
and it forms part of a national plan

room in the country.

The Bank of Nova Scotia has in-
creased its dividend by declaring a

The final curtain was drawn on the
last annual ball of the local Bartend-
ers Association in the Recorders
Court at Montreal, when Romeo
Lepine and Herbert Gingras, the two
men who were behind the bar when
the morality squad broke in on the
proceedings, were arraigned and
pleaded guilty to selling liquor with-
out a license. They were fined \$50
and costs.

Jewel robberies at London railway
stations are becoming so frequent
that the authorities agree that some
important action should be taken.
This week both the Euston and Wat-
erloo stations were scenes of robberies.
At the former a man had a wallet
containing hundreds of pounds worth
of jewels stolen, while at the Water-
loo station a lady who was waiting on
the platform had her handbag snatched
from her as she was talking to one of
the officials. It is believed that the
thieves dress like porters in order to
disarm suspicion and that they have
a cab in waiting, in which they escape
the cabmen being in the game.

The steamer Senlac that for
some time was engaged in the
South Shore service and latterly
on the Gaspe route will be sold at
auction at Dalhousie on April 5
unless disposed of by private sale
in the meantime. Built here in
1904 by the late David Lynch, the
steamer is practically a new boat.
She is 182 feet in length, thirty
three feet beam, and sixteen feet
deep. Her gross tonnage is 1011
and net 615. There are twenty-
six staterooms with sleeping ac-
commodations for eighty-two
people. On 'tween decks and in
the hold there is 25,000 cubic feet
of freight space. It is understood
that a number of offers have al-
ready been received for the Senlac.

Mr. Sydney Pascall, Hon. Sec-
retary of the London Liberal Fed-
eration, is spending a few weeks
in Canada looking into the pro-
gress made in free trade sentiment.
Mr. Pascall has been at Ottawa,
and after looking into methods of
party organization in Toronto,
with a view to comparing them
with the system in England and
adopting anything that may prove
of value, he will go to Winnipeg
and the west.

Mr. Pascall says that the next
great question in British politics
will be the home rule measure.
The Liberal Government is fully
determined to press the question
of local self-government for Ire-
land to a final issue.
