

MINARD'S
"KING OF PAIN"
LINIMENT

Extract from a letter of a Canadian soldier in France.
To MRS. R. D. BAMBERCK:
The Rectory, Yarmouth, N.S.
Dear Mother:—
I am keeping well, have good food and well protected from the weather, but have some difficulty keeping uninvited guests from visiting me.
Have you any patriotic druggists that would give something for a gift overseas—if so do you know something that is good for everything? I do—Old MINARD'S Liniment.
Your affectionate son,
ROB.

HYMENEAL

HAYDEN-CHAMBERS
A pretty wedding took place at the R. C. church, Chalmersford, Tuesday October 16th at 9 o'clock, when Miss Janie Teresa, daughter of Mr and Mrs Geo. F. Chambers of Marysville, became the bride of John P. Hayden. The ceremony and Nuptial Mass were celebrated by Rev. E. S. Murdoch. The church was prettily decorated with autumn leaves and candles. Miss Katie Harrigan, cousin of the bride, rendered the bridal music.
The bride looked very pretty in a brown serge suit and brown velvet hat and white furs. She was attended by her twin sister, Miss Julia who wore a wine colored suit black velvet hat and white furs. The groom was supported by his cousin, Peter O'Neill.
The groom's present to the bride was a pendant to the bridesmaid, a gold brooch and to the best man a stick pin.
After the ceremony the bridal party drove to the Miramichi Hotel, Newcastle, where they had dinner, returning in the evening to the groom's home, where a reception was held. A dainty tea was served to a number of friends and relatives of the contracting party. The dining room was decorated with potted plants and autumn leaves by young friends of the bride.
The large number of useful and pretty presents testified to the esteem of the young couple.
Mr and Mrs Hayden are both well and favorably known and have a host of friends who wish them a long and happy wedded life.

Blood-Making Medicine

It took centuries for medical science to discover that the blood is the life. Now, it is known that if the blood were always abundant, rich and pure, very few people would ever be ill. It was not until the end of the 19th century that an instrument was invented for measuring the red part of the blood. Then doctors could tell just how anaemic a patient had become, and with medicine to make red blood the patient soon got well.
All the blood in the body is nourished and kept rich and red by the food taken daily but when for any reason, a person is run down and cannot make sufficient blood from the food to keep the body in health, a blood-making medicine is required. The simplest and very best of blood-makers suitable for home use by anyone, is Dr. Williams' Pink Pills. When a course of these pills is taken their good effect is soon shown in an improved appetite, stronger nerves, a sound digestion and an ability to master your work and enjoy leisure hours. For women there is a prompt relief of, or prevention of ailments which make life a burden. As an all-round medicine for the cure of ailments due to weak, watery blood no medicine discovered by medical science can equal Dr. Williams' Pink Pills.
You can get these pills through any dealer in medicine, or by mail at 50 cents a box or six boxes for \$2.50 from The Dr. Williams' Medicine Co., Brockville, Ont.

LOGGIEVILLE

Loggieville, Oct. 16.—On Tuesday evening of last week, a social dance was held in the Temperance hall, under the auspices of the local band, and in connection with same, the Red Cross Society served a supper to aid its work. This combined affair proved a decided success financially and socially. A large number from Chatham and Douglastown were in attendance, despite the unfavorable weather condition. The evening was a most enjoyable one. The interior of the building was prettily decorated for the occasion.
Will J. Loggie is visiting his brother Ernest Loggie of Mulgrave.
Rev. J. J. Pinkerton of Chatham occupied Knox Church pulpit in the morning of the 14th inst.
Miss Morrison and Miss Johnston of Douglastown were recent guests of Mrs. A. L. Babbick.
Mrs. Will Kelly's many friends regret to learn of her very serious illness. Mrs. Kelly was taken to the Chatham hospital last week.
Mr. and Mrs. Will Hierlihy, accompanied by Mrs. J. W. S. Babbick, have returned from a visit to friends and relatives at Tabusintac. During Mrs. Hierlihy's absence from town, Miss Florence Harvey was organist of Knox Church.
A concert is being held in the Temperance hall tonight under the auspices of the local Red Cross Society, in aid of the British Red Cross society. James R. Johnstone has gone to St. John, where he has accepted a position.
Willard Hornbrook was called to Stenahaven this week, owing to the serious illness of his sister.
The weather of late has been extremely wet, causing considerable delay in the progress of potato digging. Last night's rainstorm was a severe one in this section of the country.
Mrs. Will Stymiest and nephews, Ernest Lee, are guests of Mrs. Ronald McDonald.

The Fall Weather Hard on Little Ones

Canadian fall weather is extremely hard on little ones. One day it is warm and bright, and the next wet and cold. These sudden changes bring on colds, cramps and colic, and unless baby's little stomach is kept right the result may be serious. There is nothing to equal Baby's Own Tablets in keeping the little ones well. They sweeten the stomach, regulate the bowels, break up colds and make baby thrive. The Tablets are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.
A branch of the Canadian Navy League, which succeeds and takes out the work of the British Sailors Relief Fund, has been organized in St. John.

Why Canada Needs More Money

UP to date the war has cost Canada about \$700,000,000.
Canada has spent in Canada over \$400,000,000 on her own account.
Canada has spent in Canada on behalf of Great Britain over \$300,000,000.
What Canada spends for Great Britain is really loaned to Great Britain and will be repaid or credited to Canada later on.

Great Britain needs so much ready cash to finance her own expenditures at home for herself and for our Allies that she must buy on credit from Canada, and from every other country where she can get credit.
Of course Great Britain's credit is so good that other countries, in order to get her trade, are quite as willing to give her credit as we are in Canada.
Canada wants to help Great Britain not only because Canada wants Britain's trade but because we are Canada and she is Great Britain—both members of the same great Empire, kin of our kin, our motherland.
For Canada it is both a filial and patriotic duty to supply Great Britain's war needs and remember, her needs are our needs. Also it is in Canada's self-interest to supply those needs and thus keep open a market for our products.

Now, Britain needs our wheat, our cheese, cattle, hogs, and many manufactured articles.
Canada also needs many of these things—between the two it amounts to more than a million dollars a day in cash.
And the producers must be paid in cash.
Neither Canada nor Great Britain could go to a Canadian farmer and buy his wheat or his cattle on credit.
The farmer and all other producers might be ever so willing to give their country credit but they could not do it because they have to pay cash for wages, for rent, materials, etc. They must be paid in cash, or its equivalent.
So Canada says to Great Britain:—"I will lend you the money so that you can pay cash to Canada's producers for what you want."
"I will borrow this money from our own people just as you borrow money from your people."
"I will also borrow from the people of Canada money to pay cash for all the products that Canada, as well as Great Britain, needs in Canada."
That is Canada's practical, patriotic part in helping to win the war.
Without this credit the Canadian producer could not sell to Great Britain, and without these Canadian products the war would be prolonged.
So it is necessary for Canada to give to Great Britain the credit in order that Canada's own producers, who need a market, will have one; and in order that Great Britain which needs the products to win the war, will get them.

OBITUARY

JAMES CAMPBELL
James Campbell of Napan, was found drowned near his home last Thursday night. He had gone in search of his cattle and not returning a search revealed his body in four feet of water in the Napan river. Deceased had been in poor health. Coroner Benson after an examination of witnesses and viewing the body decided that an inquest was unnecessary. Mr. Campbell was 63 years old.

REV. GEORGE B. GAUVIN
The death of Rev. George B. Gauvin, parish priest of Negusac, occurred at his home there Saturday after an illness of three months of paralysis. He was in his 60th year and had been ten years parish priest, coming from Quebec province, where he was ordained in 1888, at Nicolet. About two years ago he had an affection of the eyes from which he recovered sufficiently to perform his pastoral duties. He erected a fine stone church in his parish and had it free from debt. He was much beloved by all his parishioners, both French and English.

THOMAS SAVOY
Thomas Savoy of Negusac, about 30 years of age, was found dead in bed at his home Sunday morning. Deceased had been in poor health for some time. He was a son of the late Romane Savoy and is survived by his mother.

SOCIALISTS NO LONGER CONTROL RUSSIA.
Petrograd, Oct. 10.—The coalition cabinet absorbs the council of five which has held sway since the Korniloff revolt, nearly a month piloting the country through a perilous political crisis. This council of five apparently carried out Premier Kerensky's programme in full. It succeeded, in ending the Korniloff affair, except for some agitation on the part of radical councils of workmen's and soldiers' delegates. Seemingly it turned the democrat congress which was planned originally to overthrow the Kerensky government into a force of support.

The first session of the preliminary parliament will be called by the government probably next week. The new cabinet consists of six Socialists, four constitutional democrats and seven members from other parties.
