A Spring Tonic Greatly Increases Your Efficiency

Lay the Foundation of Good Health Now by Building up Your Blood and Strengthening Your Nerves

The old adage of building a tonic in the springtime, like most of the customs of our forefathers, is based upon sound common sense and sound medical practice. No matter how mild the winter is, it is a trying time for the human body. Many men, women, and children are not in the best of health when the spring comes. They have been through the winter months, and their bodies are weakened. They have been through the winter months, and their bodies are weakened. They have been through the winter months, and their bodies are weakened.

Shocking Case Of Matricide In Ontario

Mother Brutally Murdered—Son Said to be Religiously Insane

Bowmanville, Ont., April 1.—Mrs. Hannah Copeland was brutally murdered about nine o'clock this morning at her home in the village of Newtonville, ten miles from this town, and her son, Herbert Copeland, is in jail here on a charge of matricide. The crime was of a most shocking nature and the details are said to have been furnished largely by the accused himself. The dead body was lying in the back yard of the Copeland residence when High County Constable Richard Jarvis, of Bowmanville, arrived on the scene to make the arrest. In response to a telephone message from neighbors of the Copelands, they said they had witnessed the accused drag his mother's body out of the house into the yard.

The story told to the High Constable was that the son quarrelled with his mother over a pocket handkerchief of his which he declared she

had. When he failed to get it he made a vicious attack on her with a sharp bladed pocket knife, and slashed her abdomen. Then she attempted to run out of the house, but he seized an axe and struck her down with it. It is said that he then proceeded to disembowel her and cut her open as he might have done if butchering an animal, both the knife and axe being used in the operation. The entrails were cut out and thrown into the stove. Both of her arms were cut off and with the trunk of the body were placed beside the stove, with kindling wood around them. The kindling wood was lighted with the apparent purpose of destroying the evidence of the crime, but the fire was extinguished before this was accomplished. Then the mutilated body was dragged out into the yard.

Copeland is a farm hand and has lived in Newtonville all his life, although not with his mother lately. It is alleged that Copeland was religiously insane and had been acting strange for some time.

This Is Better Than Laxatives

One No. 12 Tablet Each Night For A Week Will Correct Your Constipation and Make Constant Dosing Unnecessary. Try It.

Poor digestion and assimilation mean a poorly nourished body and low vitality. Poor elimination means clogged bowels, fermentation, putrefaction and the formation of poisonous gases which are absorbed by the blood and carried through the body.

Ordinary laxatives, purges and cathartics—salts, oils, calomel and the like—may relieve for a few hours, but lasting benefit can only come through use of medicine that tones up and strengthens the digestive as well as the eliminative organs.

Nature's Remedy (N.R. Tablets) is a medicine that tones up and strengthens the digestive as well as the eliminative organs. It is a medicine that tones up and strengthens the digestive as well as the eliminative organs.

A bunch of travellers were standing around Moncton waiting for connections, when a youth who had been sitting them up, picked a lively one, winked mysteriously, and tapping his hip pocket, whispered: "Want to buy some tea?" He did and a consultation behind the station resulted in the exchange of \$3 for a promising-looking bottle. He tipped off four others and four other deals were put through. That night they prepared to make merry. The cork was pulled in No. 1, and at the first "swig," a look of "swigger" flashed across his face. "It is tea," he roared.

THICK, GLASSY HAIR FROM DANDRUFF

Girls! Try Danderine. It gets soft, fluffy and beautiful—Get a small bottle of Danderine.

If you care for heavy hair that glitters with beauty and is radiant with life; has an incomparable softness and is fluffy and lustrous, try Danderine. Just one application doubles the beauty of your hair, besides it immediately dissolves every particle of dandruff. You can not have nice heavy, healthy hair if you have dandruff. This destructive scurf robs the hair of its lustre, its strength and its very life, and if not overcome it produces a feverishness and itching of the scalp; the hair roots fall out, loosen and die; then the hair falls out fast. Surely get a small bottle of Danderine from any drug store and just try it.
