## Veteran Trapper Not Heard From For Some Months

Henry Braithwaite, veteran trapper, and probably the best known hunter's guide in America, has not been heard from for several months and parties of woodsmen are being sent into his hunting grounds on the Miramichi to see if any trace can be found of him.

"Last November 'Uncle Henry,' as he is familiarly known to scores of the most noted big game hunters and leaders in industry and business of Europe, as well as America, started alone from Fredericton for his camps on the Miramichi to spend the winter there trapping, and as had been his custom except under unusual circumstances, he refused to entertain suggestions that anybody should accompany him.

In all the weeks that have since passed, no living being has seen the 78 years old trapper, so far as known while mail which before leaving he ordered sent in January to a box he had placed at the point of his trapping trail nearest the settlements outside was still there a few days ago when investigators first commenced to look for the first guide.

Relatives at Fredericton seem to be about ready for the worst kind of news. "We cannot help but fear that if he had to go nothing would put him better than to have the end come in the woods, where he loved to be."

## Resolution

Passed by The Council of the Town of Chatham at its Regular Meeting, held March 1st, 1920

Whereas the Chatham Hospital during its fifty years of service in our midst supplied a work absolutely necessary to the progress and comfort of Northumberland and the towns of Chatham and Newcastle; and

Whereas in the charity of its founders the whole people of the County as a people have been relieved of many thousands of dollars in taxation that otherwise would have been necessary for the maintenance and nursing of the poor in time of affliction; and

Whereas Hospitals are necessary to the well being of every community and cannot be made to pay their way on a commercial basis and;

Whereas the Chatham Hospital is carrying a debt of some \$35,000 and is enabled to continue to serve the people only by the transfer of moneys received by the teachers from the classes in art, music, business courses and other branches of education in which they specialize; and

Whereas in this large and wealthy County there is no legitimate reason why this great burden of debt should not be lifted as a thanks offering after fifty years of uninterrupted and loyal service;

Be it Therefore Resolved that the Town Council instruct and authorize the Mayor of the Town of Chatham to call a meeting of the citizens for the purpose of devising ways and means of putting the Chatham Hospital on a sound financial basis;

And Further Resolved that the Mayor be instructed to send a special invitation to the Warden of the County of Northumberland and the members of the County Council and the Mayor of the Town of Newcastle and the members of the Newcastle Town Council to attend such public meeting with a view to making the appeal County wide;

And Further Resolved that this Town Council put itself on record as most heartily favoring this movement and most earnestly ask for the hearty co-operation of the Citizens of the Towns of Newcastle and Chatham as well as the Citizens of the Municipality of Northumberland.

**MISS M. H. LISTER DEAD**  
The sad news was received here this afternoon of the death at Columbus, Ohio, of Miss Millicent H. Lister daughter of Mr. and Mrs. Frank J. Sanders street.

Early this week word was received that she had undergone a serious operation at the Grant Hospital, one of the most exclusive institutions in the Middle Western States where she was engaged on the staff, but it was thought she was making a satisfactory recovery until a telegram came this morning stating that her condition was critical, followed by one soon after stating that she had passed away.

The deceased, who was one of Fredericton's most popular young ladies, had served overseas with the 54th Base Hospital, American Expeditionary Force, enlisting after her graduation from the hospital at Hartford, Conn., where she had studied nursing and completed a most successful course. Upon her return home from France last summer she underwent an operation here and when she recovered accepted an appointment at the Grant Hospital, Columbus, and had only taken up her duties in the Ohio city a few months ago.

Besides her parents, the late Miss Lister, who was aged 25 years is survived by one brother, Leland S. Lister, a student at the University of New Brunswick, and three sisters, Mrs. J. H. Ramsay, of this city, Miss Phyllis, of the Fredericton Post Office staff, and Miss Audrey, at home. Many friends in this city and elsewhere will learn with deep regret of the death of such an estimable young lady, who had during her short life won the esteem of all with whom she came in contact and had met with much success in her profession.

The remains will be brought here from Ohio for burial.—Gleaner.

## Verdict of Coroner's Jury in Death of Rogersville Man

The adjourned inquest into the death of Timothy LeBlanc, was concluded on the 5th day of March, before Coroner O'Brien at Rogersville and the jury's verdict was as follows:

The coroner's jury enquiring into the death of Timothy LeBlanc, victim of the accident on the 28th day of February last in the morning, with Coroner O'Brien presiding after hearing the evidence returned the following verdict:

We, the Jurors, empanelled to investigate the cause of the death of Timothy LeBlanc, hereby decide, that the above mentioned came to his death hit by train No. 2309 west bound at Tunnel Siding on February the 28th; we the jury, exonerate the crew of said train, being no fault on their part;

We however, find fault on the part of the C. N. Railway for not having necessary precaution at this dangerous crossing, in the way of having no signals for the protection of their own employees, who were under their own construction work. We decide unanimously that this crossing was in a very dangerous position and cannot understand why it is that the railway had no particular protection on such an occasion for their employees.

## Spiritualism And Religious Unrest

Mr. Editor:—The student of history, cannot help being aware that we live in a time of unrest and upheaval, in almost everything which man has to do. Taking everything into consideration, it is safe to say that the present time shows a greater unrest, nationally, socially, politically, and religiously, than any of which previous history furnishes record.

It is not my intention just now to say much of the other species of unrest, but rather to notice the religious aspect of affairs. This, however I venture to remark; that in the various species of unrest, with which the world is at present troubled, there is more of "the downward grade" than "the uplifting hand" and if the newspapers report aright — (Continued on page 4)
