Ten Tests Of A Town

A very well thought out list of
attributes of a Town, which
make it attractive has been made by
the Hon. J. H. King, chairman of the De-
partment of Journalism; in Kansas
University; and it appears in "Kan-
sas Municipalities."

The ten questions which are gener-
ally asked are given as follows:—

1. Attractiveness—Is it pretty and
well kept?
2. Healthfulness—Is it well man-
aged.
3. Education—What are the facili-
ties.
4. People—Are the residents good
citizens.
5. Recreation—What is provided.
6. Living—Is this expensive.
7. Accessibility—Is it easy reached
from other towns.
8. Business—Are there good op-
portunities for investment.
9. Employment—Are there pros-
pects of employment.
10. Progressiveness—Is it going
ahead.

It concludes: "You cannot control
the climate, naturally scenery nor
historic associations of your town;
measure up to the standard that
will be applied to it by intelligent
townbuyers get busy and help make
it measure up. The first big job, or
a town salesman is to see to it that
his community is right."

REMEMBER THE BIRDS

Remember the birds! Also re-
member that the same howling winds
that caused you to turn up your
coat collar makes it practically im-
possible at this time of the year for
these feathered friends to obtain
much food. Ground that is frozen and
barren; shrubbery that is bare of
berries; and bird baths pools that are
now firm ice offer little in the way
of food or drink for these associates
who help to save our crops and
our grain and spread their song so
cheerfully. Why not scatter a few
bread crumbs in some sheltered spot
in the yard? Why not set out a pan
water now and then? An apple or
a piece of suet tied to a shrub would
be welcome. You will feel amply re-
paid when you see the little fellows
feast on your refreshment. Re-
member the birds!

IS YOUNGEST OFFICIAL
OF CANADIAN PACIFIC

LEO SOLLOWAY

Leo Solloway, recently appointed
Asiatic Freight Agent of the Cana-
dian Pacific Railway with office at
Montreal and supervision over Ori-
ental and Australasian traffic via
Pacific Ports.

Born in Vancouver in 1895, Mr.
Solloway has the distinction now of
being the youngest official in Cana-
dian Pacific service, a distinction
which he has won through fourteen
years' service in the freight depart-
ment of the Company. He com-
menced work as stenographer in the
steamship department of the General
Freight office in Vancouver in 1910,
and remained in that department
until 1915 when he enlisted for active
service with the 72nd Highlanders.
He returned from overseas in the Fall
of 1917 and was attached to the
steamship export department in Van-
couver until 1918 when he was loaned
to the British Ministry of Shipping,
acting as assistant to the agent of the
Ministry at the Pacific port.

In June 1919, Mr. Solloway went
to Montreal as chief clerk to the
Asiatic Freight Agent. Two years
later he was appointed chief clerk to
the General Foreign Freight Agent,
and last May appointed as Acting
Asiatic Freight Agent which office
has been confirmed by promulgation.

MISERABLE AND
ALWAYS IN PAIN

Lydia E. Pinkham's Vegeta-
ble Compound a Dependable
Help for Mothers

Port Greville, Nova Scotia.—"I took
your medicine for a terrible pain in my
side and for weakness and headaches. I
seemed to bloat all over, too, and my
feet and hands were the worst. I am
the mother of four children and I am
nursing my baby—the first one of four
I could nurse. I took Lydia E. Pink-
ham's Vegetable Compound before the
baby's birth, so you can see how much
it helped me. I cannot praise it too
highly for what it has done for me. I
took all kinds of medicine, but the Veg-
etable Compound is the only one that
has helped me for any length of time.
I recommend it to any one with troubles
like mine and you may use my letter for a
testimonial."—Mrs. ROBERT McCULLLEY,
Port Greville, Nova Scotia.

Before and after child-birth the mother
will find Lydia E. Pinkham's Vegetable
Compound a blessing.

Many, many letters are received giv-
ing the same sort of experience as is
given in this letter. Not only is the
mother benefited, but these good results
pass on to the child.

No harmful drugs are used in the
preparation of this medicine—just roots
and herbs—and it can be taken in safety,
by the nursing mother.

86 out of every 100 women reported
benefit from its use in a recent canvass
among women users of this medicine.

G. F. Goad Is
Warden Of Mari-
time Penitentiary

George Thomas Goad has received
the appointment as warden of the
Dorchester Penitentiary from the
Civil Service Commission; effective
from Feb. 1. Mr. Goad joined the staff
of the institution in 1919 as guard;
was promoted to warden's secretary
then to storekeeper and has been act-
ing warden for one and a half years.
He served in the World War as a pri-
vate and was promoted on the field to
captain. Mr. Goad has shown excel-
lent administrative ability and special
capacity for prison work and is the
youngest warden in the service.

Bathurst Chief
Of Police Decides
To Remain

Chief of Police Gilker of Bathurst
who tendered his resignation to the
Town Council; has decided to remain
At a special meeting the Council as-
sured him of their co-operation. La-
gare Russell, of West Bathurst; was
appointed to the position of police-
man.

Old Age Pension
Legislation
This Session

The government has "under con-
sideration" the introduction of leg-
islation on old age pensions; the Prime
Minister stated in the House of Com-
mons in answer to T. L. Church Con-
servative; North Toronto. Mr. Church
asked if any steps were to be taken in
view of the report of the committee
on old age pensions which was made
last session.

Here and There

Rex Beach, the eminent American
author, was recently in New Brun-
swick as a guest of W. G. McIntyre.
On leaving for his home in the
United States at the conclusion of
his visit, Mr. Beach expressed him-
self as a strong booster for the
hunting and fishing possibilities of
the province, charmed with its
scenic beauties, delighted with its
people and solemnly proposing to
return with his gang next year.

The largest and one of the most
valuable shipments of foxes ever
to pass through Montreal, Que., by
Dominion Express Company, was
handled by that organization re-
cently. There were 35 animals in
the shipment, valued at \$17,000,
30 being silverback foxes and the
rest black foxes. The former were
destined for exhibition at Minneap-
olis, while the latter went to dif-
ferent points in the Canadian West.

The Eastern International Dog-
Sled Derby, which was so success-
ful last year, will again be held at
Quebec in 1925, the dates set being
February 19th, 20th and 21st. As
on former occasions, the distance to
be covered will be 120 miles, at an
average rate of 40 miles a day.
Earl Bridges, Le Pas, Manitoba,
now holds the handsome trophy
awarded for the race and is ex-
pected to defend his honors. Many
teams are already working out.

A decided acquisition to Trois Ri-
vieres, Que., is the new Canadian
Pacific Railway station, which was
opened there on November 8th. The
building is Italian in design. Rose
and Macdonald, of Montreal, were
the architects. Remarkable speed
was made in the construction, as
the contract for the work was only
signed on June 2nd last. The open-
ing ceremony was performed by
Grant Hall, vice-president of the
company, in the presence of many
notables.

Three moose and one deer was the
total bag of W. B. Leeds, jr.,
young American multi-millionaire,
and his friends, Nils Florman, Al-
bert Hopkins, Paul Smith and Mor-
timer Davis, jr., as the result of
their recent hunting trip into the
Kipawa district. The leader of the
party expressed himself as delig-
hted with the results, as he had not
hoped for such luck. Great quanti-
ties of game of all kinds were
seen.

That the Land of Evangeline
(Nova Scotia) now ships over 2-
000,000 bushels of apples abroad
annually was the recent statement
of F. G. J. Comeau, general freight
and passenger agent, Dominion At-
lantic Railway. A number of Brit-
ish apple growers and buyers are
at present putting large tracts of
land under fruit. With the apple
growing industry increasing from
year to year, at the rate of two to
three hundred per cent per decade,
only twenty per cent of the orchard
land available in the province is
yet under fruit.

Perhaps the most remarkable,
certainly the first aerial stowaway
in history was discovered by Pilot
Caldwell of the Laurentide Air Ser-
vice, operating in the neighborhood
of the Rouyn gold-fields, the other
day. Caldwell, on rising for a long
flight, found his machine so badly
balanced as to be almost unman-
ageable. Cigarette butts and other
clues led to the uncovering of the
extra weight, which turned out to
be a miner. As the man had taken
this cheap but decidedly dangerous
way of reaching civilization in or-
der to see his sick wife, he was not
detained or punished.

Here and There

A party of 50 Australian boys
will be the guests of the Exhibition
at Toronto from August 30th to
September 3rd. They are public
school boys from all parts of Aus-
tralia and their visit to Toronto will
be made on their way home from
the British Empire Exhibition.

British Columbia is now the third
manufacturing province of Canada,
with 2,673 manufacturing estab-
lishments, over 41,000 employees,
invested capital amounting to near-
ly \$225,000,000 and a value of
products of approximately \$260-
000,000, according to Government
statistics.

New Brunswick in 1923 produced
more coal than at any other time
in her history. The output for the
year exceeded that of 1922 by more
than 12,000 tons and amounted to
251,091 long tons. It is estimated
that this industry creates a value
of over \$1,100,000 annually, most
of which goes out in supplies and
wages for the benefit of the
province.

What will probably be the last
big round-up of horses in the West
will take place shortly in the range
country south-east of Calgary, Al-
berta, for the purpose of clearing
the range of stray horses. The
horses will be gathered in one cen-
tral corral, where owners may
claim their animals. It is antici-
pated that about 10,000 animals
will be secured. The Department
of Agriculture is supervising the
arrangements.

Unsolicited praise from prominent
citizens and the press of Alberta is
given the Canadian Pacific Railway
in connection with the Company's
recently announced branch line con-
struction program, affecting the
southern portion of the province.
C. R. Mitchell, member of the Pro-
vincial Legislature for Bow Valley,
describes the announcement as the
most important made in many
years.

"Perhaps the most noteworthy
fact we discovered was the vastly
improved psychology of the people
of the west to that which existed
a year ago," commented E. W.
Beatty, President of the Canadian
Pacific Railway, on his return from
a recent inspection of the Com-
pany's property. "They are full of
hope and confidence and realize, as
the east should realize, the tremen-
dous benefit to the whole of Cana-
da of a second consecutive large
harvest."

The number of big industrial un-
dertakings projected for immediate
construction on the coast of Brit-
ish Columbia provides a striking in-
dication of how that province is
going ahead. A \$400,000 logging
railway up the Shehalls River Val-
ley, a \$1,000,000 pulp plant at Che-
main, a \$200,000 amusement cen-
tre at Victoria and a \$200,000 saw-
mill at Port Coquitlam, with about
\$10,000,000 in power plants in the
Seave Lake District are, some of
the more important and a host of
smaller projects are also under way.

Practically all Canada's produc-
tion of newsprint for export in
March was absorbed by the United
States. Of March shipments
amounting to 127,583 tons valued
at \$9,756,530, the United States re-
ceived 125,848 tons, valued at 9-
617,823. The only other Canadian
exports of newsprint of importance
were 599 tons to South Africa and
1,037 tons to New Zealand. It is
expected that April shipments will
show an even greater proportion
of consignments to the United
States.

The concentration camp for emi-
grants to Canada and the United
States maintained by the Canadian
Pacific Railway and other steam-
ship companies, is located at South-
ampton, England. It has an aver-
age daily attendance of 600 and,
on some days, the number is about
1,000. Comfortable quarters and
meals at moderate cost are provid-
ed and features of the camp are
the special dining-room for Jewish
passengers, the private shower
baths, with towels and bathing
gowns supplied and the individual
rooms which are also available.

When laden tables challenge

Wherever the neighbourhood gathers to eat—
church socials, anniversary suppers, picnics—is
yours the baking people ask for? Are you proud of it?

Bake with Quaker Flour—and your bread, cakes
and pastry will always bring you fame among the
cooks of your community.

Quaker Flour
Always the Same—Always the Best

Deal with the dealer who sells Quaker Flour. If you
do not know his name, write us and we will direct you.

A product of The Quaker mills, Peterborough and Saskatoon
