WHY should I buy a roofing that
needs to be painted every lit-
tle while to keep it tight,
when for the same money or less, I
can buy AMATITE which needs no
painting?

The outer surface is composed of
real mineral matter, which makes
painting unnecessary.

With an Amatte Roof on your
building you end your roofing trou-
bles. When you buy a roofing that
requires frequent painting you begin
them.

Smooth roofings that require paint-
ing are a nuisance and an expense.
When you buy them, you buy trouble
—not protection.
