

The ALBANIAN ADVANCE

Italians Carry Positions to a depth of 15 Miles. Germans Bitterly Curse Their Sub Campaign Berlin Going Barefoot.

ADVANCE ON ALBANIAN FRONT.
 WASHINGTON, July 11. An official despatch from Rome reports the unbroken advance of the Italians in Albania with Berat as an objective. From the Vosga the Italians have carried all positions to the Semni in an advance of approximately fifteen miles over a fifty mile front.

CONTINUE ADVANCE.
 LONDON, July 11. Italian troops in their offensive in Albania continue to advance, says a despatch from Rome to the Central News Agency. The Austro-Hungarians are falling back on the Skumbi River, 25 miles north of Berat.

ENEMY DRIVEN BACK.
 ROME, July 11. Italians advanced positions at Cor-nore on the Aslago Plateau yesterday drove back the enemy detachments, says the official report to-day. Artillery fire was lively in the Brenta valley. On the rest of the front there were the usual reconnoitering and harassing actions.

SUB. WARFARE UNSATISFACTORY.
 WASHINGTON, July 11. Dissatisfaction in Germany over the work of the subs, has not been lessened by the recent optimistic statement of Admiral Von Capelle, says an official despatch to-day from Switzerland. In this connection the Cologne Volks Zeitung says: "We hear it said all round that the results of the sub. warfare are becoming less satisfactory every week or else that more subs are being sunk than we can construct. This sub. warfare is even cursed, doubtless because it has contrived to bring into action the redoubtable American intervention."

AMSTERDAM.—The Cologne Volks Zeitung, in a leading article depicting pessimism over the sub. campaign, says that if some particular months the sinkings of U-boats exceeded the new construction of those craft, the odds are only exceptional. It is certainly true, the paper says, that previous estimates by the Imperial Admiralty as to how England could hold out have proved too optimistic, but that fact does not justify the conclusion that the U-boat war will fail.

PROTEST TO GERMANY.
 STOCKHOLM, July 11. Representatives now in Copenhagen of the Estonian Diet and Government have sent a strong protest to Germany against Germany's occupation policy and oppression in the Baltic provinces. The declaration concludes with a bitter protest against Germans plundering the country and seizing foodstuffs to such an extent that the native population is left to starve, while German soldiers are allowed daily to send double rations to Germany.

SAVING SHOE-LEATHER.
 LONDON, July 11. We warn you to go barefooted, is a notice to the Berlin public, published by the German Clothing Department, as quoted in an Exchange Telegraph despatch from Amsterdam to-day. We notice, continues the warning, that recently many people have been going about shoeless and stockingless. This is a holy example which everyone must follow. Unless our stocks of wool are to go to waste the practice

APPEALS REJECTED.
 PARIS, July 11. The Court of Cassation to-day rejected the appeals of the men convicted in the case of the Germanophile paper Bonnet Rouge.

SCRUTINIZING CERTIFICATES.
 LONDON, July 11. The British Government proposes to bring under review the certificates of naturalization granted during the war, Sir George Cave, Secretary for Home Affairs, said to-day. It was also proposed that no person not a natural born British subject should be allowed to change his name without a license from the Home Office the Secretary added.

HOUSING CORPORATION.
 WASHINGTON, July 11. The Department of Labor to-day announced the creation of the U. S. Housing Corporation, incorporated under the laws of New York, which would take over virtually all of the functions now being performed by the Department's bureau of industrial housing and transportation. All the stock is held by Secretary Wilson on behalf of the United States, except one share allowed each to Otto Modiletz and Geo. G. Box, President and Treasurer respectively of the Corporation.

FRENCH NEWSPAPER MEN PUNISHED.
 PARIS, July 11. Seven men were convicted of various degrees of offence in the trial of the defendants brought before a court martial for their part in aiding enemy propaganda through the publication

of the suppressed paper Bonnet Rouge, chief among them was Dural, director of the paper; he was sentenced to death by the court martial, for treason. Marlon, the assistant manager, received a sentence of ten years' imprisonment with hard labor. St. Jacques Ladau, a reporter, received 5 years' hard labor. Yocasson, who acted as a messenger for others of the defendants, received two years in prison and a fine of 1,000 francs, but his sentence suspended. Golsky, another messenger, was sentenced to eight years hard labor and military degradation, while Jean Leymarie, former director of the Ministry of the Interior, and later head of the Secret Service, was sentenced to two years in prison and fined 1,000 francs.

BRITISH OFFICIAL.
 LONDON, July 11. We improved our positions slightly during the night east of Villers-Bretonneux. Yesterday afternoon and last night several raids in which we captured successful prisoners and a machine gun, were carried out by us in the neighborhood of Merris and Festubert. The hostile artillery has shown some activity against our positions astride the Somme.

GERMAN CAMOUFLAGE.
 WASHINGTON, July 11. Germany has revoked an important army order issued many days ago for the despatch of twelve divisions to the Italian front from France, according to a cable to the Italian Embassy to-day. The report is from Swiss sources and the Italian command suggests that it may be false and a movement to detract attention from the Italian operations.

ITALIAN GENERAL KILLED.
 LONDON, July 11. The death of General Fedini, Commander of the 23rd Italian Army Corps, which fought brilliantly in the Piave operations, was reported in an official despatch to-day from Rome. He was killed by a bursting shell while motorizing to inspect positions at the front.

BRITISH AIRMAN KILLED.
 LONDON, July 11. Major Jas. B. McCudden, the British star airman, who is credited with bringing down fifty-four German machines, was accidentally killed while flying from England to France on Tuesday. He fell on the French coast. Major McCudden had won the Victoria Cross and many other rewards for distinguished service. He was a mechanic at the beginning of the war.

WINDING UP ENEMY BANKS.
 LONDON, July 11. Speaking in the Commons to-day the Home Secretary, Sir George Cave, announced that the Government intended to apply to the Courts for an order to wind up the business of enemy banks. Legislation would be introduced by the Government, he added, which would make it impossible for a period of years after the war to open any enemy banks in the country.

U. S. MILITARY PROGRAMME.
 WASHINGTON, July 11. In response to a request for postponement of the July draft call in the northwest, where wheat is ready for harvest, the Provost Marshall General Crowder, has informed the Department of Agriculture that the military programme will not permit delay in filling the monthly demand for drafted men.

POLICY TO BE CARRIED OUT.
 LONDON, July 11. Premier Lloyd George said the propositions laid down by Home Secretary Cave should be carried out vigorously and with firmness.

VICTORY FOR BOLSHEVIK.
 LONDON, July 11. Bolsheviki forces have taken the offensive against the Czech-Slovak army in the Volga region and the Government forces have won a great success, says a Russian official statement received here by wireless to-day from Moscow. The Czech-Slovak forces in Siberia are reported to be retreating before a counter-offensive of the Bolsheviki. The statement which was sent out by the Department of Militia of the People's Commissariat, reads: Czech-Slovak front—After preparations for an offensive our troops have reached a great success. Almost without loss we took Czysran (70 miles south of Sim Birak) and Bugulja (10 miles southwest of Ufa.) The Czech-Slovaks and White Guards fled in disorder. In the direction of Samra, we are reaching Stavropol (in Caucasia), Yaraslov (160 miles northwest of Moscow) and Ribinsk (52 miles northwest of Yaraslov). An armed train has violently shelled towns occupied by the White Guard, who are fleeing in panic over the Volga. The detachments led to Ribinsk, where they tried to raise a mutiny. Measures have been taken against them.

Diocesan Synod.

AFTERNOON SESSION.

The Synod opened at 3.45, the Lord Bishop presiding. After prayers the roll was called when 26 clergy and 12 lay delegates answered to their names. Minutes of last session read and confirmed.

Canon Bolt gave notice of the Suspension of the Rules for the remainder of the Synod.

Rev. A. G. Bayly moved the following resolution which was carried by a standing vote:—
 "The Synod begs to extend to His Lordship and his family and to all who have contributed to the triumph of right by the sacrifice of gallant sons and relatives an expression of deep sympathy and regard."

On motion of Mr. Watson the amendments of Chaps. XIV. and XVIII. of the Constitution and Rules passed through the various stages and will be disposed of to-morrow.
 Pursuant to notice Mr. Hodder presented the following resolutions re the work of Lay Readers which after some little discussion passed:—
BE IT RESOLVED.—That it be an instruction to the Executive Committee of the Synod that all Missions and Parishes of the Diocese be notified that they are expected to provide suitable Sermon Books for the use of the Lay Readers;

BE IT FURTHER RESOLVED.—That a Committee be appointed by His Lordship the Bishop to consider ways and means of making the work of the Lay Readers more effective and more productive of good.
 House rose at 5.20.

EVENING SESSION.

House resumed at 7.30, with the Bishop presiding. After prayers and roll call Canon Bolt read the Report of the Select Committee on the Church of England Colleges, and after a long and protracted discussion the whole subject was referred back to the Committee for further consideration.

During the debate the President of the British and Foreign Bible Society, the Rev. Canon Bolt, introduced a deputation consisting of the Rev. Dr. Bond and Rev. Gordon Dickie. The Synod, standing, gave them a hearty welcome which was supplemented by the Bishop. Rev. Gordon Dickie in speaking of the grand work of the Society all over the world emphasized the fact that the root of all true culture is religion and that the Bible is the fountain upon which is built the greatness of the nations. The British Empire stands for all this, and if she remains true to God and the Bible she will win greater victories not only for the Empire but for the King of Kings and Lord of Lords. Rev. Dr. Bond prefaced his remarks by the fact that the foundation upon which is built the greatness of the nations. The British Empire stands for all this, and if she remains true to God and the Bible she will win greater victories not only for the Empire but for the King of Kings and Lord of Lords.

His Lordship the Bishop thanked the Deputation for their words, and mentioned the fact that the Anglican Church placed the highest value on the Bible, four-fifths of our Liturgy being made up of Scripture. The Bishop's earnest remarks with the addresses of the Deputation were highly appreciated by the members of the

So Say We All.

The following letter is self-explanatory and needs no other comment. To Mr. Hennebury and his gallant soldier son, the Telegram offers heartfelt congratulations. Such heroic conduct as displayed by Pte. Hennebury and another, whose name is not given, may well be classed among the deeds that won the Empire.

Dear Sir,—
 The following extract from Honours and Awards is quoted in connection with the deed for which No. 461 Private Alexander Hennebury won the Military Medal.

"On the evening of the 9th October, 1917, the Transport were taking rations to the Battn. in the front line, when a shell burst among them killing the Transport Officer and four of his men and wounding another. Pte. Hennebury and another, notwithstanding difficulties from shell fire, safely delivered the rations at Brigade Hqrs." 9/10/17.

I wish to congratulate you on the conduct of your son which reflects credit, not only on himself, but on his Regiment.
 Yours faithfully,
 W. F. RENDELL, Lieut.-Col.,
 Chief Staff Officer.

has led many a suffering person to neglect the treatment of piles. The itching, stinging sensations produce the keenest distress. The thought of a surgical operation brings mental anxiety which undermines the general health.
 Relief can always be obtained by the application of Dr. Chase's Ointment, and in most cases persistent treatment brings about complete cure. This ointment is worth trying when you think of the comfort to be obtained.

Pen and Ink Sketch.

Tuesday morning the Hon. John Anderson received from his son, Lt. H. E. Anderson, a very interesting souvenir in the shape of a pen and ink sketch by J. H. Dowd, the famous "Punch" artist. The sketch, which is about 15 inches long by 10 inches wide, contains the heads of the various gentlemen who were present at the presentation of medals to the Royal Newfoundland Regiment, at the 3rd London General Hospital, Wandsworth, London, on Thursday, June 20, 1918, by Hon. J. R. Bennett, Minister of Militia of this country. The gentlemen present, and whose heads are reproduced on the sketch, are as follows:—Colonel H. E. Bruce-Porter, C. M. G., Hon. W. F. Lloyd, Premier; Hon. J. R. Bennett, Minister of Militia; Major Timewell, Lt.-Col. R. A. Berners, D.S.O.; Sir A. D. Steel-Maitland, Bart., M. P.; Lord Morris and Major Sullivan. Those who have examined the sketch are surprised at the life-like appearance of the men most intimately known to Newfoundlanders, Lord Morris, W. F. Lloyd and J. R. Bennett. The sketch will be added to the already crowded and interesting art gallery of the possessor.

From England.

Mr. Edwin Murray, who for some years, has been in England, arrived by Sunday's express. He has come in the interests of his firm. Mr. Murray reports that the people of England, although under many privations and heartily sick of the war, are nevertheless determined to carry it to a successful finish. It is felt there that the Germans have shot their last bolt, and that the tide will soon turn in our favour.

PLAGIARISED AND OTHERWISE

RED LIONS DEFEAT CUBS.

The fans who witnessed last evening's exhibition between the Red Lions and Cubs, sure will not miss another game this season. From "Play Ball" right through the whole eleven innings, there was something doing all the time.

We do not want to brag, but take it from us that not one of the spectators last evening ever before saw a more exciting contest.

There was a record breaking attendance, and the uproar and fever of excitement at times ran so high as to be perfectly deafening.

While Hall was the losing pitcher, he nevertheless had the greater number of strike-outs—15—and right through the whole game pitched marvelous ball.

Cooney, the Red Lions slab artist, (and right here we want to remark that he certainly is some "artist") relied more or less on his own ingenuity and the ability of his fielders, who certainly did not fail him.

While it would appear to be discriminating in attributing especial praise to any one player, still we cannot help thinking what would have happened if "Billy" Duggan had missed that double play of his in the 10th inning, or Cy Jenkins misjudged the Demon's long fly.

In the 10th inning Claude certainly went a long way towards winning his own game with a beautiful three bag-

ger, and it was here that Duggan as Jenkins got in their good work.
 Joe Murphy plugged out a fine two base hit and our friend "Art" pulled out a two-some just when it was needed. "Art" has a habit of doing that sort of thing, you know!

Double plays were pulled by Qui and Hiltz; Duggan and Kieley as Joe Murphy, unassisted.

The umpires, who were kept alive on the move, were Messrs. Chessm and Ryan.

The scorers, who were perching; the finish, were Messrs. Keegan as Mullings.

The score by innings is as follows
 Red Lions . . . 1 0 0 1 0 0 0 0 2
 Cubs 0 0 0 2 1 0 0 0 0 0
 The detailed account by Innin will be published in to-morrow's Column.

This finishes the first round games, and the standing of the Club is as follows:

Club	W.	L.	Av.
Wanderers	3	2	1 .58
Cubs	3	2	1 .66
B. I. S.	3	1	2 .33
Red Lions	3	1	2 .33

Discusses Housing Problem.
 Presided over by W. Linegar, the Coopers' Union held a special meeting last evening, to discuss the housing scheme, and the Hon. John Anderson, who was present by invitation, clearly explained the plan, and offered to explain any point raised. Although no questions were asked, Mr. Michael Healey expressed his opinion on the matter. Following the withdrawal of Hon. Mr. Anderson, the members of the Union enthusiastically decided to give their full support to the scheme.
