Forty Years in The Public Service - The Evening Telegram.

Winter is Coming.
Already the chilly days of Autumn are here, and you should not risk the chance of catching cold in a house where the fires die out, or where a great delay of time is necessary to start them on a frosty morning. A little Gas Heater, Gas Grate, or steam radiator will furnish you with just as much heat as you require, and just as little, by simply turning a tap.
We have Radiant Fires, Chimney-Chaers, Set-In-Grates, Steam Radiators, and appliances to suit all requirements of the Home.
