It is believed the German steamer found-
ered.

The collision occurred in a fog. The
Linsmore Castle was proceeding slowly at
the time she struck the unknown steamer
on the quarter. The 250 passengers aboard
the Linsmore Castle showed no signs of
panic at any time, but they were very
anxious during the seventeen hours which
it took the steamer to reach Plymouth.

The steamer with which she collided was
visible for only a moment. The Linsmore
Castle remained in the vicinity for some
time, but heard no shouts for help. It is

English Vessels Intended for Japan
Fly the Spanish Flag.

Denmark Has a Grievance Against the
Japanese.

UNDER THE SPANISH FLAG.

LONDON, Aug. 6.—Two fast vessels left
England Saturday flying the Spanish flag,
and another will follow in a few days. The
three vessels are partly fitted out as cruisers
and will be transferred on the high sea to
the Japanese Government. All munitions
of war now loading for China and Japan
clear under Spanish and Portuguese flags.

FRENCH EXPLORER MURDERED.

TIENTSIN, Aug. 6.—Jules Doitrenil de
Rhynes, the eminent French explorer, has
been murdered at Tibet and his body
thrown into the river. The French envoy
to China has sent the protest to the Govern-
ment demanding the return of the body,
and also that the Chinese Government
make an apology for the occurrence and
provide proper compensation to the family
of the murdered man.

THE CHINESE TREATY PORTS.

LONDON, Aug. 6.—Ed. Gourlay, Liberal,
for Sunderland, questioned the Govern-
ment in the House of Commons today as to
the intentions of the Japanese Government
regarding the Chinese treaty ports. Sir
Edward Grey, Under Secretary of the
Foreign Office, said Japan had promised
not to attack Shanghai, and China there-
upon had pledged herself not to obstruct
the approaches to that port. In response
to another question Sir Edward said he did
not know present whether or not coal
would be contraband of war.

DENMARK HAS A GRIEVANCE.

SHANGHAI, Aug. 6.—Denmark has de-
manded the release of Herr Muhlewadt,
a passenger on the dispatch boat Iaso Kiang,
which was captured by the Japanese July
25. While the Japanese Minister, accom-
panied by his suite and the Japanese con-
sul, were leaving Tien-Tsin on Aug. 3 they
were attacked by a crowd of Chinese
soldiers, who seized their baggage and
threatened them with personal damage,
but Li Hung Chang sent a force of troops
to the scene.

A NEW JAPANESE MINISTER.

WASHINGTON, D. C., Aug. 6.—A telegram
was received from the Japanese legation to-
day announcing the appointment of Shi-
nichi Kurino, chief of the diplomatic
bureau of the department of Foreign
Affairs to envoy extraordinary and
minister plenipotentiary to the United
States.

Mr. Kurino was one of the students sent
to this country by the Government of
Japan twenty years ago when that Govern-
ment decided upon the policy of sending her
young men abroad to study in colleges and
universities of Europe and America. After
mastering the English language he studied
law at Harvard College. His abilities and
characteristics are recognized not only by
his own Government, but also by the
officials of the foreign governments whose
duties have brought them into contact
with him.

The recent announcement from Japan
that Kentaaro Kaneko would be appointed
to succeed Minister Taneno was premature.

LI HUNG CHANG IS ALL RIGHT.

LONDON, Aug. 6.—A dispatch to the
Central News from Tien-Tsin says Li Hung
Chang continues to direct the war opera-
tions of the Chinese. Today he received
the newly arrived troops. The absence of
his yellow jacket was the subject of much
remark.

Li Hung Chang has sent a message to the
Japanese Minister expressing regret for the
treatment to which the Minister was sub-
jected in Tien-Tsin, and promising that the
offending Chinese soldiers will be punished.
The soldiers abused and derided the Min-
ister and threw mud and stones at him.

"A telephone line has been established
between Taku and Tien-Tsin. The com-
mander at Taku has prepared to block the
Pei Ho on short notice. The laying of the
torpedoes continues. All competent men
in the training schools have been drawn for
service in the various warships."

The Shanghai correspondent of the Cen-
tral News telegraphs: "Yesterday's re-
port that there had been another engage-
ment off the Korean coast, in which three
Chinese warships had been captured by the
Japanese, is not credited here. The Chinese
northern fleet remains in Weihai-Wei, and
no Chinese transports have recently ven-
tured to sea."

The Russian troops north of the True-
men River have been re-enforced.
Several Japanese transports escorted by
warships have been sighted in the Yellow
Sea. It is presumed that they were bound
for Chemulpo.

Letters from Hankow, where there are
only 80 Europeans, say that great anxiety
prevails among the foreigners lest anarchy
should break out among the natives in the
event of a disaster to the Chinese forces.
All of the male Europeans have enrolled as
volunteers. Uneasiness is felt also in
Chin Kiang, Huhu, Tohang, and other
places.

LOSS \$3,500,000.

LONDON, Aug. 6.—The Shanghai corre-
spondent of the Times telegraphs: Li
Hung Chang expects that England will
claim compensation for the relatives of the
Kow Shing victims, and for the owner of
the vessel and cargo. He estimates the
indemnity due China for the sinking of
Kow Shing at \$3,500,000.

Prof. Thomas E. Holland, an eminent
authority on international law, has written
a long letter to the Times concerning the
Kow Shing affair. He contends that when
the Kow Shing was sunk a state of war
existed. The flying of the British flag,
he says, whether a ruse or other-
wise, is immaterial. The Kow Shing was
clearly part of a hostile expedition
which the Japanese were entitled to pre-
vent from reaching its goal. The officers
having been duly freed, no violation of
neutral rights occurred. No apology is due
Great Britain, nor have the owners of the
vessel or the relatives of the lost Europeans
any claim.

Ball Grounds Burned Over.

PHILADELPHIA, Aug. 6.—A fire attrib-
uted to lighted cigarettes carelessly thrown
under the grand stand, on the ball grounds,
caused a loss of \$150,000; insurance
\$100,000.

The grand stand and bleachers cost
\$70,000, and they are totally destroyed.

The two games scheduled for this afternoon
between the Philadelphia and Baltimore
clubs were postponed. The next scheduled
game for Philadelphia is on Saturday with
Washington, and during the interim some
arrangement will probably be made for the
leasing of the old Brotherhood grounds.

The loss is divided as follows: Phila-
delphia Baseball Club, \$70,000; Omnibus
Company's stables, \$20,000; adjoining
property, \$10,000. The insurance of the
ball club is \$15,000, and the other losses
are fully covered.

A WHITE SLAVE.

Strange Story Told by Samuel Ensign,
of Valparaiso, Ind.

VALPARAISO, Ind., Aug. 6.—Samuel En-
sign, who left this city 21 years ago to
make a trip as engineer of an ocean
steamer, returned to this city today and
tells a strange story of his absence.

The vessel in which he shipped went to
Cuba, where the captain got into trouble with
the authorities and the crew were seized by
the Spanish. Ensign was thrown into a
cell in an old Government prison, where he
was kept prisoner for twelve years, when
he was kept out and given to a prominent
Catholic priest as a body guard and ser-
vant, and for nine years he was a slave.

The priest, with Ensign as a valet,
started on a year's tour, arriving in New
Orleans about a month ago, when Ensign
deserted him, starting north to try and find
his wife, whom he had left in this city.
Yesterday he reached Michigan City and
made his way to the home of James and
John Prentice, two prominent farmers, who
are nephews of his, where he found his
wife.

Begun Money Made.

company cannot accept such a proposition.

Chicago Market Disturbed.

leading. Sales, especially of corn, were
made with a total disregard of price and
at quotations varying from 2 1/2 to 3 1/2 per cent
higher than yesterday's close for morning
delivery, from 1 1/2 to 5 cents higher than that
day's last figure for September corn.
The uproar did not cease after the first
raids had been made, as is usually the
case, but were continued throughout
the first half hour, the frantic bids out-
numbering the offerings 2 to 1. The
drought throughout the West was un-
