SWULLEN ANKLES

After Fifteen Years of Suffering Cure Was Effected by

DR. CHASE'S KIDNEY-LIVER PILLS

Dropsy is a natural result of neglected kidney disease. When the kidneys become deranged uric acid is left in the blood, and the blood becomes watery and vitiated. Flesh and weight gradually decrease and strength is slowly exhausted. Swollen ankles and legs are among the first indications of dropsy, and this symptom arises from the fact that the system is filled with water that should pass off by way of the kidneys.

There is probably no ailment which leads to such dreadfully painful and fatal diseases as derangement of the preventing dropsy, Bright's disease, diabetes, etc., can never be estimated. at once it was Jasper, didn't you, Phil- Mr. Arthur Walden, Ferryville, Carleip? Dr. James Dwight, of Boston, presided, A change in the bylaws relating to The new rule, service was made. which conforms to the English rule, reads: "The server shall serve with both feet behind, i. e., further from the net than the base line, and within the limits of the imaginary continuation of the center service and the side lines. It is not a fault if one only of the server's feet do not touch the ground at the moment at which the service is delivered. He shall place both feet upon the ground immediately before serving, and shall not take a running or a walking start. He shall deliver the service from the right and left courts alternately, beginning from the right, in each of his service games, even though odds be given or owed. An amendment to bylaw 24, which relates to changing sides, was made, as follows: "The players shall change sides at the end of the first, third and every subsequent alternate game of each set, and at the end of each set, unless the number of games in such set be even. It shall, however, be oper to the players by mutual consent and notification to the umpire before the opening of the second game of match to change sides instead at the end of every set, in which they shall change sides at the end of the first, It stimulates the Kidneys and London, Ont., the latter winning.
