## TAMMANY CARRIES **NEW YORK CITY**

Geo. B. McClellan Has a Majority Approximating 70,000.

BIG BILL DEVERY WASN'T IN IT

Pennsylvania and Massachusetis Go Republican, Maryland Democrat.

New York, Nov. 3. - After a remarkable campaign, in which there was united against him nearly all of the newspapers and practically every minister of religion in the city, Geo. B. McClellan, son of the civil war general of that name, was today elected Elected Mayor of New York by 70,900 third mayor of the Greater New York, over Seth Low, Fusionist, the present mayor, by the large plurality of about 70,000. Edward M. Grout, was elected comptroller, and Chas. V. Fornes, president of the board of aldermen. These two men were originally on the Fusion ticket and were indorsed by Tammany, whereupon the Fusionists took their names from the Low ballots and nominated other candidates. It was the nomination of Grout and Fornes by Tammany that caused Hugh McLaughlin, the veteran leader of the King's county Democto bolt and declare that he would not support men who were not Democrats. In spite of his defechowever, McClellan, Grout, and Fornes carried King's county The management of their campaign there was taken over by State Senator Patrick H. McCarren, when McLaughlin refused his aid. A sur-prise was the little voting for Wm. S. Devery, former chief of police, who ran on an independent ticket, which was given practically no support. The result shows a tremendous change of public sentiment since Low's election two years ago, when he won by 31,632. At that time he carried all the horoughs but Queen's. His plurality in Manhattan and the Bronx being 56,663, Brooklyn 25.767, and in Richmond 763. In Queen's, Sheppard, D ocrat, had a plurality of b61. Today Offers Canadian Widow Rooms in McClellan carried Manhattan and the Bronx by about 58,000 63,000; Brocklyn by about 6,000-a gain of 3,000, and Queen's by about 5,000a gain of more than four thousand. This makes a total net gain for Mc-Clellan of about 103,000, as compared with Sheppard's vote of two years Low carried only one borough. The result was known early and at 8:15 Mayor Low sent a telegram of congratulation to Col. McClellan, who is at present a member of Con-

gress. He made the following state-"I am deeply grateful to my fellowcitizens for their confidence in me. the promises which renew before election. I have no bitterness of feeling for anyone. I shall go at once to Washington to prepare for the extra session, and as soon as the question of Cuban reciprocity is disposed of I shall turn my attention to the affairs of the city. I invite the co-operation of every citizen, whether he supported me or not, and regardless of his politics in the advanceme of the city's good. This victory should encourage and unite all Democrats for

pleased at the result. It bears out the figures we gave. If the election had been a week further off, the chances are that Devery would have polled a larger vote than Low." The carrying of Brooklyn for Mc-Clellan caused astonishment, as it was believed the cry of "No red-lights in Brooklyn" would cause an increased vote for Low over there.

The campaign was one of the most interesting in the history of New York city. From the day Mayor Low was renominated, his supporters urged his re-election on the ground that no partisan question was involved, but that every man should vote to uphold the existing administration, because it had given the city a busi-nesslike conduct of affairs, and because it had done much to swamp out the "red light" evil of the east side. It was argued by Fusionist orators that the return of Tammany men to office would mean a "wide open town."
