More than that, he has set a standard in manufacturing service which might well be, facturing service which might well be, and no doubt will be, emulated by other manufacturers. In fact, The Advertiser has been informed that one other company, virtually appalled by the magnitude of its profits, has quiette magnitude of its profits, has quiette handed back a portion of its "win-ly handed back a portion of the New York, but that the editors of the New York American had gone one better and added the word "over-whelming defeat by a to new York American had gone one better and added the word "over-whelming defeat by a to new York American had

to reveal in some degree the size of war-time profits in Canada. The return of \$750,000 to the country is no doubt made after a considerable capital for emergency equipment has been met, and, as it is only just to hope that the company very properly did not deprive itself of a fair return on investment (say ten per cent), it would appear, without being able to ascertain the amount of orders given, that a profit of from 30 to 50 per cent is

shown. The action of Mr. Baillie does not necessarily reflect upon other munition makers. They were entitled to a fair profit. Only as they are shown to have been rapacious when measured by the Baillie standard are they brought into disrepute.

For Mr. Baillie and his associates the country will build a lasting memory of unselfish devotion to the cause. Just as some men reject large salaries for the pay of a private, these gentlemen have foregone enrichment in order to aid their country. Such men as they could wear with good grace such honors as the country has to give.

RILEY'S OWN LINES.

'He pitied as much as a man in pain: A writhing honey bee wet with rain!"

It is doubtful if many of Riley's lines will live longer than the two quoted above. They might have been written of the poet himself, a man whose name leads, like Abou Ben Adhem's, the list of those who love their fellowmen!

thrown upon her own resources, can When Mrs. Webster explained that make good. of ten, but she must pass through rather difficult places which her better-trained sister avoids.

Now, Molly had about as much confidence in her own ability in the kitchen as Harry had, although she had never been put severely to the test, where everything depended upon her alone. So, when Bridget's first day arrived she and Harry both looked forward to it as a sort of lark. As they were drinking their coffee that morning, the following conversation took place:

The table, Molly felt decidedly limp. The roast of beef she had put good and early in the double roaster, laboring under the delusion that the invention absolved one from giving any further attention to the meat. A glance at it, just before her neighbor's arrival, had revealed a little, dried-up piece of beef, utterly mfit to serve. The mayonnaise, having refused to mix, stood in a bowl on the table. Some beets, which should have been boiling for the past two hours. Were just beginning to cook.

Molly and Mrs. Webster looked at cach other a moment, and then cleareach other a moment, and then clear-"Now don't go and try to get up a ed the atmosphere by laughing immod-
