PROFESSIONAL NURSE

Tells What to Do to Regain Strength After Sickness.

New York City.—"I am a professional nurse—the gripe and bronchial pneumonia left me with a cough and in a depleted, anemic condition and no appetite. I cannot take cod liver oil in any other form than in Vinol and in a short time after taking it my appetite improved, my cough left me, I gained strength and weight. That is why I recommend Vinol to others."—Miss E. M. Walker, R.N., 35 W. 28th St.

It is the Beef and Cod Liver Peptonates aided by the iron and manganese peptonates and glycerophosphates contained in Vinol which makes it so wonderfully successful.

In Regard To His Candidature.

In regard to the alleged school grievance referred to in these columns yesterday when a review of the School Board selection was made, Mr. Herman Engel, one of the nominees for the East Ward, makes the following statement:

In regard to the school grievance, some one, not signing their name has referred to "I do not ask for any favors nor did I seek to be elected to get revenge in behalf of grievances as the grievances have all been settled by the principal and myself."

Brutal Turks Kill 2000 Women

Paris, Jan. 3.—In giving the details of the Armenian massacres in Turkey in the last five years, the Constantinople correspondent of the Petit Parisien says that at one time 100,000 Armenians were concentrated for alleged strategic reasons at Dorgor, Arabia. The Turkish authorities in Constantinople thought the number was too high and gave orders that 80,000 of the Armenians be put out of the way.

In the Mush Valley, the correspondent adds, the Kurds robbed 2,000 Armenian women. Later, suspecting that the women had swallowed their jewels, the Kurds killed them in a horrible manner and burned the bodies. The next day, the correspondent continues, "these monsters quietly sifted the ashes seeking the jewels."

"The correspondent reports that in the same region 700 children between three and 10 years of age died of starvation and 100 women were buried alive in trenches which the Turks first forced them to dig."

No Contest for School Board Seat in East Ward

Mr. H. Engel His Withdrawal.

Mr. Herman Engel who was nominated and who, qualified for school trustee in the East ward making an election in this ward necessary has decided to withdraw from the contest on the persuasion of his friends, and Mr. A.E. Devitt who has held the position for 12 years is therefore elected by acclamation. In withdrawing Mr. Engel has done so at considerable personal sacrifice not only to himself but to a great many of his supporters as well but in doing so he will save the town the expense of an election in one of the larger wards. In town where two polls are necessary and his action in stepping back at his particular time will only lead to bigger support should he decide to seek the support of the electors in the future.

BUT IMPERIAL WAR CABINET NOT THE BEST WAY

London, Jan. 3.—The Times editorially discussing the future of the Imperial War Cabinet says that it did very well despite visible defects while the war lasted, but will certainly need adaptation to peace conditions. It is unthinkable of course that the dominions should simply sink back in matters of empire government to their pre-war position. Even if the dominions were content to do this the part the dominions' peoples have taken in the war would put it out of the question. On the other hand it would be sheer folly to pretend that the Imperial War Cabinet even with resident ministers in London has proved a complete or even a very satisfactory settlement of the difficulty.

The Times reminds the premier that while he is reconstructing his Cabinet here he should not forget that he was the creator of the Imperial War Cabinet and responsible for its future.

Canada To Be Represented By Premier Borden

WILL BE PRESENT AT INTERNATIONAL PEACE CONFERENCE AT PARIS ON 13TH

LONDON, Jan. 2.—The conference of representatives of the allied nations, which was to begin at Paris on January 6, has been postponed for one week, owing to the Cabinet crisis in Italy. It is now expected to meet on January 13. The special peace conference was to start about February 1. The British delegation will be headed by Lloyd George, Mr. Bonar Law and Mr. Balfour. But there will be attached an extensive re-tinue of experts.

The Canadian mission will proceed to Paris in time for this conference and Sir Robert Borden will represent Canada in these important discussions.

The questions of the representation of the various countries have not yet been fully settled and may not be until they are considered by the inter-allied conference, but it may be said that the British dominions will receive consideration commensurate with their participation in the war and their status in the family of British nations.

Must Speed Up

The length of time which will be necessary to bring results at the peace conference is a subject of speculation, but the opinion is daily growing that the world necessities will force a speeding up of the negotiations.

So great is the complexity of the innumerable questions to be dealt with that it is apparent that a final and definite settlement of all of them would involve a session of at least six months.

The economic and political situation in all the belligerent countries forbid that war conditions should prevail for so long a period of time.

It is, therefore, conjectured that the conference will lay down the terms of peace on broad general lines, embodying these in a document which will undertake to work out these principles and apply them as required.

This would necessitate reconvening the peace congress at a later date or the calling of a new international congress to review and validate the actions of these bodies, but this is not regarded as a disqualification of the plan as under the new world order, which it is hoped will date from the peace conference, there will have to be periodical gatherings of this nature.

See Further Delay

PARIS, Jan. 2.—As the time of the opening of the peace conference approaches it is becoming clear that there must be much preliminary work done and many sectional conferences held before a general gathering of the delegates of all the accredited powers about the peace table will become possible.

SEVEN GENERALS LIKELY TO BE HONORED

LONDON, Jan. 1.—Earldoms will be conferred on Field-Marshal Haig and Vice-Admiral Beatty in recognition of their services during the war, according to the Daily Mail.

It is stated that Generals Haig, Horne, Plumer, Byng, Rawlinson, Birdwood and Allenby will be elevated to the peerage.

The newspapers say that these honors will probably be accompanied by grants of money.

Immediate announcement of these honors is said by the Daily Mail to be improbable, as Field-Marshal Haig prefers to remain in command of the British armies until the treaty of peace is signed and the army is reconstructed on a peace basis, a work in which he is taking deep interest.

Precedents

It is understood that Lord Roberts received a Parliamentary grant of 100,000 pounds and that Lord Kitchener was given 50,000 pounds after the South African war. These grants were in addition to the titles conferred upon them.

It is reported that Vice-Admiral Beatty will be given the rank of full admiral. Since he took over the command of the British fleet from Sir John R. Jellicoe, he has borne the title of "acting admiral."

The Marquis of Milford Haven, commanding the second cruiser squadron and former first lord of the admiralty, has been placed on the retired list at his own request.

DECLARES GREAT BRITAIN HAVING ACCEPTED WILSON'S 14 POINTS WILL STOCK TO THEM

LONDON, Jan. 1.—President Wilson returned to France yesterday. It was timed, says The Manchester Guardian, in commenting on the speeches of Premier Clemenceau and Foreign Minister Pichon, and the difficulties in the views expressed by the statesman and President Wilson.

"The difference in views," it continues, "is palpably acute and cannot be glossed over. It is better not to gloss it over, but to face it, and to have our differences."

Declaring that the allies had accepted President Wilson's 14 points in the armistice terms, and that these points were the policy of America and Great Britain, the Guardian concludes:

"If our friends among the allies reject it—well, they will have to make their own peace and dispense with our assistance."
