SERVICE AND SACRIFICE.
This epidemic has given us a chance to look deeply into the hearts of men and women whom we have not really known until just now. Put to the test the best of mankind and woman-kind is coming to the surface. To those who are giving of themselves in the work of stamping out the dreaded visitor, too much praise cannot be given. We are blended into a single family by adversity. In this type of unity there is strength and the promise that the epidemic will be the quicker brought to a close.

SHOULD TAKE ACTION.
The Graphic again insists that ex-casser Archibald Murchie, who according to the evidence in the recent investigation has been proved to have twice committed perjury, be placed upon trial. It is up to the Attorney General to lay a charge against him and give him a fair trial.

There should be no unnecessary delay in this matter.
With respect to the Commissioner's finding in reference to Hon. Wm. Currie, that matter will no doubt be dealt with by the government and we feel confident that whatever action Hon. Mr. Foster and his colleagues take, it will meet with the approval of the majority of the rate-payers. We hold no brief from Hon. Wm. Currie to defend him, and like other reputable newspapers await the action of the government with confidence that right will be done.

WHAT THE LAST VICTORY LOAN DID
One point that should not be forgotten is that most of the money being raised by the present Victory Loan will be expended in Canada, and that the extent and activity of Canadian industry, agricultural and manufacturing, will be in proportion to the success of the loan. Here are a few facts and figures showing the use to which the last Victory Loan was put:

The Victory Loan of 1917 gave Canada about \$400,000,000. Practically all of this has been spent in Canada, and in Canada's effort in the war.

Through the Victory Loan the Government has established a credit of \$25,000,000 per month to keep our munition plants in operation.

It has made possible the government programme for the expenditure of about \$50,000,000 for ships which are to be built in this country.

By means of the Victory Loan, an aeroplane industry has been established in Canada, and machines are now being turned out constantly for use overseas.

A large proportion of the western crop will be financed in 1918 from the Victory Loan.

A good example of what the Victory Loan is able to accomplish can be found in the case of our cheese production for 1917. The exportable surplus of Canadian cheese is valued at about \$40,000,000. The Victory Loan made it possible to sell that surplus last year for cash; without the loan it would have wanted a market.

Buy 'em!

THICK, GLOSSY HAIR
FREE FROM DANDRUFF

Girl! Try H. Hair gets soft, fluffy and beautiful—Get a small bottle of Dandruff.

If you care for heavy hair that glitters with beauty and is radiant with life, has an imperishable softness and is fully and luxuriant, try Dandruff. Just one application doubles the beauty of your hair, besides it immediately removes every particle of dandruff. You can not have nice heavy, healthy hair if you have dandruff. This condition must be the hair of its life, the strength and its very life, and if not overcome it produces a feverishness and itching of the scalp, the hair falls out, leaves and the hair falls out. Surely get a small bottle of Dandruff from any drug store and try it.

The Victory Loan campaign gives promise of great success. Let Campbellton, and New Brunswick, do their full share, for the need is insistent.

It is no sacrifice to lend money to Canada at 5 1/2 per cent. interest with all Canada as security for the repayment of the loan. But if it could be regarded as a sacrifice, it is one that should be made, and made willingly. It is one of the last great war demands that will be made upon our people; that is, will be one of the last if it is properly met, because it will mean victory.

Two facts everyone should recognize: If the war ends to-morrow, or next week, or next month, there can be no early relaxation of the food regulations, and no abatement of the demand for money for war purposes. It will long be necessary to submit to more or less drastic conservation orders, and it will be necessary to provide all the money required for the current war loan and to raise one of two additional war loans. Appreciation of these indisputable facts is essential to a full understanding of the big task yet before us, no matter what the outcome of present negotiations.

EDITORS MAIL
All letters addressed to the Editor must be accompanied by the name and address of the sender, not necessarily for publication, but as evidence of good faith. No notice will be taken of anonymous communications.
The Graphic does not hold itself responsible for opinions expressed in this column.
Editor of the Graphic,
Dear Sir:
I see in last week's Tribune that the "ass has been braying again." He seems to be very much concerned about the welfare of the County generally and especially about the public revenue and states that the Hon. Wm. Currie defrauded the Province out of \$400,000. He forgets that over on the same principle he is defrauding the Town and the County in his taxes every year. They assess his property and he pays his taxes (also sometimes late) and I never knew of him complaining that his property was not assessed high enough. The only complaint he would make if any would be that he was assessed too high. On the very same principle, the lumbermen for the past thirty years have been paying their stumpage. The lumbermen's operation was assessed not surveyed. They were then billed with the amount and the Company paid the bill without question. The Continental Lumber Company followed the same rule. I would suggest to the Tribune man, when he is so very much concerned about the revenue of the province and the general interest of the people of the County that he would tell us something about the Ten Thousand Dollars that his brother, the Frederick Gleaner man, received from Mr. Tennant or Mr. Jones, which was part of one hundred thousand dollar fished from the St. John Valley Railway and hence out of the pockets of the people of this province. The graft and the fraud and pilfering has been on such a large scale among the friends of the Tribune man that when he looks across at the other party he sees an imaginary \$400,000 which in reality does not and never did exist.

Knowing the Tribune man, as I do, I always feel when I read his articles that it is a great injustice to the people of the County to have to listen to the vapourings of a man of the calibre and intellect of the Tribune man. Surely if the people of the County are to be enlightened on any subject of public interest it should be by a man that at least has ordinary intelligence.

ELECTOR.
HOW THE VICTORY LOAN SUSTAINS CANADA'S ARMY

Nearly 600,000 have been enrolled in the Canadian Expeditionary Force. About 425,000 have gone overseas. Canada's 1918 war bill will be \$400,000,000.
Canada's 1917 war bill was \$328,000,000.
Canada's war expenditure is now \$33,000,000 a month.
It exceeds \$1,000,000 a day.
The \$520,000,000 subscribed to the 1917 Victory Loan will not do much more than pay this year's war bill.
\$500,000,000 is needed through the Victory Loan, even though peace should come to-morrow.

Canada needs your dollar as much as she needs men; save to meet the need.
A dollar saved is a dollar earned.

OBITUARY

Bertha Diette.
Mrs. Peter Diette will have the sympathy of all in the death of her little daughter Bertha aged 8 months, who died Oct. 24th, six days after the death of her father, Peter Diette, after a few days illness. She was buried Friday, Oct. 25th.

Mrs. W. A. Duncan.
The remains of Mrs. W. A. Duncan, whose death occurred at North Bay arrived here on Tuesday's Limited and were conveyed to the home of Mr. Duncan's father, Mr. Geo. A. Duncan, from whose residence the funeral was held in the afternoon. Deceased was 22 years of age. The services were conducted by Rev. Mr. Barnes.

Mrs. L. P. Roy.
The death of Mrs. L. P. Roy, wife of Mr. L. P. Roy, C. E. took place at her home here after a short illness of pneumonia. Mr. Roy and one child survive. The body was taken to Petit Rocher for interment. When help was urgently needed to assist the temporary hospital Mrs. Roy was one of the first to volunteer and her death was a great shock to all.

Mrs. Angus McLean.
Dalhousie, Oct. 30.—Word reached here to-day announcing the sad news of the death of Mrs. Angus McLean, which occurred last evening at Bathurst. She was formerly Miss Elizabeth Kerr, of Bathurst. The late Mrs. McLean was a person of very fine character. The deepest sympathy of this community goes out to her daughter, Mrs. W. A. R. Cragg, of Dalhousie. Mrs. James Jamieson, of Dalhousie, is a niece.

Peter Diette.
Many friends throughout the province will join with the citizens of Est. River Crossing in mourning the death of Peter Diette who died at his home early Friday morning Oct. 18th. He was in his 32nd year. He was taken ill on Monday with pleurisy and inflammation of the lungs. He is survived by his wife and three children, Nora, Albert and Ernest, and one brother, Simon.

Lewis Clark.
The death of Lewis Clark, son of Mr. and Mrs. George Clark of Upper Nelson, occurred at the Emergency Hospital, here shortly after noon on Sunday, 27th inst., after a few days' illness of pneumonia. The deceased was in his twenty-third year, and was a young man of sterling character and was of a mild and winning disposition, which made him many friends. He went overseas with the 104th Infantry Battalion; but was found to be not robust enough to go to France, and returned home a little over a year ago.

Besides his parents, he is survived by three brothers: Robert of Old Town, Maine; Lindley, of Western Canada and Daniel, now overseas; and one sister, Mrs. Calvin Clarke of Chelmsford.

On account of stringent rules of the Board of Health, the body was not permitted to be brought home for burial, and was laid to rest in the Rural Cemetery. The funeral service was conducted by Rev. J. F. Rowley of the Methodist Church.

Mrs. Emilie Essiembre.
The death of Mrs. Emilie Essiembre took place at her home here yesterday morning. A husband and five small children survive.
Besides the above deaths the following for this district are reported as having died from all causes:
Oct. 25—Mrs. George Gaucher, Matapedia.
Oct. 25—Miss Lea Poirier, daughter of Mrs. Wm. Poirier, Campbellton.
Oct. 25—Adelaide Jacques, Richardsville.
Oct. 26—Marie Audet, adopted child of Mrs. Guimond.
Oct. 28—Infant child of Lazore Roy.
Mr. David Lawlor, brother of the late Michael Lawlor, Matapedia.
Mrs. Edward Levesque, Minilake.
Oct. 30—John A. McInnis, of Upper Nelson, N. B., one of the employees of the Boom Co. died at Hospital.
Oct. 31—Mrs. Eubulus Robinson, Campbellton.
Oct. 31—Infant child of Ulric Germain, town.

GIVEN HONOR NOT DESERVED

Error of Learned Men Responsible for America Being Named After Amerigo Vespucci.

The story of how the new world received the name of America is a striking example of what publicity will accomplish. Amerigo Vespucci, a highly educated Florentine, was head of a business house in Seville, Spain, probably as agent for the great trading firm of the Medicis, and helped to fit out one of the expeditions with which Columbus sailed. When the latter's monopoly was revoked, Vespucci undertook several voyages of exploration on his own account, during which he claimed in many letters to have been the first to reach the mainland of the new continent, giving the date as June, 1497.

On April 25, 1497, the learned heads of the University of St. Die, in Lorraine, decided, incorrectly, that he was entitled to the honor of discovery, Columbus having only reached the islands of the West Indies, and that the western hemisphere should bear his name. The name America was, therefore, first used in the book "Cosmographie Introdutive," by Martin Waldseemüller, professor of cosmography at the university.

It has since been shown that Vespucci was preceded by both Columbus and John Cabot, but it was too late, the new world had been christened America and the fact advertised in print. The house where the meeting was held at which the classical error was made was still standing at St. Die at the outbreak of the war, and was annually visited by many tourists from both North and South America.

POI HAWAIIAN NATIONAL DISH
Is Being Introduced into the United States and Is Said to Be Meeting With Favor.

Hawaii is making a food-saving contribution in the shape of poi, its national dish made from the bulb of the taro plant. Until 20 years ago poi was made under primitive conditions, the bulbs being peeled, boiled and pounded in a wooden trencher until a semi-liquid paste was formed. But today modern sanitary machinery is used to manufacture the product, under supervision of health authorities in the island, and five factories at Hilo now turn out several tons daily.

This new form of poi is being sent to the United States, reaching markets as far away as New York City, and a demand which began with Hawaiians who had come to the United States is generally being extended to Americans who have learned to like the dish.
Poi is frequently used in Hawaiian hospitals in the diet of patients whose stomachs are too weak to digest other food, and the war interest in substitute foods is expected to lead to its wider introduction elsewhere.

No Lazy Man's Place.
If you saw "The Bird of Paradise" you may be under the impression that Hawaii is a land where Americans go and just naturally forget how to work. "That stuff," said S. S. Paxon of Honolulu, "is all right, but it's for story books and comic operas. I went to Honolulu 13 years ago from Philadelphia, became president of the Rotary club, a member of the legislature and head of the largest automobile concern in Honolulu. When I came back to the United States I don't find any of my old companions are staying up any later at night than I do or traveling faster than I do. Don't let any one put that 'go-to-sleep-and-never-wake-up' idea into your head. Hawaii is not a lazy man's country, by any means."

Would Save Sea Loss.
New York steamship underwriters and government officials have authorized official tests of a new invention which, it is claimed by its designers, will save property valued at thousands of dollars in the event of the sinking of vessels. It is called a pneumatic safe and is said to float on the water, though of steel construction. It is as impervious to fire and theft as other safes. The device is said to weigh three tons. As evidence of his faith in the success of the invention the man who constructed it will lock himself inside when the safe is lowered overboard. In case the invention bears out what is claimed for it it will be adopted for use on American seagoing vessels.

Britain's "Baby Army."
When the British troops reached Italy they were nicknamed "The Baby Army." The Italians were so surprised at the smart appearance of the new-comers—differing so materially as it did from the picture presented by the home troops whom they passed—that in the belief that they had come straight from England, they were called "The Baby Army," as a matter of fact the British soldiers were war-worn veterans from the X-pes salient.

Marksmanship and Muscles.
Marksmanship with the rifle is not so much a matter of keenness of sight as of muscular steadiness. Arthur I. Gates of Teachers' college, New York, describes in the Journal of Applied Psychology some tests made by him which prove that the most accurate marksmen are those whose muscular control is so perfect that slight distractions, subjective anxiety and auto-suggestion do not disturb it.

A Complete Stock

We are showing a very extensive range of Coats, Dresses, Neckwear, Blouses, Sweater Coats, Gloves, Furs, Etc.
In Coats alone our selection includes the pick of over half a dozen of the leading manufacturers in Canada. The same care has been taken in all other lines.

The American Government has prohibited the manufacture of all-wool sweater coats and our government will likely do the same.

We have just opened up a nice new lot of all-wool garments at the old prices. Great variety of styles and colors. Better select yours while they are to be had, as there is a great scarcity.

New Velvet Suits

These come at more reasonable prices than the all-wool serges and are made up in very attractive designs.

Piece Goods

Big range of Velveteens, Dress Goods, Cretonnes, Satins, Silks, Curtain Nets, Sweater Yarns, etc.

GROCERY DEPARTMENT
Everything in the Grocery Line.
APPLES—Ontario Alexanders, and Wealthies, Quebec Tameuse, Nova Scotia Gravensteins.
E. D. Smith's guaranteed Pure Jams, Jellies, Marmalades, etc.
CHRISTIES' BISCUITS—all the leading makes.

Buy Victory Bonds

A patriotic duty and the best investment in the world.
The money is needed to pay Canada's bills whether the war ends or not.
Sir Thomas White says: "The Dominion uses the money obtained to finance Great Britain's purchases in the country of the products from the principal Canadian industries. The Loan dictates the condition of the market in which our farmers, fishermen and manufacturers dispose of their products. It normalizes even in wartime our agricultural and industrial situation. It permits Canada to come through a difficult and exacting world situation free from the worst trials and distresses bred by the storm."
