'TRUTH" PREVAILS! HAVE

YOU Hot and dry skin? Scalding sensations? Swelling of the ankles? U NO. 14. BIBLE COMPETITION. Vague feelings of unrest?
Frothy or brick dust fluids?
Acid stomach? Aching loins? About two years ago the publisher of TRUTH, Toronto, resolved to make a great effort to extend the circulation and influence of his journal to the fullest possible extent, and hit on the expedient of offer-

for corect answers to Bible questions. As the effort met with fair encouragement he has ever since continued, from time to time, similar effers, determined to carry aight?

Abundant pale, or scanty flow of dark publication is a permanent institution, an old-established and widely-circulated journal, and he has stated by

Within the last two years the publisher of TRUTH has, among other rewares, given our about pneumonia, diarrhes, blood ssness, heart disease, pop exv paralysis or convulsions ensue, and then death is inevitable. This fearful disease is not a rare one—it is an every day disorder, and claims more victims than any other complaint.

It must be treated in time or it will gain the mastery. No other publisher in America, if in the world, has ever pa d out anything approaching this in the same manner, and few others have ever so extensively advertised.

The result is that full confidence has not been established in the honorableness of the scheme, and the reliability of the pub-nisher. TRUTH now circulates in every Province in the Dominion of Canada and in nearly every State of the American Union,

ng a large number of splendid premiums

besides having a large circulation across the Atlantic.

Among the former competitors are the leading citizens of the country, the most respected ministers, public efficers, professional men, ladies of every estation and peop e of nearly all classes. Large liets of those successful in former competitions, have app a ed and are still appearing each week in Inval. Any of those names may be referred to in regard to what has been done.

A GOOD QUARANTER. Reader, you need not have any misgiv-ngs about this offer. The publisher has seen in business for nine years as a publisher, and has always honorably met every engagement and fulfilled all his C. every engagement and fulfilled all his promises. Though money has been actually lost on this scheme, in order to carry it out squarely, yet the publisher is not dissatisfied with the result, as his journal has been splendidly established, and his own business reputation well built up. A good guarantee for the future now "lies in the fact that he current now afford to do otherwise than homorably carry out his he efforts of nearly a whole busi
