The young woman's home is said to be in Toronto, Ont. According to the story as it has been told to the Superintendent, she ran away from a convent or a convent school a month or so ago and went to Rochester, where she obtained employment as a domestic. A woman whose acquaintance she made in that city came here soon afterward and went to work at Charles Wadsworth's house, a mile south of Onondaga Valley.

About two days ago Misa Bushong, having lost her situation in Rochester, came to this city, and ascertaining through one of the employment agencies where her friend was at work, went to the Wadsworth place to visit her. She was to return to the city in the evening, but when the time for her departure came she had such an appearance of intense fatigue that the Wadsworths pressed her to stay until morning, and she accepted the kind invitation.

During the night she was taken ill, but not
wishing to disturb the family she held out until morning, when her condition was such

found her in a high fever and suffering exeruciating pain. After a few
days he communicated with Superintendent Grimes, and the result was the girl's

On the Eve of a Mineral Boom, SAULT STE. MARIE, June 24.—Prospecting for minerals still continues in Coffin, Galbraith and Haughton townships, and many promising veins are being discovered. That there are good gold, silver, copper and iron veins in close proximity to us is a settled fact. All that is required now is capital to develop these mines. At the Ophir mines, where several men are being employed testing the mines in different places, it continues to show well, beautiful specimens being unearthed. In several other places in Galbraith township rich veins have been discovered, as also in Coffin to the west and Galbraith to the east. Several local companies have been formed and are meeting with good success in their explorations. Reports have also been received that good finds have been made in other eastern townships. Altogether we believe that we are on the eve of one of the greatest mineral booms that has ever struck braith and Haughton townships, and many

A deputation from London yesterday visited

J. & J. L. O'MALLEY A deputation from London yesterday visited Toronto with the object of looking into our fire brigade and electric light systems. Many members of the Forest City Council were in the delegaten; among them being Ald. Greyden, Fitzgeraid and Chief John A. Roe. They expressed their approval of our systems and will probably use their pointers to the benefit of the city on the Thames. The deputation will leave for Buffalo this morning and the systems adopted by the Bison City will be inspected.

Certainly a policy in a solid and prosperous company such as the Standard is a good business-like investment.

It may be only a trifling cold, but neglect it and it will fasten its fangs in your lungs, and you will soon be carried to an untimely grave. In this country we have sudden changes and must expect to have coughs and colds. We cannot avoid them, but we can effect a cure by using Bickle's Anti-Consumptive Syrup, the medicine that has never been known to fail in curing coughs, colds, bronchitts and all affections of the throat, lungs and chest.

Anothers often get auxious as to the kind of food baby is receiving; more especially is this the case in hot weather.

Baby may be constipated, and as a consequence becomes fractious and cross. Certainly, mother, your child's food has not been of the right kind. In emergencies like this, your proper course is to use the well-known "Lactated Food"; it will give relief and sweet repose to your darling one.

Other foods often bring on a dangerous Diarrhoa; this can never result from the sweet showels invariably in a proper condition. The conductive to health.

"Lactated Food" is, in truth, a boon to yourself and child. It does away with anxious cares on your part, and wakeful nights to yourself and child will be unknown. It makes dear baby vigorous, strong and healthy as you desire your child to become. Try it, mothers!

REWARD

"PURE GOLD BAKING POWDER"

We are determined to put a stop to fraud of this kind, which is worse than highway robbery, in that it not only steals from us our name, the value of which was only obtained by long years of honest dealing and by the superior ment of the article sold under that mane, but it is also a fraud upon the purchasers, who are given as inferior article, the manufacturing of which costs about one-fourth of the amount which ourse costs, being made up from entirely different and inferior in gredients, thus operating as a fraud upon the purchaser as welf as upon us.

We therefore offer a reward of \$10, which we will pay to each of the first ten parties who will furnish us with the original packages of the Baking Powder so frauddiently sold to them as "Pure Gold Baking Powder," and who will also give such evidence as will lead to the punishment of the guilty parties.

To prevent the public from being further misled in this way, and to assist in detection of those who have so misrepresented in the past, we may state that we have not sold "PURE GOLD Baking Powder as the purchaser to read the purchaser for meanly two years, but it has been sold in cans or small paper bags, each bag or can being carefully marked with a lithograph label or strip bearing our well-known trade mark or brand of "PURE GOLD Baking up estates, utor, administrator, mittee, the execution of individuals and correct the control of the purchaser of the control of the co
