AN OLD SETTLER'S STORY.

A PERTH COUNTY PIONEER'S EXPERIENCE.

A Sufferer for Nearly Twenty Years—Had Not Done a Month's Work in Ten Years—He Regains Health and Strength—His Neighbors Discuss the Remarkable Cure.

[From The Listowel Banner.]

Trowbridge is a pretty little village in the County of Perth. It is five miles from a railway and gains in rural quietness a compensation for the loss of the bustle of larger towns. One of the best-known residents of the village is Mr. Isaac Deleyea, who has lived there for upward of forty years, in fact ever since the "bleazed" road through the woods led to the site of what was then laid out as the district metropolis. As far back as the writer's memory goes Mr. Deleyea has been sick nearly all the time and unable to work, and when it was reported last spring that he was cured, and claimed to be cured by Dr. Williams' Pink Pills, The Banner kept an eye on the case, letting it run on until a few days ago to see whether the improvement would last, and then set out to investigate for ourselves. We found Mr. Deleyea looking both well and active, to say the least. In reply to our enquiries as to his health he said he felt young again, and felt that he was fully cured, and was quite willing to tell his story as he had no room to doubt the efficacy of the remedy in his case. "I have been sick," said he, "for twenty years and I have not done a month's work in ten years. I became all bloated out and my legs swelled very much. From this trouble I could get no relief. The medicines I got from the doctor helped me, but did not cure me. Nothing would take the swelling away and I was beginning to feel that my condition was desperate. I could hardly be about and could do no work, not even of the lightest description. A year ago I read of the wonders done by Dr. Williams' Pink Pills and bought a couple of boxes. The first box and a half gave me the sensation of having my flesh prodded all over with pins, but I began to feel better and determined to keep on taking the pills. I have taken twenty-eight boxes in all, and although it seems a large number, I would willingly take twice that quantity rather than be in my old condition of almost helplessness and suffering. All the swelling has entirely disappeared and I feel a well man again, and better than I have been for a great many years." In reply to a question Mr. Deleyea said he was 66 years of age and had been ill for fully 20 years, and he added earnestly, "nothing else in the world but Pink Pills cured me, and I believe they will cure anyone who gives them a fair chance. Ask any of my old neighbors how sick I was, and how I have been cured. Why, I not only feel like a new man but look like one. I can do all my work that I formerly had to have hired done, and I do not feel the least fatigue. With me it is no guess work, but a case of demonstration, and everybody who knows me knows that I have been cured and by the use of Dr. Williams' Pink Pills, and I cannot speak too highly of them."

Dr. Williams' Pink Pills contain in a condensed form all the elements necessary to give new life and richness to the blood and restore shattered nerves. They are an unfailing specific for such diseases as locomotor ataxia, partial paralysis, St. Vitus dance, sciatica, neuralgia, rheumatism, nervous headache, the after effects of la grippe, palpitation of the heart, the tired feeling resulting from nervous prostration; all diseases depending upon vitiated humors in the blood, such as scrofula, chronic erysipelas, etc. They are also a specific for troubles peculiar to females, such as suppressions, irregularities and all forms of weakness. They build up the blood and restore the glow of health to pale and sallow cheeks. In the case of men they effect a radical cure in all cases arising from mental worry, overwork or excess of any nature.

These pills are manufactured by the Dr. Williams Medicine Company, Brockville, Ontario, and Schenectady, N.Y., and are sold in boxes (never in loose form by the dozen or hundred, and the public are cautioned against numerous imitations sold in this shape) at 50 cents a box or six boxes for $2.50, and may be had of all druggists or direct by mail from Dr. Williams Medicine Company from either address. The price at which these pills are sold makes a course of treatment comparatively inexpensive as compared with other remedies or medical treatment.

An Old Resident's Death.

The death took place on Tuesday, Dec. 5, 1893, of Mrs. Donald McFarlane of 182 Argyle-street, in her 67th year. She had been suffering for several months with heart failure when lung trouble set in and carried her off. Deceased was the wife of Donald McFarlane, late of Islington, one of the pioneers of the district, having come there with his parents when but 7 years old, from Perthshire, Scotland, in 1823. She was daughter of John Henderson and Catherine Udney, who came from Aberdeenshire, Scotland, in 1836, and sister of John and the late Ald. Alexander Henderson of this city. She leaves six children, Walter (coal and wood dealer), Parkdale; James, Mrs. Ogden, wife of Dr. Ogden, Bathurst-street; Mrs. T. W. Johnson, Britannia; Mrs. D. Walterhouse, 25 Howard-street, and Emily, who resides with her father. The funeral was largely attended by friends from the old neighborhood, among them being some who were at her wedding 49 years ago. The pallbearers were Messrs. Alexander McPherson, William Montgomery, Alexander Robinson and Newman Silverthorn, all of Islington, William McKay of Elm Bank and Charles Shaver of 401 Huron-street, late of Islington, all selected by herself. The funeral was well attended by people who had formerly been in the employ of deceased and her husband, some of them for several years. The funeral service was conducted by Rev. Mr. Chambers of Dundas-street Church, her pastor. Her remains were placed in the vault in Mount Pleasant Cemetery.

A large and influential requisition has been presented to Mr. John Dunn, the big cattle exporter (J. & J. W. Dunn), to run for alderman in No. 5 Ward, of which he is resident and property-holder, and has been for the past 40 years. Mr. Dunn has accepted, and his friends intend to organize and secure his election. Mr. Dunn is the class of man every one has been clamoring for, and now that he has consented he ought to be at the head of the poll on election day.

ROYAL COMMISSION.

The Session Brought to a Termination Yesterday—A Number of Witnesses Examined Yesterday Morning.

The second session of the Royal Prohibition Commission in Toronto was concluded yesterday morning. The commission will return to Montreal, but another session may be held in Ottawa for the taking of evidence.

Mr. Stephen Caldecott told of his visits to Old Orchard and Portland, Maine. The prohibition law worked very well, and was broken only by those initiated in the art of obtaining liquor. Maine once was the poorest state per capita in the union. Ever since prohibition prevailed Maine has been advancing. Now it is the richest state.

Mr. Caldecott believed hotels should be closed on thanksgiving days and on all holidays. He would remunerate brewers and distillers for the loss they would sustain if prohibition resulted in the destruction of the plant and machinery.

Rev. A. C. Crews of Parliament-street Methodist Church hadn't had any experience in the working of a prohibition law. He believed just as the Methodist Church did on temperance questions, and they were prohibitionists.

Michael Basso, the well-known Italian, told of the habits of the people of his native land. The light wines used there were not injurious, but the emigrant who came to America could not afford to continue the drinking of wines, and they became drinkers of ale, from which evils resulted. He favored prohibition in all liquors except native wine.

Henry Sutherland, manager of the Life Assurance Company, claimed that total abstainers were the best risks.

W. Mortimer Clarke, Wallis Fisher, Dr. E. J. Fisher, H. Shearer and Rev. Mr. Scott all favored the enacting of any prohibition bill.

Who Owns This House.

In the Police Court yesterday Dr. McConnell was charged by Thomas McCraken, manager of the Toronto Land and Investment Company, with "stealing a house." The trouble is over the ownership of the house.

Mr. McCraken alleges that his company had a mortgage on a house in Symington-avenue, owned by the doctor. The payments were overdue and the mortgage foreclosed. Instead of deeding over the property to the company, they claim the doctor moved the house. Dr. McConnell says he purchased the house for $10,675, and paid in cash $9000. The case was postponed for a week.
