Out

of

her Day of Civic Reform at the City Hall-Meeting of the Better Govern-ment Committee of the Council and of

days at the City Hall yesterday. The nt is so strong in favor of en-that it will very probably

Ald. Davies' Civic Reform Committee met at 2.30 yesterday afternoon, Ald. Davies presented a formula similar to that previously drawn up by him, the and aldermen to be elected for wo year terms, the Executive Commit-ice to be re-named the Board of Conwhich shall award all contracts be composed of the Mayor as dent of Council, and the Chairnen of the Board of Works and the Committee: the present Committees to into the Property; in-

departments, as to appoint-

Ald. Sheppard and Burns asked if the other proposals were before the committee. The latter said that the present business was to discover weak points in the existing system. Ald. Allen held that there were very few weaknesses. The present lack of continuity in transacting business could be remedied by electing aldermen for two-year terms. All aldermen were in favor of this clause but Ald. Hallam, who wanted a three-year term, and Ald, Burns, who was favorable to the one-year term as at present.

Ald. Hallam opposed the formation to a Board of Control, considering the resent system the best, if they had sood heads of departments. He also wored the election of a council in ovember, and striking the estimates or the succeeding year by the outging council.

ald. Sheppard made a digression and spoke in favor of having the Court of Revision appointed from citizens other than aldermen.

Some of the aldermen feared that the McMurrich resolution did not so explicitly point out as it should the fact that the awarding of contracts was the only business which should be taken from the committees.

Favors an Advisory Board. 'Ald. Sheppard therefore moved an amended motion to the following ef-

amended motion to the following effect:

"That authority be asked from the council to amend the by-law regulating the proceedings of the council so as to provide that the Mayor, chairman of the Executive Committee, chairman of the Executive Committee, chairman of the Committee on Works, sitting as a Board of Administration, with the City Engineer, City Solicitor, City Treasurer and City Commissioner as an advisory board, shall call for and open all tenders and award all contracts for works, materials and supplies to be done or provided for all civic departments after having been duly reported upon by the bread of the department in which the work is to be done, and shall report the action taken to the City Council, a two-thirds vote being necessary in council to set aside their decision, and be it further resolved that the board as constituted above shall be empowed to transact such other business of an administrative nature as may from the council of the basic councils.

ried. The balance of the proposal was adopted, and, on motion of Mr. Stewar Lyon will be forwarded to the subcommittee of the City Council.

ALDERMEN MEET DIRECTORS. The Gas Company's Plant Half as Large Again as is Necessary at the Present

The members of the civic sub-committee, Ald. Lamb, R. H. Graham, Dunn, Scott and McMurrich, met Directors G. R. R. Cockburn, Thomas Wood, George Gooderham and Larratt Smith Manager Pearson and Solicitor William Mulock at the offices of the Consumers' Gas Co. yesterday. They were very kindly treated and shown the very nice plant of the company. It proved to be a very nice plant, capable of producing 3,000,000 feet of gas per day, which, as the city's consumption is but 1,000,000 feet of gas per day in summer, and never more than 2,000,000 feet in winter, is certainly more extravagant by one-half than is necessary. The sub-committee will meet again to-day.

At the secret session held by the York Council at the conclusion of its. Wednesday afternoon session, after the exclusion of the press Mr. Moore publisher of The York Gazette, appeared to complain of the advertising patronage given to a "non-township" paper in preference to his own. The matter was laid over. Mr. Emory also submitted his report on the township assessment.

ments, etc., and the business to come before the council so thoroughly digested by the Board of Control that it will require a two-thirds vote to change a report.

A Two-tear Term Favored.

He explained that his proposal differed from that of the Citizens' Committee in that the latter proposal ignored the people's elected representatives and provided for the appointment of a Board of Administration on the nomination of the Mayor.

Ald Sheppard and Burns asked if the other proposals were before the committee. The latter said that the present business was to discover weak points in the existing system. Ald.

At Home of St. John's Church, Norway."

Every seat in Boston's Hall was occupied on Thursday evening, the occasion of another of the attractive at homes for which St. John's Church, Norway, is noted. Preceding the social proper was a musical entertainment of high merit given by a number of the well-known artists of the city. The piano duet by the Misses Helliwell went well; the singing of Miss Bonner, with its clear enunciation, was particularly pleasing, while the work of Miss Donaldson, whether in recitation or in the minuet danced with Mr. Kew Williams, was delightful. The orchestra of the Parkdale Collegiate Institute gave some enjoyable selections; the efforts of Messrs. H. Jordan and T. Lawlor won applause, and Mr. McRaith as a comic singer was every whit as good as a professional.

was defeated.

With reference to the proposal that the council should appoint the heads of committees from among themselves at the nomination of the Mayor, Mr. D. M. Defoe wanted the city's affairs run by nominees chosen by the Mayor outside the council.

Mr. W. D. Gregory opposed this and wanted to widen the field of selection to include both aldermen and citizens. Mr. Defoe would not consent to more than one alderman being put on the Board of Directors. Both gentlemen failed to secure the acceptance of their pro-

ships, or two or three senatorships, what did it amount to? It did not amount to a hill of beans. The great what did it amount to? It did not amount to a hill of beans. The great question was the essential principle of loyalty to Canada and to the Empire. What Mr. Foster called the flavor of loyalty was the basic idea which underlay the upbuilding of Confederation. From this starting point he went on to describe this as the main motive of the Conservative party. He dilated on the assertion that the Liberals had no faith in the country. He criticized Mr. Laurier's recent speeches as containing no single constructive plank. If there was one he would be glad to have it. Mr. Laurier did not advocate, and the Grit party did not promote, all those elements of progress, such as subsidies to raflways, to ocean steamers and to industrial progress. Mr. Foster claimed credit for the winter freight service from St. John, about to be inaugurated, and announced that they had bound the Beaver Line Company to carry the freight at as low rates as could be obtained at Portland or other American ports.

Mr. Foster then turned to the fiscal and tariff questions, and charged Mr. Laurier with a lack of stable consistency. He had been everything by turns, and to-day the Lord only knows what he was. He was a free trader, like Mr. Gilmor of New Brunswick;

turns, and to-day the Lord only knows what he was. He was a free trader, like Mr. Gilmor of New Brunswick; he was a commercial unionist like Mr. Longley of Nova Scotia; and a protectionist like Mr. Snider of Ontario. Mr. Foster charged Premier Fielding of Nova Scotia with being a secessionist and an annexationist, and Hon. L. H. Davies with being a possibilist heliever.

the manner of awarding contracts, was remedied by Ald McMurrich's resolution presented in the council. It would abolish lobbying by contractors. He therefore moved the adoption of the McMurrich resolution, viz:

"That whereas the present system, which each committee of the countage of public by the ladder of the countage of public by the ladder of the countage of public by the ladder of the countage of the countage of public by the ladder of the countage of public by the ladder of the countage of the countage of the countage of public by the ladder of the countage of the countage of the countage of the countage of public by the ladder of the countage of The Eddy Co. of Hull have just started up two mammoth rope drives, having a capacity each of 600 horse ryision, makes a greater demand the time of members of the countant is necessary for the proper act of public business; be it red that the Mayor, the chairman of the Scommittee, the City Engineer, lity Solicitor, the City Treasurer he City Commissioner, sitting as a loft of Administration, shall call id open all tenders and award all

contract was completed.

A Thanksziving Sale.

On account of the höliday on the 2ist incidental question, important as it may be active the action taken to the City Council, a two-thirds vote being necessary in council to set aside their decision; and be it further resolved, that the board as constituted above shall be empowered to transact such other business of an administrative nature as may from time to time be deemed advisable by the City Council.'

Ald. Davies, seconded by Ald. McMurrich, moved that the foregoing motion be referred to the special committee appointed to consider and report upon the best and most economical system for carrying on the business of the city, which was carried.

Aid. Sheppard, who was seconder of the resolution, supported Ald Hulbard and said at the present time he did not favor Ald. Davies' scheme, as it would involve many changes. Ald. Hallam's scheme for November elections, he considered impracticable.

Ald. Saunders favored bringing the various school boards under more direct control of the council.

Ald. Jolliffe thought he was just as capable of letting contracts as an officer of the city. The majority of those present were favorable to leaving the letting of contracts with heads of departments, and Sheppard made a digression and sonks in favor of having the Court in the hall of Ashlar Lodge last night.

Ald. Sheppard made a digression and soles the favor of having the Court in the hall of Ashlar Lodge last night.

That is my position. When we come to a settlement of this question I hope it will be made by the Legislature which gave it birth. But if that does not settle it reasonably and well, and it comes to be the duty of this

Government to undertake its settle-ment, I am convinced when the elec-tors come to see that this is an inci-dental policy they will accord to the Government their support."

The Minister of Finance at Smith's Falls
Emphatically Benies That There is
School Question Only a Side Issue—Mr.
Haggart Endoress Mr Foster.

Smith's Falls, Nov. 15.—The following is a condensed report of Hon. Mr.
Foster's speech here last night.
The Minister of Finance began by complimenting Mr. Haggart on his zeal and ability. He congratulated Smith's Falls on such a large and enthusiastic meeting, and held it to be evidence that the Conservative party was not demoralized and dismantled. The Grit press was describing the Cabinet at Ottawa as divided and dismited, and on its last legs. "There is not," exclaimed Mr. Foster, "one shred of disunion." The Government was united upon its policy. Supposing for the sake of argument that there was disunion over one or two collectorships, or two or three senatorships, what did it amount to? It did not ment of being reserved as the last

Dr. Montague was paid the compliment of being reserved as the last speaker, and by his talents as a platform orator held the unbroken attention of the audience until close to midnight. He praised Sir Mackenzie Bowell as no unworthy successor of his great predecessors. He also described the divisions reported in the newspapers as a myth.

newspapers as a myth.

A LIFE SAVED BY TAKING TO'C CHERRY

"Several years ago. I caught a severe cold attended with a terrible cough that allowed me no rest, either day or night. The doctors pronounced my case hopeless. A friend, learning of my trouble, sent me a bottle of Ayer's Cherry Pectoral. By the time I had used the whole bottle, I was completely cured, and I believe it saved my life."—W.
