with well founded alarm and dismay, that the to these presents. Congress of the United States have adopted var with the Republic of Mexico in which the President has, without their con-sent or authority involved the country; and that all the interests of this people are staked upon the hazard of the die. We do not mean, of course, the hazard of a fierce and bloody war with Mexico, though that will, in ail probability be found no child's play; but ail probability be found no child's play; but but the imminent hazard of bringing on a general war, by which, even in the heated imaginations of those who look upon war as synonymous with glory, we cannot expect to the present in the new has not had the slightest received yesterday afternoon express from Washington by Col. Bankhead, to dispatch four companies of the 2d Artillery, under the same prices they did yesterday.

The Marine Insurance Companies now inbe gainers, but inevitably and enormously losers in every seuse, the entire destruction of our widely extended commerce being a mong the smallest of the items to be taken tote the estimate.

henceforward be the business of all good men who still retain an interest in public af-

A large proportion of those members of both Houses of Congress who voted for the Declaration of War, did so under an idea—wholly erroneous, in our opinion—that, tho unnecessary to measures of defence, the Declaration only procleims a fact. The looked only to the provision of men and money to repel an invasion, which, separated from the fatal power now given to the President, no'd not, probably, have received a single negative vote. Too late they find their error; and we shall live to see the day when they are word in hand.—Union.

The same gentleman course in a day or two."

When General worth left the camp Capt. Thornton asked him for his sword. The General buckled it upon him, and when he heard vesterday of Capt. The gallantry, he exclaimed, "That was any sword I kniew it would never be disgraced in his hands. He is as noble, and gallant a fellow as ever held sword in hand.—Union.

The change throughout the subject under consideration, and will determine on an uniform course in a day or two."

When General buckled by accidents of good or field. He is the same gentleman course in a day or two."

Wheat Crops in Illinois.—An intelligent gentleman, just from Illinois, says the crops never promised so well. The yield will be at least one third greater than last year: though last year the yield was double that of either of the four preceding years. The surplus of the last crop exceeded 7,000,000 bushels, which was disposed of at an average it would never be disgraced in his hands. He is as noble, and gallant a fellow as ever held sword in hand.—Union. in which they have been.
