...almost certain that he must...  
...received in the night, and...  
...Perhaps in a day or two...  
...and confirm the sad...  
...Capt. Davison is much...  
...and give him a high cha...  
...a native of Liverpool.

...The acting President may have his views...  
...in prosecuting such an order of operations as...  
...may lead to the destruction of Santa Anna...  
...and consequently to his own elevation; but...  
...he could hardly approve of Filasola's assent...  
...to the treaty of Velasco, or pardon his...  
...disobedience of the army regulations in tak...  
...ing orders from the General in Chief after...  
...he had been made Prisoner.

...The blood of Santa Anna is thirsted for...  
...in other quarters. We have seldom read any...  
...document with more abhorrence and disgust...  
...than what we experienced in perusing the re...  
...port of a man of the name of Lamar, who it...  
...seems, has been created secretary of War...  
...by the invaders of Texas. Inevitably to all...  
...the proper feelings which are inseparable from...  
...the hero and the patriot, he has woven a tis...  
...sue of casuistry and cruelty, bedecked with...  
...meretricious ornaments and paltry conceits...  
...for the purpose of entrapping the captors...  
...to consign Santa Anna to "instant death and...  
...eternal shame." We trust for the sake of...  
...human nature, that his sentiments will not...  
...obtain a response from a single breast, and...  
...that even among the rebels in Texas, suffi...  
...cient honour may be found to prevent them...  
...from committing an act which would be ex...  
...ecrated by the civilized world.

...Florida and Georgia, still afford instan...

...The Seminoles hover from place to place...  
...and commit what are called, horrid massa...  
...cres; horrid, no doubt the details are, and...  
...until the United States can send such a force...  
...as will not be cut off piecemeal, we may ex...  
...pect a continuation of these revolting accoun...  
...ts of the exasperated savages which now fill...  
...the American papers. Indeed the mode of fight...  
...ing which the Indians adopt, and the fasti...  
...dness to which they retire when strongly op...  
...posed, present no small difficulty to be over...  
...come by those who would subdue them. —  
...The want of a sufficient armed force on the...  
...part of the Americans at the breaking out of...  
...hostilities, to have struck terror into the...
