There cannot be different degrees of purity any more than there can be different degrees of honesty. If a man be honest, that is all he can be. There is no superlative. One flour cannot be purer than another. It can only be more nearly pure. In these times when all flour manufacturers are claiming purity you should remember these two things: Actual purity in flour can only be secured by the use of electricity.

Royal Household Flour is the only flour, made and sold in Canada, that is purified by electricity. You can get Ogilvie's Royal Household Flour from your grocer.

Ogilvie Flour Mills Co., Limited. MONTREAL. "Ogilvie's Book for a Cook," contains 130 pages of excellent recipes, some never before published. Your grocer can tell you how to get it FREE.

ter all! Maybe this is Rider Haggard's "She." "I thought it might be Eve," said another. "Did Eve have black hair?" Experts think that the woman had come to the mine after copper, perhaps thousands of years ago. Having excavated a low vault in her search for ore, the worker was overwhelmed and instantly killed by a fall of rocks. In succeeding ages the gases and salts of liquid copper preserved the body, making it proof against time and covering it with patches of greenish hue, like those of bronze statuary. This natural method of preservation seems to excel any artificial process, for the plump contours remain as in life, and any distortions have been caused by external pressure. Pieces of whitish rock and gravel are imbedded in the flesh and one rock fragment shows drops of crimson blood coagulated. The jet braided hair comes down low over the forehead and beside the cheeks; it is parted crossways at the back of the head. The long finger-nails are cut rounded and show a flesh color beneath. Around the loins there is a canvas apron attached to a girdle of finely woven cloth with a dark green border. A bag like a chafaline contains the indispensable coca leaves which inca women used to chew for the narcotic effects. The bag is invovnen with stripes of geometric design in dark brown, dull red and gold.

Schoolgirls Rebel at Fines. Because they were asked to pay ten cents each to defray the expense of repainting the school room floor to obscure ink splashes about 60 girls of the Normal school at Ottawa, Ont., are in an ugly mood and threaten to do ugly things. The trouble was over the question of repainting the school room floor which was badly splashed and dotted by ink thrown from the girls' pens.
