

Do 10 Hours Work
of 4 or 5 Horses
for 75c to \$1.00

What farmer would not give a great deal to have power equivalent to that of 4 or 5 horses ready for use in a moment, and at a cost of 7 or 8 cents per hour? That is exactly what the farmer has who owns a 4-horse power I. H. C. gasoline engine.

A semi-portable gasoline engine may be converted into a power plant on the farm. It may be transported from place to place about the farm, wherever the farmer requires power for shredding fodder, grinding feed, sawing wood, pumping water, operating cream separator, churn, etc.

The I. H. C. gasoline engine line includes Vertical 2 and 3-horse power; Horizontal (portable or stationary) 4, 6, 8, 10, 12, 15 and 20-horse power; pumping engines and jacks, spraying outfits, and a 1-horse power air cooled engine.

For further information concerning I. H. C. engines call on the local agent, or write for illustrated catalogue and lithographed hanger.

NOTICE THE TEETH

In considering the purchase of a Spring-Tooth Cultivator notice the Teeth very carefully. They are one of the most important parts of this kind of an implement. It depends upon the Teeth as to how well it does its work. See that they are of proper length, proper shape and temper; that the points are reversible, for that means double value to you. Next see that the Frame is simple and strongly built of steel and malleable iron so that it will stand the strain and wear well. Ask our agent about a

FROST & WOOD "CHAMPION" SPRING TOOTH CULTIVATOR

and you will see a machine that embodies all these good points. He will tell you that the Teeth are tempered in oil and tested; that they are made of Crucible Spring Steel, and the reversible points are an especial advantage as when one becomes worn by hard, stony ground it can instantly be reversed, and you have a new sharp point. Teeth can be spread or taken off when used for corn or root crop cultivation. It is an implement that gives perfect satisfaction, because it does perfect work and stands rough wear. Our Free Catalog gives more good points. Write for it, or get it from our nearest agent.
