

GOUTTS, ACETOCURA

THE EXTERNAL REMEDY FOR
Rheumatism, Sciatica and
Nervous Diseases.
Mention this Paper.

REV. ALEX. GILRAY,
College Street Presbyterian Church, writes:
Dear Sirs,—
It is with much satisfaction that I learn that you have decided to establish a branch office in Toronto, believing as I do, that the more widely your Acetic Acid remedy is made known, the greater will be the gratitude accorded to you for the relief experienced by many sufferers in Canada. We have used your Acid for over eighteen years, and are now prepared to state that it is worthy of a place in every family. We have found it thoroughly safe and effective and have commended it to many,—for which we have been thanked. We wish you success in your new quarters, as we feel sure your success will bring relief here as it has already done to large numbers in the old land and other countries. Much will depend on the patient and persevering use of the Acid as set forth in your little book.

ALEX. GILRAY, 91 Bellevue Avenue.
Toronto, 28th Nov., 1893.
For pamphlet and all information apply to
GOUTTS & SONS, 72 Victoria St., TORONTO.

KENSINGTON SQUARES

Ayranin Squares

In plain centres and artist-like borders. Special Prices.

Japanese Rugs

All sizes.

Turkish Rugs

Possessing all the beauty of color and color-blending unique to the Orientals.

WE admit to having an overstock of Kensington Squares. Beautiful goods. Large assortment. Choiceest colorings and in all best materials—Union, All-Wool, Kidder. At any time marked at lowest figures, we will in meantime offer these for cash at

20 Per Cent. Discount.

JOHN KAY, SON & CO., 34 King St. W., Toronto.

HOLLOWAY'S OINTMENT

An infallible remedy for Bad Legs, Bad Brains, Old Wounds, Sores and Ulcers. It is famous for Gout and Rheumatism. For Disorders of the Chest it has no equal.

FOR SORE THROATS, BRONCHITIS, COUGHS, COLDS,

Glandular Swellings and all Skin Diseases it has no rival; and for contracted and stiff joints it acts like a charm. Manufactured only at

THOS. HOLLOWAY'S Establishment, 78 New Oxford St., London

And sold by all Medicine Vendors throughout the World.

N.B.—Advice gratis, at the above address, daily, between the hours of 11 and 4, or by letter.

MISCELLANEOUS.

Mutability of temper and inconsistency with ourselves is the great weakness of human nature.—Addison.

It is by imitation far more than by precept that we learn everything; and what we learn thus, we acquire not only more effectually, but more pleasantly.—Burke.

It is estimated that if a man lives to be 70 years old he passes at least 24 years in sleep. So, you see, a man is a pretty good sort of a fellow one-third of the time, bad as he may be the remaining two-thirds. Let us be charitable.

Customer: Waiter, this bullock's heart is very badly cooked. Waiter: Well, Sir, the fact is, cook's been crossed in love, and whenever he has anything to do with a heart, it so upsets him that he doesn't know what he's a doin' of.—Answers.

Newspaper misprints are often amusing. One of the funniest I have lately seen is the reference to "Mr. Hanson, lazy vicar and solo tenor, St. Paul's Cathedral." That printer had obviously never heard of a "lay" vicar.—London Figaro.

With soft, persuasive prayers woman wields the sceptre of the life which she charmeth; she lulls the discord which roars and glows—teaches the fierce powers which hate each other like fiends to embrace in the bonds of love, and draws together what are ever flying asunder.—Schiller.

The Egyptian Minister of Public Works proposes that Sir Benjamin Baker, M. Boule, of Paris, and Signor Torricelli, of Rome, should be invited through their respective Governments to proceed to Egypt in order to study and advise upon the question of a reservoir for storing the water of the Nile and utilizing it for irrigation during the months when the river is at its lowest.

Malaria is one of the most insidious of health destroyers. Hood's Sarsaparilla counteracts its deadly poison and builds up the system.

The Russian naval authorities have not been slow to take advantage of the lessons taught by the sinking of H.M.S. Victoria. An exact model of the sunken vessel is, it is said, being constructed in Cronstadt, and this, together with the information available as to the causes of the accident, will serve as an object lesson to Russian naval architects as to what shall be avoided in designing new vessels.

IN EVERY CASE.

In every case of dyspepsia, where it has been fairly tried, Burdock Blood Bitters has performed a complete cure. B.B.B. cures where other remedies fail.

Our Western cavalymen are keeping up their reputation for hard riding. The Third Cavalry travelled in all 18,000 miles last year—chiefly scouting on the Western border, and one troop of the regiment—G troop—covered as high as 85 miles in one day—the longest day's march made in 1893 by any soldiers in the United States Army. Last year's record—78 miles—was achieved by the same smart company, in the Garza campaign in Southern Texas.—Boston Journal.

Rheumatism Cured in a Day.—South American Rheumatic Cure, for Rheumatism and Neuralgia, radically cures in 1 to 3 days. Its action upon the system is remarkable and mysterious. The first dose greatly benefits. 75 cts. Druggists, or 44 Church St., Toronto.

An American girl, it seems, is the first woman to take the degree of Doctor of Mathematical Science at the Sorbonne at Paris. Her name is Dorothy Klumpke, and she is described in an English newspaper as a Californian of Dutch descent. Last year a young French woman, Madame Chauvin, took a degree in law at the Sorbonne, and was nearly mobbed by her fellow students when she got it. The young mathematical doctors were kinder to Miss Klumpke, and let her carry off her honors in peace.—Harper's Weekly.

As Old as Antiquity.

Either by acquired talent or heredity, those old foes Scrofula and Consumption, must be faced generation after generation; but you may meet them with the odds in your favor by the help of Scott's Emulsion.

The longest drawbridge span in the world is that now being constructed between East Omaha and Council Bluffs. It measures 520 feet from end to end. That of New-London, Conn., is 503 feet long; and one over Arthur Kill, Staten Island, just 500. The new drawbridge of the New-York Central over Harlem River has an extent of only 389 feet, but it provides for four tracks, and is the heaviest one in the world, weighing 4,000,000 pounds. The one at East Omaha will weigh, when completed, about 3,000,000.

THE BEST TONIC.

MILBURN'S Quinine Wine is the best tonic for weakness, debility and lack of strength. It is an appetizing tonic of the highest merit.

Mr. Hammerly, a well-known business man of Hillsboro, Va., sends this testimony to the merits of Ayer's Sarsaparilla: "Several years ago, I hurt my leg, the injury leaving a sore which led to erysipelas. My sufferings were extreme, my leg, from the knee to the ankle, being a solid sore, which began to extend to other parts of the body. After trying various remedies, I began taking Ayer's Sarsaparilla, and, before I had finished the first bottle, I experienced great relief; the second bottle effected a complete cure."

Ayer's Sarsaparilla
Prepared by Dr. J. C. Ayer & Co., Lowell, Mass.
Cures others, will cure you.

Coal oil is used for fuel not only under steam boilers on land and afloat and in locomotives, but in furnaces for making crucible steel. A plant of this class was recently described by W. E. Crane, of Waterbury, Conn., before the American Society of Mechanical Engineers. Regarding such use of oil with engines The Iron Age recently raised an interesting point. In summer oil will flow freely through the supply pipes; in winter extra heat may be required to keep it in a fluid condition. Bursted pipes and other such repairs might modify the economy of using that sort of fuel.

EXCELS ALL OTHERS.

DEAR SIRS.—Your Burdock Blood Bitters excels all other medicines that I ever used. I took it for biliousness and it has cured me altogether.

WM. WRIGHT, Wallaceburg, Ont.

An improvement has been made upon their air brake by the Westinghouse people, by which greater pressure is exerted if the train be running at very high speed. In fact, there is a valve which regulates the pressure to correspond with the speed of the wheels. As the velocity is reduced, the cylinder pressure is reduced. Some experiments were made not long ago with this improved brake on the Pennsylvania Railroad, and the performance was highly satisfactory. A train was stopped in 971 feet from a speed of 60 miles an hour. The ordinary emergency brake required 1,235 feet in which to stop the same train.

THE PINE FORESTS.

The pine forests yield up their healing virtues for the cure of coughs, colds, asthma, bronchitis and sore throat in the pleasant preparation known as Dr. Wood's Norway Pine Syrup. 25 and 50c. at druggists.

Nothing can be more misleading or in worse taste than the contemptuous way some ill-informed persons have of speaking of science, as if it was essentially heretical in its teachings, leading away from God. There are perversions of "science falsely so-called," which cannot be too strongly guarded against. On the other hand, that true science is as much God's truth as divine revelation in the Scriptures, is as true as that He who breathed into man the breath of life by which he became an immortal soul, also formed this world of ours and set it swinging in its mighty orbit.—Christian at Work

IMPORTANT TO WORKINGMEN.

Artizans, mechanics and laboring men are liable to sudden accidents and injuries, as well as painful cords, stiff joints and lameness. To all thus troubled we would recommend Haggard's Yellow Oil, the handy and reliable pain cure, for outward and internal use.

One man should conquer the world, not to enthrone a man, but an idea; for ideas exist forever.—Beaconsfield.

OBSTINATE COUGH CURED.

GENTLEMEN,—I had a very bad cough which I could not get rid of, but by using Haggard's Pectoral Balsam I was cured in two or three days. It is the best and surest cough medicine I know of.

JOSEPH GARRICK, Goderich, Ont.

Minard's Liniment cures LaGrippe.
