SITE OF NEW U.S. EMBASSY

Question No. 547—**Mr. Turner (Ottawa—Carleton):**

Did the United States State Department indicate that the proposed Ottawa site for the new U.S. Embassy on Sussex Drive was unacceptable and, if so, on what date and for what reasons?

**Mr. Ron Stewart (Parliamentary Secretary to Minister of Public Works):** On December 10, 1984, the Acting Chargé d'Affaires of the U.S. Embassy in Ottawa informed the General Manager of the NCC in writing that the U.S. Department of State had determined that the proposed site for the new U.S. Embassy on Sussex Drive had very serious shortcomings from a security standpoint. In subsequent discussions with U.S. officials, it was learned that the State Department no longer considered the Sussex Drive site acceptable due to the fact that this site no longer met the State Department's increased security requirements, in particular with respect to setbacks of the building from the nearest public road.

**Mr. Speaker,** I ask that the remaining questions be allowed to stand?

**Mr. Deputy Speaker:** Shall the remaining questions stand?

**Some Hon. Members:** Agreed.
