

WESLEYAN.

THE WESLEYAN CHURCH, Great St. James street, is an elegant building, in the Florid Gothic style of the 14th century, and is one of the great ornaments to the city. Its size is 111 by 73 feet, and it will seat about 2500 persons. The arrangement of the interior is unique and beautiful, the pulpit especially, being a fine specimen of the carved Gothic style. The building was erected at a cost of about £12,500.

ST. ANN'S CHAPEL, Griffintown, is also a handsome building in the Gothic style of architecture, which will seat about 1500 persons.

ST. MARY'S CHAPEL, Lagauchetière street, is a neat building in the Grecian style of architecture, which will seat about 500 persons.

UNITARIAN.

The UNITARIAN Church, situated at Beaver Hall, being found too small for the increasing congregation, was taken down a short time since, and a new and enlarged building is now in course of erection on the same site. The style of architecture adopted is the Byzantine, plain but effective in character. The tower will be about 17 feet square, and about 120 feet high. A broad flight of steps at the base of the tower (east front) will afford the main entrance to the Church. Over the west end entrance will be a large rose window, and in the chancel, a window of a highly decorative character, both of which will be filled with stained glass. Accommodation will be afforded for about 750 persons. Rev. John Cordner, Minister.

SYNAGOGUE.

The JEWISH SYNAGOGUE, Chenneville street, is a neat cut stone building, the interior being beautifully fitted up in the Egyptian style. Rev. A. De Solé, Minister.

THE PLACE D'ARMES is a handsome square opposite the Roman Catholic Parish Church. It is surrounded by a neat iron railing and tastefully laid out and planted with shade trees, having a handsome fountain in the centre.

THE CHAMP DE MARS is a favorite promenade for citizens and strangers, being the general parade and review grounds of the military.
