

PULP NOTES.

One hundred and twenty men are now employed in the erection of the new pulp mill at North River, Victoria County, Cape Breton.

Good progress is being made with the new pulp mill being built at Buckingham, Que., by the James McLaren Company, and it is expected that it will be in operation early in the new year.

George Taunt has arrived at Vancouver, B. C., from England, and claims to represent a large syndicate which purposes building a pulp mill at some point in British Columbia.

It is reported that the Chicoutimi Pulp Company, of

Chicoutimi, Que., have arranged to ship 25,000 tons of pulp from Quebec next year, and will enlarge their mills to double their present capacity.

W. Pearson, manufacturing chemist, of London and Paris, recently made a visit to Canada, and speaks most hopefully of the pulp industry of this country. He stated that English capitalists are eagerly watching the results of investments already made in Canadian mills, and if these should prove satisfactory all the capital required will be forthcoming.

Messrs. O. W. Nordin and K. Nordin, of Paris, France, who are understood to represent a wealthy French syndicate, were in Montreal last month making

arrangements for the organization of the Saguenay Colonization Company, with the object of establishing saw and pulp mills in the Saguenay district. These gentlemen spent last winter in exploring the timber limits on which operations are to be conducted.

The Peribonca Pulp Company are now turning out pulp in their new mill at Peribonca, on the Great Peribonca river, in the Province of Quebec. This company was formed in the summer of 1900, with a capital stock of \$50,000, which has since been increased to \$100,000. The president and manager is Thomas De Tremblay. The mill is 120x45 feet, with a wing, and has an average output of 30 tons of pulp per day.

Offices Throughout the Civilized World

Executive Offices:

Nos. 346 and 348 Broadway, New York City, U.S.A.

THE BRADSTREET COMPANY gathers information that reflects the financial condition and the controlling circumstances of every seeker of mercantile credit. Its business may be defined as the merchants, by the merchants, for the merchants. In procuring, verifying and promulgating information, no effort is spared, and no reasonable expense considered too great, that the results may justify its claim as an authority on all matters affecting commercial affairs and mercantile credit. Its offices and connections have been steadily extended, and it furnishes information concerning mercantile persons throughout the civilized world.

Subscriptions are based on the service furnished, and are available only by reputable wholesale, jobbing and manufacturing concerns, and by responsible and worthy financial, fiduciary and business corporations. Specific terms may be obtained by addressing the company at any of its offices. Correspondence invited.
