Corn nil, nil, 4,318,000.

Our agent cables that the area under which wheat this year is likely to exceed that of last year by about 5 per cent. The acreage under which the last year amounted to 16,452,000 acres.

ROSENFELD, Man., Aug. 17.—Harvesting in full blast here. From Gretna crop perfectly satisfactory. Many fields in perfect condition and fields where rust is worst will make good yields, altho grade will be injured. Crop is all ripe, and about half is in shock, and unless rust spreads to new territory there is nothing alarming in situation.
