# UNCLE SAM'S PEACE CONTINUATION

Frye, the Former Tall-Twister, Changes Front and Lauds England—Sir William Marriott Accepted the Olive Branch and Said Nice Things About America—Judge Day and Whitlaw Reid Spoke Also.

Queenstown, Sept. 23.—The Grand Locomotive Company, from New York on Sept. 17, with the U.S. Peace Commission on board, arrived here at about 2 o'clock this afternoon after an uneventful voyage with all well on board excepting Senator Gray, who has been suffering from neuritis for two days.

There was a concert on Thursday on board the Campana in aid of the Seamen's Charities. Senator Frye presided. After eloquently appealing for subscriptions, he referred to the fact that three hundred years ago Spain, at the cost of a hundred millions, and with a great armada, set out to possess England. But, he added, England, through her sailors, won a victory which gave her prestige for all time.

Continuing, the Senator then adverted to the brilliant victory of Commodore Dewey at Manila. During the course of his remarks on this subject Senator Frye said the fame which that victory won for American sailors had gone all over the world and has lifted the name of the United States higher than ever before. He concluded with remarking: "May God bless America and British tars, may the angels of peace touch your hearts to-night."

The collections netted the sum of \$316 for the seamen's societies, after which "My Country, 'Tis of Thee" was sung.

**Britannia Rules the Waves.**

Sir William Marriott then proposed a vote of thanks to the chairman, adding, after hearty cheers, that "Britannia Rules the Waves" should now be amended so that some word representing Great Britain and the United States might be substituted for Britannia. This sentiment was roundly applauded by his hearers, who

afterwards called for some remarks from Senator Davis, who began by saying the United States and the Mother Country had squabbled in the past, but they were finally quarrel only which it well behooved all others to let alone. He added, impressively, that by divine dispensation the last three months had brought about a better feeling between Great Britain and the United States than ever before. "And why not?" asked the Senator, who continued: "We speak the same tongue, we think much the same, and we read the same books. The meaning of this is that 125,000,000 of people speaking the English tongue and standing together in thought and purpose will do more for peace than any war ever waged."

**Dignified Judge Day.**  
Judge Day was then induced to speak, and with dignity and in a manner, he referred to the fact that, while British citizenship has been a ready passport everywhere, American citizenship now none the less furnishes a passport everywhere equal to any warrant of manhood. The speaker added that he could not talk of the mission, but he hoped all would be gratified to welcome the committee on its return from the consummation of a peace honorable to the United States and alike just to the other interested power.

**Whitlaw Reid's Remarks.**  
Mr. Whitlaw Reid, proprietor of The New York Tribune, also spoke. He regretted the fact that the American Commission in going abroad should not be sailing under its own flag and in a vessel built in America. Mr. Reid added: "We have some suitable vessels, but they have been and are quite busy."

The Commissioners will stay in London until Monday and will then go to Paris.

in Western Ontario also figures in their calculations. The views of the American coal operators were presented yesterday to Senator Fairbanks.

**They Disagree.**  
The Canadian Commissioners and Premier Hardy Ontario are sharply on speaking terms. The former insist that the Ontario Government shall abolish the legislation which forbids the importation of coal manufactured in that province. Mr. Hardy declines to yield and is threatened with the disallowance of his pet statute.

**Opposed to Reciprocity.**  
Mr. Aaron Jones of the American Patrons of Husbandry has received a memorial from the Populist party heartily endorsing the opposition to reciprocity in natural products.

**The Canal Tolls.**  
A big delegation from Buffalo, Detroit, Toledo and Detroit will be here next week to urge the abolition of Canadian canal tolls. The commission officers for such a privilege on canals that have cost the Canadian people \$100,000,000 have not been mentioned, but the Canadian commissioners are disposed to favorably consider the matter if the United States grants reciprocity and the canal tolls are abolished.

**Conference Notes.**  
The committee, after an hour's sitting today, adjourned at 12:30 until Tuesday next. This was necessitated by the exchange of mail, and the members of sub-committees on the meantime will meet in joint session daily.

**Mr. O'Hara** expects to leave to-night for Boston. The writers' statements exchanged with the Americans and Canadians deal with 20 questions.

**New Office Building at the Very Centre of Toronto.**  
Mr. S. H. Jones has just completed his handsome new office building on Victoria street, near King, and is now ready to occupy it. The premises will be known as the Victoria Arcade Buildings. The frontage is 90 feet and the depth 88 feet. There is a large number of offices on the ground floor, first floor and second floor, suitable to every variety of business. The special features are handsome finish, abundance of light and ventilation, accessibility and low rentals. An arcade has been opened through the property, No. 18 Victoria street and 85 Yonge street, through which the public may pass. A directory is placed at each entrance. This property is, therefore, almost at the corner of King and Yonge streets. On the Arcade, 100 feet from Yonge street, is also a large warehouse, 6000 square feet of space, suitable for a printing or other business. Two years of a cash value are applied to Mr. Fred Smith, agent, at the James Buildings.

**Before or After the Races at Dinwiddie?**  
There will be nothing so profoundly exciting in to-day's races at Woodbine Park as to chance a man to forget the new fall hats at Dinwiddie. But if the new hat will depend on the results of the races, then it may be worth remembering that Dinwiddie's new store, 140 Yonge street, corner Temperance, remains open to-night until 10.

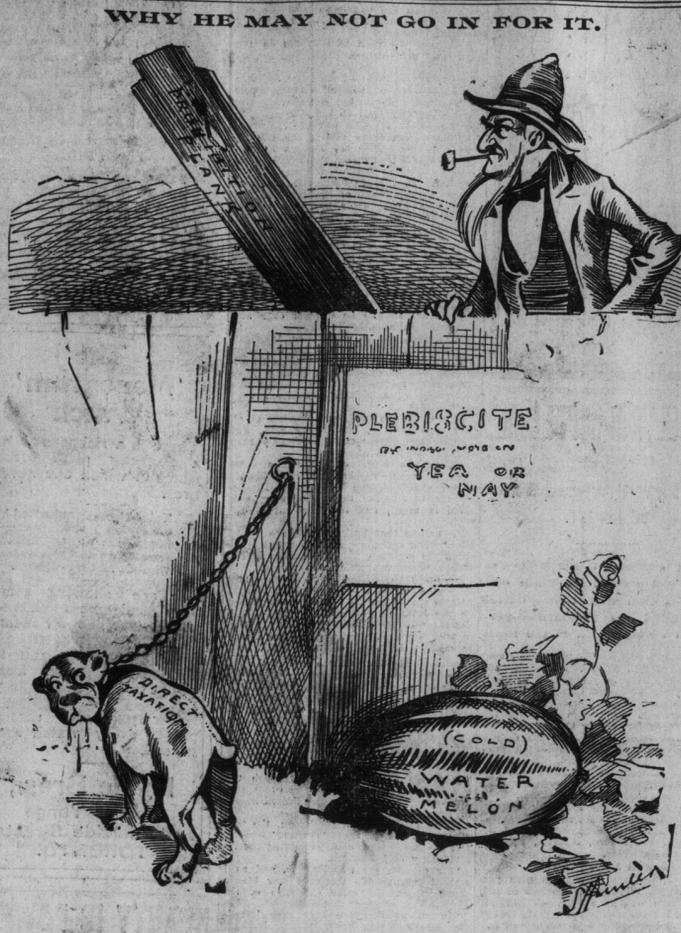

**Pember's Turkish and Vaper Baths, 127 and 129 Yonge.** Bath and bed \$1.00.

## "GRATERS"

You want to look at these graters who are trying to take away the liberties of the people. Take a good look at them. Throw your eye square on F. S. Spence and John W. Bengough! And say if you see any superiority or lordship in them. But if you look at them closely and go back to their record you will find them professional barn-stormers, barn-stormers so much a sight; that they straggle the country, using the school houses, the Sunday schools, the churches, to fill the house when they come that way. The church organizations are got to beat these crysers' drums and the wanderers take the proceeds. The way to work the school houses and the churches is to be a "moral reformer." Pulpit advertising is cheap advertising, and you can always get it if you have a "moral reformer." The hardest thing that was ever said of a prominent Conservative, and has hindered his advancement, is that he was once sized up by a sarcastic colleague as "a ten-dollar-a-night politician and moral reformer." And if you look the lot over you will find that most of the shouters, the organizers, are in it for profit or advantage. There are any number of honest sympathizers with a movement against the cause of intemperance, but the directing forces are individuals with an eye to the main chance.

They are the same graters that tried to prevent the people from getting Sunday cars; they passed the curfew bell law, which they have since abandoned on the public doorstep; they would regulate a city by act of Parliament, and they are to get all Canadians within the scope of the Criminal Code! Chariton dreams of night and works by day toward putting the hood on us all! Where would they stop if they had the power? That's what he hopes you to ask. They would have us all with collars and chains, if they could.

And, what is marvelous to relate, they are all, or mostly, all Reformers or Liberals in politics. The Benoughs and McGintoshes, and yet Liberal, if it means anything, means "For freedom," not "for restriction."

And after you've met Spence and Bengough on the street and taken a good look at them, take a deep think and try and find out what they wouldn't do to us all to make us good by act of Parliament, if they had the chance.

**Now in Transit.**  
The second shipment of "La Bohème" is now in transit from Vera Cruz. It consists of 100,000 La Bohème and is consigned to Imperator G. W. Muller, these Mexican cigars seem to suit the taste of more cigar connoisseurs than any other single brand which Mr. Muller sells.

**A Sad Bereavement.**  
The infant daughter of Capt. Michie of the 49th Highlanders died last evening. This makes the second death in Capt. Michie's family within a week, an 18-months' child having died a few days ago.

**For the Races.**  
You will want your favorite's colors as a finishing touch to your costume. Dunlop's can supply faves and bootcutters for corsage or coat lapel, in any color or combination of colors.

# THE LIBERALS OPPOSED ASTOR

Claimed He was an Alien and He Had His Name Expunged By the Court—Report of Death of Chinese Emperor Not Confirmed—Germany and Austria Stand Clear of Crete—Cable News.

London, Sept. 23.—The local officials inspected the name of William Waldorf Astor in the list of voters on account of his ownership of Clivedon. The Liberals opposed the action of the officials in the electoral Revision Court at Maiden Head, on the ground that Mr. Astor was an alien. Mr. Astor wrote that his name had been inserted in the list without his knowledge and against his wish. The court ordered that his name be expunged.

**The Death Report Not Confirmed.**  
London, Sept. 23.—A despatch to the Central News from Shanghai says that the report of the death of the Emperor of China is not confirmed. It seems, however, that his life has been endangered. The liaison (governor) of Shanghai today offered a reward of £2000 for the capture of Kung Ku, Jr., the leader of the reform party, who is accused of being the leader of a plot to murder the Emperor, but whether this was an actual attempt to kill him is not known.

The authorities are now searching vessels arriving here from the north in the hope of arresting Kung and his confederates. Pekin advices received in Shanghai say the city gates are closed to prevent the escape of Kung. Search was made for him throughout the city, but without success.

**Lady Curzon is Able to Go.**  
London, Sept. 23.—Contradicting the report circulated yesterday that Mrs. Curzon's delicate health would not permit her to accompany her husband to India, it is asserted to-day that she is in excellent health and will go with Mr. Curzon when he starts for his new field of duties.

**Pando Thanks Corrao.**  
Madrid, Sept. 23.—General Pando, who recently returned to Spain from Cuba, has addressed a letter to General Corrao, Minister of War, thanking the Minister for defending him in the Chamber of Deputies against the accusations of a deputy who alleged Pando had appropriated a considerable sum of public money to his own use. General Pando says in his letter that he was never in charge of State funds.

**Germany, Austria and Crete.**  
Berlin, Sept. 23.—The Cologne Gazette publishes an article commenting upon a letter addressed by Vice-Admiral Canavaro, formerly commanding the Italian warships in Creta waters, to all the powers, in which he is understood to recommend the re-establishment of the European concert in Creta.

"All of the powers," the Gazette says, "would gladly put an end to the Cretan disturbances, and all of the powers are on record that the rights of the Mohammedan should be respected equally with those of the Christians, Europe consequently would have to decide to subdue the Christian insurgents by force of arms. As certain powers are not disposed to take that measure, there is no valid reason why Germany should again allow herself to be drawn into the trouble."

**The Emperor in Danger.**  
London, Sept. 23.—According to special despatches received from Pekin, members of the European community there believe the life of the Emperor of China is in danger. It is noted that the Dowager Empress desires to place Prince Kung's grandson on the throne. The Emperor, it is added, realizes the strength of the conspiracy against him and has ordered the guards at the palace to be strengthened.

**China's Threatened Insurrection.**  
London, Sept. 23.—The Times' Pekin correspondent says: "The Government is increasingly anxious regarding the northward movement of the anti-dynastic insurrection, which has already entered the Hunan Province."

**Added to the Intricacies of the Dreyfus Plot—Woman Wounded.**  
Paris, Sept. 23.—Madame Paulmier, wife of M. Charles Ernest Paulmier, member of the Chamber of Deputies from the Department of Calvados, has added another tragedy to the bewildering intricacies of the Dreyfus plot. Madame Paulmier to-day entered the office of La Lanterne and asked to see M. Millerand. M. Millerand was absent and M. Olivier, who was present, stepped forward to receive the lady, who, without waiting for any explanation, whipped out a revolver and fired twice. M. Olivier fell to the floor wounded. He was taken to a hospital. Madame Paulmier was taken into custody and, when questioned, coolly announced: "I wished to kill M. Millerand."

She explained that La Lanterne had slandered herself and her husband, because her husband had written a letter to General Chanot, the Minister for War, with reference to putting a stop to the attacks upon the army provoked by the Dreyfus affair.

The military authorities have accomplished their plan of stifling Col. Picquart, placing him in a secret prison and can only be seen on an order from the authorities, which order M. Labori has been unable to secure.

La Lanterne predicts important action by the Council on Tuesday, which may result in the convoking of the Chambers.

**France and the Nile Valley.**  
Paris, Sept. 23.—The Nile publishes a

# GERMANY GOES AHEAD.

Her Trade Has Increased in Spite of All Obstacles.

Washington, Sept. 23.—Reports to the State Department from United States Consul Representative of Eibensstock and Chemnitz, show that Germany's export trade has been continually increasing for the last five years, although that of France and England has been diminishing. The Chemnitz, show that Germany's export the first half of this year, compared with 1897, was \$2,080,000, while in the same period France lost \$22,914,800 and England \$28,264,000. The consul says that the gain has been achieved in spite of many difficulties, such as the new United States tariff law, the confusion brought about by the wars in the Balkan and the financial crisis in Brazil and Chile.

**Farmers Storing Their Wheat.**  
Winnipeg, Sept. 23.—Deliveries of wheat are now beginning to increase. During the past two weeks the great bulk of the deliveries have been along the line of the Northern Pacific. A great deal of wheat, much more than usual at this time of the year, has been stored in the elevators, farmers in the hope of prices advancing.

**Will Not Sell Waterworks.**  
Winnipeg, Sept. 23.—At a meeting of Winnipeg City Council last night it was voted to decline the offer of English bondholders to sell the city waterworks at a valuation of £50,000.

The council will, it is desired by bondholders, negotiate with them for the purchase of their entire works and plant on the basis of actual value to the city.

**A Singer's Sad End.**  
The many friends of Miss Ethel Warrington, the oldest daughter of Mr. Fred Warrington, will regret to learn of her death, which took place in Detroit yesterday. Miss Warrington left for Detroit about two weeks ago to consult a specialist, and on Wednesday last was taken seriously ill. The young lady was 21 years old and has been for some time leading soprano of St. Paul's English Church, Bloor street. She was formerly connected with Sherborne street Methodist Church choir. The funeral will take place at 4 o'clock this afternoon.

**North Waterloo Protest.**  
Berlin, Sept. 23.—The trial of the election petition to unseat Dr. Lachner, Conservative, was concluded here last evening. The petitioner declined not to go on with the other charges. The Government will take place in Toronto at a time to be fixed.

**For Ontario's Health.**  
The Executive Health Officers' Association of Ontario will hold its annual meeting in the Parliament Buildings, Ottawa, on Monday and Tuesday. Dr. A. G. Campbell, P. H. Bryce, Messrs. A. W. Campbell, E. A. Shuttleworth and J. J. Mackenzie of Toronto will read papers.

**GET THE SUNDAY WORLD.**  
Full and reliable reports of the Hunt Club races at the Woodbine racetrack will be found in The Sunday World to-night. Buy it from the newsboys.

**Cooler, Then Warmer.**  
Meteorological Office, Toronto, Sept. 23.—11 p.m.—The low area mentioned yesterday as over the lakes is now centred over the east end of Lake Ontario, and is moving southeastward and still causing rain over the greater portion of Ontario and Western Quebec, and heavy rain is setting in over Southern New Brunswick and over Nova Scotia. Low pressure obtains over the Northwest, and another low area is appearing over Texas.

Minimum and maximum temperatures: Kamloops, 46-60; Calgary, 38-64; Battleford, 40-58; Winnipeg, 45-64; Port Arthur, 41-50; York, 50-64; Toronto, 62-74; Ottawa, 59-70; Montreal, 58-62; Quebec, 58-62; Halifax, 54-62.

**Lower Lakes and Georgian Bay Fair, with a little lower temperature at first; then winds freshening from east and south towards evening, with higher temperature and rain in most places to-night or Sunday.**

Ottawa Valley—Rain at first; then clearing; cooler by night.

Lake Superior—Shawery at first; then winds shifting to westerly; increasing to strong at a moderate gale.

Manitoba—Fresh to strong westerly winds; fair; stationary or a little lower temperature.

You can't walk along the streets of Toronto without seeing well-dressed men and boys, ask most of them where they buy their clothing and the answer will be "Why, ask Hall, 115 King street, of course." It's the best place in Toronto for fine ready-to-wear clothes.
