## EASTER HATS

The Easter spirit is on the world. Let the bells ring it out. Let the anthems carol it forth. This is the season of the year that the cloud lifts from the brow of care. Spring is here, if you tip toe you can see summer just around the corner. Nothing in our experience as hatters begins to compare with the trade we're doing this season, it seems as though everybody preferred this store for fine hats. We have the styles and assortment to warrant the best trade, including

### WILL WAIT TILL JUNE.

Then Great Britain Will Deal With Belgium.

LIVERPOOL, April 13.—If by June next Belgium has not annexed the Congo Independent State on acceptable terms the British Government is determined, with the co-operation of the American Government, to take measures which will compel the Congo Government to observe its treaty rights, which have been openly and persistently violated, was the announcement made this afternoon by Mr. D. Morel, secretary of the Congo Reform Association, at a meeting of this body.

### Sold Block of Welland.

WELLAND, April 13.—The Welland Realty put thru an important deal on Saturday, selling for G. H. Garner his opera house block to W. E. Buckingham, Guelph.

The building is a valuable one, a 3-story brick. In it is the Bank of Nova Scotia, Porter's Gents' Furnishing Store and Garner's Stationery Store.

Until the Tariff Has Passed.

MELBOURNE, April 13.—(C.A.P. Cable.)—Premier Deakin will remain in office until the tariff is passed.

## Easter OxforDs For the Men

Time was when a man gave little thought for the style of his footwear at the change of the seasons. It's different to-day, and that's why many a man, as soon as it's time to take off the heavy top coat, considers it part of the season's change to put his feet into a pair of Oxford shoes—and tan ones at that—they're the right thing, you know. "Boston" Easter display of Men's OxforDs represents the product of the most noted American makers.

## SCARBORO FARMERS UP IN ARMS RE-CITY MARKET

Council Will Forward Memorial to Mayor Oliver—Smallpox in West Toronto.

WEST TORONTO, April 13.—A case of smallpox was discovered to-day at the home of Archibald White, 146 Mulock-avenue, Mrs. White being the sufferer. Dr. Macnamara who was attending her, diagnosed the case yesterday and his suspicions were aroused. He had a further diagnosis to-day and a consultation with the medical health officer, Dr. Gilmore, which removed all doubt as to what the trouble was. It is not known how Mrs. White contracted the disease, as she has not been away from home for the past three or four days except on one occasion when she attended the theatre. There are three or four other persons in the house. As soon as the result of the diagnosis was known, Dr. Gilmore notified Chairman Ryding of the board of health. Mr. Ryding immediately made arrangements with Sanitary Inspector Ward to have all precautions taken to prevent a spread of the disease. The house has been quarantined and guard set to prevent anyone entering or leaving.

Advices 'Em to Sell It.

The board of health intimated a few days ago that on account of impurities in the supply at present, water used for drinking purposes should be boiled. The officials state that this practice should be continued for some time yet, in order to prevent the occurrence of typhoid fever.

John Gordon, aged 71 years, brother of Mrs. Jane Armstrong, 189 Vine-avenue, died on Friday in New York City at the residence of his son-in-law, Dr. Spaulding. The remains arrived at the Union Station this morning, en route to Pickering, where interment will take place in the Presbyterian church cemetery. Mrs. Armstrong has gone to Pickering to attend the funeral.

Only a Small Blaze.

The firemen were called out about 3:30 to-night to the corner of Annette and Fairview-avenue, where a wooden sidewalk and some rubbish had caught fire. There were no houses nearby and the blaze was quickly extinguished.

The funeral of William J. Davenport, road, who was found dead last Thursday evening beside the C.P.R. tracks at the intersection with the northern division of the C.P.R., took place this afternoon to Prospect Cemetery. The service was held at St. Mark's Episcopal church and was conducted by the rector, Rev. Mr. Seaborn. Interment took place under the auspices of Loyal Orange Lodge No. 602, of which deceased was a member.

The next meeting of the council will be held on Tuesday evening on account of the regular meeting night being on Easter Monday.

Several recommendations by Supt. McKulkin for extensions of water mains were received and adopted by the board of works at its meeting to-night. They are: A 6-inch main on Cavithra-avenue north, to be connected with the main street 'I' Junction-road. A 6-inch main on May-street, south of Annette, and a 6-inch main on Fairview-avenue, south of Annette-street.

Don't Like Dictation.

Mayor Baird stated that he had received another communication from the C.P.R. with regard to the condition of the Weston-road bridge, and containing recommendations for several improvements thereon. The street foreman's report on the condition of the bridge stated that the iron work and girders were alright. The only fault was in the woodwork.

The C.P.R. needn't dictate to me about what I shall do with the bridge, said Street Foreman Moon. "I know as much about the bridge as they do."

The board gave instructions that a copy of the C.P.R. letter be given to the street foreman, and the bridge will be examined when the council makes their tour of inspection on Wednesday.

James O'Neill of Elizabeth-street sent an application asking for a water supply to his house. As his property is on the west side of the street, and thus outside the town limits the board could not agree to grant his request at present.

As the paving operations on West Dundas-street will be recommended within a week, Engineer Abrey asked as possible so that he could get acquainted with the general layout of the work. The board, however, did not take any action on the matter.

At their meeting to-night the Collegiate Institute board decided to purchase a galvanised iron deck on the roof of the school building at an estimated cost of \$368.

On motion of Trustee Loughton it was arranged to spend \$75 for shrubs and trees to beautify the grounds.

A Good Move.

A ten-inch gang will be purchased for fire alarm purposes, but the question of providing fire escapes was left over till the next meeting of the board.

During the year 1907 the sum of \$15,359

has been received from the 42 pupils of Toronto who were in attendance at the Collegiate Institute.

### WOBURN.

Scarboro Council Take Up Question of Market Accommodation.

WOBURN, April 13.—The members of the Scarboro Township council at their regular meeting held here this afternoon, took strong ground with respect to the action of the city council in allowing the St. Lawrence Market to be closed to the farming community. Reeve Amis presided, with Deputy Reeve Paterson and Councilmen Law, Green and Ormerod present. The matter was brought to the attention of the council by George Thirl, a representative farmer of the township.

"I have been attending the St. Lawrence Market for 30 years," said Mr. Thirl, and last Saturday was one of the worst in my history.

A feeling of intense dissatisfaction was being engendered at the length of time during which the market has always been and will remain closed. The council were a unit on the matter, and a resolution to that effect will be presented to the proper authorities at once.

A bylaw dividing the township into the several road divisions as required by the return to the old system of statute labor was passed, and the several pathmasters appointed.

Many items of more or less importance were submitted and paid. A feature of these was the large amount in the aggregate for snow shoveling during the winter.

On motion of Messrs. Green and Ormerod Assessor Brown was given \$50 on salary.

The Dominion Bank statement showing the township account as being:

General account ..... \$287.08  
Clergy trust principal ..... 293.30  
Interest ..... 110.35  
Legislative grant ..... 31.70  
Tax sale ..... 337.05

Harrington Bros. were given the contract for the manufacture of the sewer pipe needed, which will be 150 lengths of 10-inch, 100 of 12-inch, and 40 of 15-inch. This order is practically the same as last year.

A number of other routine matters were put thru.

### EAST TORONTO.

Town Council Decide to Improve the Kingston Road.

EAST TORONTO, April 13.—An old-time acrimonious session of the town council was held to-night, the storm centre of which was the report of the roads and property committee, presented by Councillor Lynde, and which was debated for more than an hour.

The report advised the expenditure of some \$4000 altogether in road improvement and the removal of garbage. The amount was not excessive, but the council did not take kindly to the idea that the streets to be served were to be left to the discretion of the committee. The purchase of a team was also frowned down.

Councillor Phelan made a strong appeal for the expenditure of a substantial sum on the Kingston-road within the town limits, naming \$800, the cost to be divided between wards one and two in the proportion of 60 per cent. for ward two and 40 per cent. for ward one, as per assessment.

Mayor McMillan and a majority of the members approved of the allotment, and peace was again restored.

The Ward which did not contribute to this amount, the interest involved being rather along Danforth and other streets.

Chairman Berry submitted the report of the fire and light committee, which was adopted.

The Golf Club, who for the past ten years have paid \$7.50 per annum for water, payable in December, will in future be required to pay double the amount and that in advance.

The East Toronto Post Office Society were given the vote of the lower part of the fire hall once a month.

A number of other matters more or less important were disposed of.

### NORTH TORONTO.

Anniversary Concert Was Even Better Than in Other Years.

NORTH TORONTO, April 13.—On Friday evening next T. O. White will give a lecture on "The Tower of London" in Zion Baptist Church, under the auspices of the Young People's Society. To illustrate his lecture, Mr. White will use diagrams and models of instruments of torture as used in days gone by in this old penal institution.

The Sunday school anniversary of the Zion Baptist Church, and especially the entertainment following the Sunday after the religious celebration, is always looked to as the feature of the season. To-night this annual event was one of a most enjoyable character. Even standing room was not available, and the scholars were seated on a specially prepared platform.

The pastor of the church, Rev. Mr. Wellwood, presided, and the best of the lengthy program, which consisted of choruses, solos, recitations, dialogues and dramatics, was given by the orchestra, assisted by the Sunday School.

Orchestra, was superb, and Superb. The class in the umbrella drill, led by Miss Nixon, did excellently, as did the school choir, under the direction of the organist, Mr. Morthoghan.

Band, accompanied by the orchestra, was especially enjoyed. The kindergarten drill, directed by great credit, was Miss Nixon. "The Gipsy Boy," assisted by the chorus and orchestra, was the hit of the evening. The ribbon drill by one of the senior classes, under the tuition also of Miss Nixon, was well executed.

### MIMICO.

MIMICO, April 13.—The regular Monday evening service of the Epworth League will be held to-morrow night. Instead of this evening, when the society will meet by special invitation for a social gathering at the home of Mrs. Wm. Paik.

Messrs. Johnston and Allen, the new proprietors of the Mimico bakery, took to the streets to-day, and George Rush, who has been connected with the work here for considerable time, will continue with the new firm in the meantime.

Mr. H. H. Hume, who is retiring from the business, has taken up his residence in Burgess-avenue.

The Presbytery of the morning meeting and evening service of yesterday in the assembly hall of the Industrial School, was the Sunday school met in the afternoon in the Methodist church. Owing to the interior condition of their own church building, both of these favors were much appreciated by ministers.
