That the surplus of objective is \$138,247.40. 4. That the amount of this returnable to the diocese (\$2-3) is \$125,466.74. 5. That allowing for a shrinkage of 10 per cent. for deaths, alteration of circumstances, etc. (deducted from surplus), the amount reasonably to be expected returned to diocese by the end of the two years over which the payments extend, is \$100,408.40. 6. As to this amount received from the appeal for "diocesan local needs" in the movement itself, \$75,000. Total receivable by the diocese, \$175,408.40.

As to the disposition of this surplus, the recommendation of the executive committee was adopted to the following extent: For superannuation and widows and orphans, \$75,000 (to be added to capital); for Episcopal endowment fund, capital, \$25,000; for immediate "follow-up" work, \$5000.

The recommendation of the executive as to allocating a sum not exceeding \$50,000 as a loan fund to the parishes and missions was referred back for further consideration.

It will be noticed that all the money so far allocated, except \$5000, is added to capital. Doubtless the remainder will be similarly dealt with.
