NEW YORK, May 2.—John T. Chesbro will again pitch for the Greater New York Baseball Club. Yesterday the famous pitcher arranged matters with Manager Griffith in Boston as a result of the pitching staff of the "Yankees" will be strengthened in a short time.

Chesbro is in good condition, and will not need much work to put him in playing shape. He left for his home in Conway and will at once begin active training.

Manager Griffith sent Catcher McGuire with him, so as to help matters along. They will join the New York Club in the next week.

CRICKET

Boston Players Coming Here. Boston, April 30.—The strongest cricket team that ever left this section will make a trip in July and will include Nova Scotia and New Brunswick. THE RING

"Pedlar" Palmer Held. London, April 30.—A coroner's jury today found "Pedlar" Palmer, the English pugilist, guilty of manslaughter in causing the death of Robert Chose, a gashouse painter, struck Chose in a railroad car coming from the Exton races, April 24, because the man refused to stop singing when Palmer requested him to do so.

TENNIS

LONDON, May 2.—Eustace H. Miles, court tennis champion, was a spectator yesterday when Jay Gould won an easy victory over Vane H. Pennell in the final round of the International amateur court tennis championship. The result of his observations is given in an extended analysis of Mr. Gould's style and comparison of his last year's play, contributed to the Daily Graphic this morning by Miles' signature. Miles, in common with all other observers, admits that Pennell gave a very disappointing display. He says neither player did himself justice. While undoubtedly most all the luck was with Gould, the game was no test of what Gould could do if hard pressed. The London newspapers evidently are prepared to see the championship go to America. Gould is described as the "phenomenon of tennis." The Tribune admits Pennell was greatly outclassed. It is stated that Miles is far from satisfied with himself, although he is playing well and the newspapers are making preliminary excuses for him on the ground that he has not had sufficient time to practice for a match with such a capable player as Gould. The keenest interest will be displayed in Saturday's meeting between Miles and Gould for the championship.

WEDDINGS

King-Connelly. Sussex, N. B., May 2.—A wedding which Sussex people have been looking forward to with much interest was solemnized this evening at 6 o'clock at the home of the bride, Court street, when Miss Agnes Connelly, second daughter of Mr. and Mrs. Robert Connelly, was united in marriage to Ora P. King, M. P. The parlor was beautifully decorated by H. E. Gould, florist, with potted plants and cut flowers.

The ceremony was performed by Rev. Frank Baird. The bride and groom were unattended and only the immediate relatives were present. The bride was given in marriage by her father and was charmingly attired in white point d'esprit inserted with baby Irish medallions over chiffon taffeta; also carried a bouquet of roses and carnations.

At the conclusion of the ceremony luncheon was served and the happy couple left on No. 1 train for St. John where they will take the steamer Empress of Britain tomorrow at noon for an extended trip to Great Britain and France.

The groom's present to the bride was a four leaf clover of pearls and amethysts. The father's present was \$100 gold. The bride's travelling gown was a tailor made suit of black and white checked cloth with lace to match.

The bride is one of Sussex's most charming young ladies and in the past had been for two years a student in the Ladies' College of Toronto, where she took a special course in music, attending a marked proficiency therein. Since returning to Sussex she has been a prominent member of the choir of the Presbyterian church where her fine vocal abilities have been appreciated as well as on other occasions and it is hoped in her return her voice will again be frequently heard. It is needless to say that Sussex generally wishes the newly wedded couple all possible success and happiness in the years to come. On the departure a large number were present at the station and showers of rice, an abundance of good wishes, torpedoes on the track and other evidences of good will were in evidence.

BRITISH MINISTRY NOT IN SYMPATHY WITH COLONIES

Premier Deakin of Australia Creates a Sensation at the Colonial Conference—Preference Idea Gaining Ground.

Montreal, May 2.—The Star's London correspondent cables: "Premier Deakin's belief the preference will win even in England, but not soon enough to gain the full advantage in colonial markets which cooperation at this moment would give to England."

Asked if he referred to the intermediate tariff and Canada's trade relations with foreign countries, Sir Wilfrid said he did. "But though Canadian ministers attend the conference, the preference question is fundamentally changed since 1902 they decided to make no detailed exposition to the conference. All journalistic inquiries respecting pending foreign negotiations are resolutely frowned down. The Canadian ministers are now concentrating their attention upon minor measures of cooperation such as joint imperial and colonial subsidies to fast mail services to Canada and via Canada to New Zealand which Sir Wilfrid Laurier and Premier Ward agreed might be reached in twenty days from London instead of thirty-five as now."

The leading ministerial organ, the Westminster Gazette, tonight endorses this form of preference and says such projects in no way conflict with free trade which the ministry is bound to maintain. Moreover Messrs. Lloyd-George and other ministers do not disguise their readiness to go a long way to meet the colonies in this and similar directions.

The Victoria League today entertained the wives and daughters of the ministers attending the colonial conference. Among those present were Ladies Laurier, Kirkpatrick, Shagnessy and Misses Broderick and Miss Bowden.

MAY CHANGE WHARF SITE

Important Alterations May Be Made in Site for New 600 Foot Berth.

It is probable that an important change in the site for the new 600 foot berth now contracted for by Messrs. Clark & Adams will be made in consequence of representations made yesterday by Captain Walsh, marine superintendent of the C. P. R., to the effect that if built at an angle it will prevent a steamer lying at No. 4 berth from being towed out into the harbor.

At the request of Capt. Walsh a conference with a number of the aldermen was held in the office of William Wainwright, C. P. R. general superintendent, yesterday. Among those present were Ald. McGoldrick, chairman of the board of works, Ald. Bullock, Christie, Baxter and the director.

Capt. Walsh explained by means of a diagram the difficulties that would be experienced if the wharf was built as at present planned. The aldermen are now inclined to think that the wharf should be built straight.

The marriage of Miss Hilda Wainwright, daughter of William Wainwright, of Montreal, to Arthur Chipman, nephew of Lady Tilley, will take place early in June.—Toronto Globe.
