
REPORT

ON SOME OF THE

NOXIOUS, BENEFICIAL, AND COMMON INSECTS

OF THE

PROVINCE OF ONTARIO.

INTRODUCTORY.

It has been a source of no small gratification to the writers of these Reports to receive so many kind expressions of appreciation of their labours. The favourable notices too, that have appeared in many English and American publications, afford them much encouragement in the pursuit of their Entomological labours, to which they regret they are unable to devote more than a small proportion of their time: each of them being necessarily engaged in other deeply engrossing pursuits, and having but little leisure at his command. The writers would again remind their readers that they are responsible only for their individual portions of the Report.

E. B. REED.
