was winner and was awarded a lady's companion; Edna Driscoll was second and received a beautiful cameo ring. The boys' diving contest was won by Thomas Keebler and Greenville McCavour came second. The prizes were: first, two and a half dollars in gold, and second, one dollar in cash. Miss Dora Keebler was awarded a beautiful kodak as the prize for all around efficiency.

The splendid exhibitions of aquatic skill were in a large measure due to the attention given by the swimming instructor, Mark Burns. Mr. Burns has kept the swimming baths in full operation all summer, giving instruction to all those who presented themselves and he has done a great deal toward making his pupils thoroughly home in the water. He is to be congratulated warmly on the excellent showing made by his pupils yesterday.

The prizes presented yesterday were donated by the following: J. A. Gregory, W. H. Thorne & Co. Limited, T. McAvity & Sons, Limited, Commissioner Russell, Ferguson & Page, John Russell, Gilbert Jordan, George Waring, Mr. Belyea, Harry Belyea, F. Belyea, Mrs. Kove and M. Ring.

BASEBALL

Effects of War on Baseball.
New York, Sept. 1.—Further effects of the war upon baseball, particularly the minor league, is shown in the latest issue of a semi-official organ of the professional game. The records indicate that nine leagues, consisting of more than fifty clubs, have disbanded since the opening of the present season; that eight others, while several have revised their playing schedule while several more have either dropped clubs or shifted them to cities or towns which promised better support. All these changes occurred during the first half of the season, however, and it appears that those organizations which have re-adjusted to meet or passed the crisis will continue until the close of their regular playing schedule.

PLAYERS ARE SUPERSTITIOUS.

Baseball players are as superstitious as Zulus. In no way is this more lucidly illustrated than in the case which some of them lavish upon an ordinary baseball bat. Manufacturers, says the Popular Science Monthly, oil and shellac their bats to make them sleek and fresh, and the superstitious baseball player proceeds to use glass, bone, sandpaper, and whatnot to remove the finish. Why? "O, just because"—to give a woman's reason. He may have a notion that the bat will last longer without it. But the truth is that the slick really acts as a preservative to the wood.

ST. JOHN LOSES

DOUBLE HEADER

IN AMHERST

The members of the St. John baseball team, which played a double header in Amherst yesterday, returned to the city this morning. They were defeated in both games, losing the first by a score of 16 to 10 and the second 7 to 5. The first game, which was played in the morning, was loosely contested and was a poor exhibition, both sides being responsible for loose playing. The afternoon game got away to a poor start, but after the first inning was one of the best games ever played in Amherst.

THE MORNING DOYLE AND O'CONNOR

world for the St. John team with Doyle and Miller receiving their offerings. Owing to poor support they were unable to check their opponents and lost what looked like a sure victory. In the afternoon Hansen and McNulty started out for St. John, Dever having sustained an injury to one of his fingers in the morning game. In the first inning Amherst placed six runs across the plate and practically put the game on ice. After that Dever went back to the catching department and until the end of the game Amherst succeeded in placing only one run across the plate. Hansen had sixteen strike outs to his credit and allowed only six hits. Rafferty twirled the rubber in the morning. Both games were staged under the auspices of the Trans-Canada Chapter L. O. D. E.

CHIEF BENDER

FAR FROM BEING

"A HAS BEEN"

Let us pay tribute to the jilting of Chief Bender, greatest of the Chippewas, former invincible moundman for the Cubs, now at an age when most pitchers have either crept back to the minors or are entirely out of baseball, one of the those organizations which have re-adjusted to meet or passed the crisis will continue until the close of their regular playing schedule.

BENDER, THE INDIAN, PASSED UP IN 1914

by Connie Mack as a has-been along with Eddie Plank and Jack Coombs, has come back this year, outpitched both of the others and strengthened the belief that Mack didn't know what he was doing when he released the trio. Bender shut out the Cubs a few days ago, allowing one hit. It was his third successive shut out and his fourth straight victory.

IN THE THREE SHOUTS HE ALLOWED A TOTAL OF EIGHT HITS, ONE AGAINST CHICAGO,

three against Pittsburgh and four against Boston, a record that any pitcher might well be proud of.

BENDER'S MARVELLOUS, YET SAID TO BE THE LEAST IN BASEBALL, WHICH HAVE NOT

failed under the strain of years in baseball; his wonderful nerve, which has carried him through many hard games, and his Chippewa cunning have done more than his falling arm to bring him back in the baseball spotlight.

WHEN BENDER WAS RELEASED BY THE PHILLIES LAST SEASON, AFTER A DISASTROUS

year, it was believed the Indian had lost his last season in big league baseball. He won seven games, losing the same number, allowing almost four earned runs a game.

THIS YEAR HE HAS ALLOWED ONLY A TRIFLE

over two earned runs a game, and his performances during the last three years have been equal to his best season. Bender's one hit game was perhaps the best game of his career. The one hit was more or less lucky. Only three men reached first base, two on passes. Five Cubs fanned.

"MY WIFE GOT A COLD THE OTHER DAY

and she is suffering terribly," said the fat man. "That so?" inquired the thin man. "What is it—pneumonia?" "No, it is nothing serious." "Then why is she suffering so much?" "She is so hoarse she can't talk."

SOME EVENTS OF

THE HOLIDAY

There was no public labor demonstration in keeping with Labor Day but the Labor Week Fair which is under the auspices of the Great War Veterans Association and the local Trades and Labor Council, assisted by the Young Women's Patriotic Association, was ushered into prominence yesterday afternoon in St. Andrew's rink and proved to be the big attraction. The preparations for this fair have been in progress for many weeks and yesterday the G. W. V. A. marched through the principal thoroughfares of the city. At Douglas street the returned men fell in and headed by the City Cornet and Temple Bands, and under military direction of Lieutenant-Colonel James L. McAvity, the returned leader of the famous 26th, the men, almost 200 strong, marched behind the column to St. Andrew's rink. Here the men were met by the mayor and other dignitaries of the city and Mayor Hayes officially declared the Labor Week Fair open for business. The mayor made a brief address and the fair was soon in full swing.

ALL ALONG THE LINE OF MARCH THE VETERANS

were given an ovation and they made a fine showing. The day was ideal for marching and many of the returned men of the 26th who had marched behind Colonel McAvity on the battle fields of France were in line yesterday.

THE RINK WAS TASTEFULLY DRAPED IN THE

flags of the Allies and the committee of management, of which Joseph P. Dryden, president of the local G. W. V. A., was chairman, and James L. Sugrue,
