

EAST END BOYS GIVE FINE PERFORMANCE

First Exhibition of Season Proves Big Success; Leaders Get Prizes

The first exhibition by the Juniors of the East End Boys' Club was successfully staged last evening. About 80 of the boys, between 9 and 12 years, took part. A pantomime presentation of a motion picture "The Supreme Sacrifice" was given by six boys, a motion song and a costume duet by two boys and a number of excellent gymnastic stunts and drills.

Miss E. Heffer, supervisor of the Club, had trained the boys for the entertainment part of the program and read the titles for motion picture act Arthur Ricketts, volunteer assistant at the Club, made the scenery, which was most effective. The gymnastic performance was under the direction of John Griffiths, physical instructor. Leo McIntyre gave acrobatic stunts. Miss Genevieve Mary was the pianist and Miss Kathleen Lundy, who has kindly offered her assistance in teaching the boys toy-making was an interested visitor. Mrs. M. H. B. Good, of the Playgrounds Association was also present and there was a large gathering of the parents and friends of the boys.

Six of the boys who had been leaders in their gymnastic classes received Ace caps as prizes. Six others will receive prizes for good conduct and the 12 will share in a special treat to be given later. Those receiving prizes last night were Leonard Daley, Roy Bree, Kenneth Major, William Major, Francis Hayes and Master Paterson.

The senior boys of the Club will stage an exhibition in about six weeks time.

KING'S PLAYERS GIVE FINE PERFORMANCE

New Brunswick Students Star in Comedy at Halifax College

HALIFAX, Feb. 12.—The King's University Players delighted a large audience in the Majestic Theatre Wednesday night when they presented Bernard Shaw's "You Never Can Tell," a comedy in three acts. There was not one dull moment throughout the performance and the amateur players interpreted the lines with wonderful skill and aptitude.

A young dentist, Mr. Valentine, was played by Harry Dysart, of Sussex, N. B. It was a heavy part but Mr. Dysart handled it with exceptional skill and appeared to be perfectly at ease and caused much applause and laughter from the audience.

F. J. Kelle, of Hammond River, N. B., took the part of McConas, the family solicitor, and portrayed it with great dignity and skill.

N. R. Waddington, as a waiter; H. P. Feaver, as a young son and brother "Phillip"; W. D. Jakeman, as "Mr. Crampton"; Miss A. Frowse, as

Prof. C. L. Bennett was the coach and to him belongs a great amount of credit. W. A. D. Foster, of Saint John, N. B., was the business manager and deserves considerable credit for the effective manner in which he staged the play.

The play was under the patronage of His Honor the Lieutenant-Governor of Nova Scotia who, with his wife and staff, occupied one of the boxes.

Allowed To Pool Passenger Services

WASHINGTON, Feb. 12.—The Northern Pacific and the Minneapolis, St. Paul & Sault Ste. Marie railroads have been authorized by the Interstate Commerce Commission to pool their passenger-train service between Duluth and the Twin Cities of Minnesota, St. Paul and Minneapolis.

No opposition was made to the application of the two lines. A Minnesota law would forbid parallel and competing rail carriers from such pooling of business.

Studebaker Sedans are more up-to-date than the newest yearly models because of the Studebaker policy of adding every improvement as soon as developed without waiting for annual announcements.

Studebaker Sedans have been reduced in price without reduction in quality because of these two factors:

1. Studebaker has net assets exceeding \$100,000,000 concentrated on the production of One-Profit cars.
2. The vast Studebaker plants have been kept going at capacity during the past year. Sales in 1925 exceeded 136,000 cars—an increase of 23% over 1924.

Savings due to One-Profit manufacture in volume production enable Studebaker to use the finest alloy steels, northern ash and hard maple, genuine leather, the best curled hair, plate glass, mohair, wool and other quality materials.

These One-Profit savings insure the maintenance of the highest standards of workmanship and permit many refinements and much extra equipment.

Comparison will prove to you that these fine Unit-Built automobiles equal or excel in quality and in performance cars which sell at prices hundreds of dollars higher.

You cannot judge value by price. Ask for a demonstration in a Studebaker Sedan
