SAINT JOHN, N. B., MARCH 16, 1926.

Veniot, who has said that he has in his possession important documents relating to Grand Falls development, and that he will bitterly oppose the development of Grand Falls by private interests. He will be followed by Hon. Dr. Baxter, who, it is also said, will have something to say that will come in the something to say the say that a country while Brasil should hald up the Council of the League of Nations. It would be not council as in England.

While city government in Canada has been comparatively free from the flagrant evils which have affected it in many cities of the United States, there have no say that will be say the say that a country will be say that a country will be say that a country will be say t both of them have said that the debate \$225,000 to be spent in Saint John har- tinent of Europe.

wick Temperance Alliance in Frederiction is also a matter of universal incontributed their share toward the contributed their share toward the building of the canals, but they do not the Government and two of its supporters will speak at the public meeting this evening. It is assumed that the Alliance will make representations to be changed.

Time Provinces have always cheerfully vision and direction of the several administrative departments, dependence was placed upon a number of boards and committees. With this division of duties came not only division and dispersion of responsibility but delay instead of despatch in the conduct of the city's business, with the result that

The two systems, he says, are working in the canadian National Railways, it is also than improvement in concentred about in the thing he is most concerned about in such an improvement in economic conditions in Canada as well brings more business to both systems. President Beatty peaks very pointedly on the question of freight rates, and the stats they should be such as to yield a fair return, which should be large enough to give the property adequates protection. The problems of the Gorgenium of the success of both systems depends upon something else besides revolve and definite first of the success of both systems depends upon something else besides revolve around the necessity for more people, lover taxed to mad definite first of more people, lover taxed to mad definite first of more people, lover taxed to mad definite first of more people, lover taxed in an definite first of the success of both systems depends upon something else besides revolve around the necessity for more people, lover taxed the success of both systems depends upon something else besides revolve around the necessity for more people, lover taxed the success of both systems depends upon something else besides revolve around the necessity for more people, lover taxed the success of both systems depends upon something else besides revolve around the necessity for more people, lover taxed the success of both systems depends upon something else besides revolve around the necessity for more people, lover taxed the success of both systems depends upon something else besides revolved around the necessity for more people, lover taxed the success of both systems depends upon something else besides revolved around the necessity for more people, lover taxed the success of both systems depends upon something else besides revolved around the necessity for more people, lover taxed the success of both systems depends upon something else besides revolved around the necessity for more people, lover taxed to a success the success of the systems depends upon

are marked by moderation, though none the less clear on that account. His address of yesterday is a very valuable contribution to the discussion of the railway situation in Canada, which now absorbs so large a share of public at-

Not disheartened by the overwhelming victory gained by the Prime Minister in the recent by-election, the Conservatives have decided to oppose Hon. Mr. Elliott, the new Minister of Labor, in West Middlesex, Ontario. He is to be opposed by a namesake who only received a little more than half his own vote in the general elections, and a thousand less than a Progressive candidate received. Since the Progressives have decided not to put a candidate in the field in the by-election, the Minister of Labor may be regarded as quite.

(Vancouver Province)

Thirty numbers of Hansard have now reached this office, containing more than lave now reached this office, containing more than 1200 pages of speeches by honorable members of the Commons, and it is not going too far to say that not a page of the 1200 has done anything to solve any of the problems exing the Canadian people or has advanced a single piece of legislation the smallest distance on its way. So far as Canada is concerned, the countil have run on quite as well had not a word been uttered in the Commons chamber during the past seven weeks, and if the members of the More were still at home.

(Vancouver Province)

Thirty numbers of Hansard have now reached this office, containing more than 200 pages of speeches by honorable members of the Commons, and it is not going too far to say that not a page of the L200 has done anything to solve any of the problems deading the received a little more than half his own vote in the general elections, and a thousand less than a Progressive candidate in the smallest distance on its way. So far as Canada is concerned, the countil have run on quite as well had not a word been uttered in the Commons chamber during the past seven weeks, and if the members of the house were still at home.

(Why, to draw his insurance money."

Municipal government in Canada differs from that in the United States, in that, with some recent exceptions, we Hon. Charles A. Dunning is also to week, so far as New Brunswick is coneerned, both in Fredericton and Ottawa. The debate on the address will be resumed at Fredericton by Hon. Dr.

Veniot, who has said that he has in his

On the same day on which it was lating and ineffective as compared with

will be one of the most interesting that has been held in the Legislature for some years.

Within the memory of the present generation, we have had in Saint John harbor, the country was informed that it will take \$55,000,000 to complete the Welland Canal, on which over \$60,500,—
The convention of the New Bruns-wick Temperance Alliance in Frederic-time Provinces have always cheerfully residents of that ward. For supervision and direction of the several administrative departments, dependence

of the Government with regard to any possible legislation regarding the liquor question.

Since the New Brunswick Federation of Labor is also to meet in Fredericton this week, it may be assumed that it will have some resolutions to bring to the attention of the Government, and particularly in regard to the Work-men's Compensation Act. Altogether was a since the Government will be a terrible shock to Mr. A. A. Wright of Toronto, who to the movement of grain this way as a sheer waste of the city at large, a more capable personnel of the City Council might be secured. Accordingly, after some agitation, a change was made by which a candidate, though he must be a resident of the ward he was nominated to the city at large for election. Under that plan it was soon discovered that breast; man never is, but alway and the city at large for election. Under the city at large for elected by the city at large, a more capable personnel of the city at large, a more capable personnel of the city at large, a more capable personnel of the city at large, a more capable personnel of the city at large, a more capable personnel of the city at large, a more capable personnel of the city at large for elected by the city

through Montreal and Vancouver last ments Compensation Act. Altogether year, but it is added that 316,000,000 in the plant to sea of the legislative assion.

At Ottawa the proceedings will be one of the must interesting weeks of the legislative assion.

At Ottawa the proceedings will be one of the must a possible from the House, and house and the following and the season of the

### Poems That Live

### COMMONPLACE.

"A commonplace life," we say, and we sigh;
But why should we sigh as we say?
The commonplace sun in the commonplace sky,
Makes up the commonplace day; The moon and the stars are commonplace things,
And the flower that blooms, and the bird that sings;
But dark were the world and sad our lot
If the flowers failed and the sun shone not;
And God, who studies each separate soul,
Out of commonplace lives makes his beautiful whole.

## The Best of Advice

TODAY IS THE DAY.

Just Fun

Maude would have ben much wiser
Were she making hay today;
She would flash an automatic
And the judge would hear her

Daddy,
Or I'll be compelled to shoot!"
And he'd cough to save the scandal
Of a brech-of-promise suit. IT OCCURS to us that there were

will have to cough up,

MAKING HAY.

The whole world knows the story
Of how Maudie raked the hay
And paused to watch his judgeship,
As he cantered on his way,
Of howe she went on raking
With a melancholy grin
And sighed, "The saddest words
of all
Are these: It might have here!"

Are these: It might have been!"

thing is workin' right, but some at night. Ya swing into a station when a raspy sound ya hear and ya monkey

turn the thing around to get the right position where results can best be found. A classy bit of music will, in action, reach the peak which seems to tell the speaker 'tis the proper time to squeak. Ya hafta start all over when the

static sarts to buzz and ya find the pasky station's not the place you thought it was. Though yo move the little pointers to the same marks as before, the band ya just heard playin', isn't playin' any more isn't playin' any more.

At last ya swing it back again and get a fading trace of music that you'll swear to Pete's from some real far off place. And therein lies the reason why so many folk are guyed. The station ya thought distant is the town where
