AVIATORS RESUME ATLANTIC FLIGHT

(Canadian Press Despatch)

Lisbon, April 13—Captains Sacadura and Coullino, the Portuguese aviators who are attempting to span the Atlantic in a light hydro airplane, started on the third stage of their flight to Brazil at 1 o'clock this morning, said a message received here from the Cape Verde Islands.

The message said the aviators would probably call at St. Peter's or St. Paul's Rocks, about twelve hours' flight from St. Vincent, to refill with gasoline and oil from the Portuguese warship Republica, which went ahead two days ago.

A Meaty Drink!

If you enjoy a stiff cup of tea, one almost strong enough to support the spoon, you don't have to empty the package to get it when you use Blue Bird Orange Pekoe.

It's so full bodied most people have to cut down the quantity to tone it to their taste. That's what makes it economical, and handy when you want a stronger drink.

A few years ago—in the days of production at any cost—a leaky roof was replaced by a new one.

These are the days of production at lowest cost. The best way of increasing profits is by cutting expenses.

It does not matter how old, dried out or worn your roof may be—it is not done yet. With

GLOBE LIQUID ASBESTOS FIBRE ROOF COATING

you can patch the weak spots or put on a new roof right over the old one, and get years more service. A Globe Liquid Roof, covering the entire surface, will cost you 66% less than a new roof in materials alone. And skilled labor is entirely unnecessary. Anyone can do the job—just brush it on.
