## CHILL STARTS COLD WAS SICK 4 WEEKS

**Just Able to Crawl About**

Mr. Weldon T. Hawkes, Curryville,  
N. B., writes: "Last spring I was taken  
very ill with a severe cold. I got wet  
and it started with a chill. I was sick  
four weeks, and was just able to crawl  
about. People all said I had inflamma-  
tion of the lungs, and I think I did.  
I told a friend to get me two bottles of  
Dr. Wood's Norway Pine Syrup, and  
before the first one was taken my cold  
and cough were broken up, and the sec-  
ond did its work completely. I am  
raising a family and I find that it is a  
good medicine for the children."

There is no remedy that will cure  
stubborn colds or coughs, the kind that  
won't let you, like Dr. Wood's Norway  
Pine Syrup.  
It allays the inflammation, soothes  
the irritation, looses the diseased mucus  
lining of the lungs and bronchial tubes,  
and rids the system completely of all  
the bad effects of lingering coughs and  
colds.

There are so many spurious "Pine"  
preparations on the market that you  
should see you get "Dr. Wood's" when  
you ask for it.

pence free the trade mark; price 25c

## TURF.

**Has Purchased Thomas Earl.**  
Pat Doherty, a Sydney horseman, who  
trains his horses in Fredericton, has pur-  
chased Thomas Earl, 2005, and will  
race him in the free-for-all in Maine  
and New Brunswick this season. Thomas  
Earl is by the Earl and a half-brother  
to Earl Jr. Mr. Doherty secured Thomas  
Earl from W. W. Marvin, an Indiana  
horseman. Last season Thomas Earl  
raced on the Grand Circuit, but didn't  
show well until he reached Lexington,

where he was third in 2084. Thomas  
Earl is a six-years-old. He took his  
mark as a four-year-old. It is likely that  
William Sharon, a Fredericton trainer,  
will go to Indiana in April to bring  
Thomas Earl to the capital.

## Every Man is Born a Perfect Man-Child.

Environment and occupation tend to  
change the growing man, and men are  
above or below the average or normal  
height, or differ from the regular in pose  
or in build.

To meet these "differences" in the  
physique of men the Semi-ready Tailor-  
ing system was born. -It is proven that  
clothes can be made to the try-on stage  
as easily as can shoes—if one observes  
the different lengths, shapes, widths and  
breadths of the body as is done in de-  
signing "lasts" for feet.

A perfectly fitting Semi-ready Suit  
will conform to the body. All one has  
to do is to select the right "type"—  
the particular design made for one's  
physical conformation.

Try on one of the seven physique  
types. See which is yours.

Suits, \$18 to \$50.  
Overcoats, \$20 to \$60.

Ten per cent. discount to all returned sol-  
diers on purchase of their first civilian outfit  
at our store.

**WHEN AMERICA SUBSTITUTES  
FOR RUSSIA.**  
(Hon. Sir Frederick E. Smith, K. C., M.  
P., Attorney-General of Great Britain,  
in Cartoons Magazine.)  
After three and one-half years of  
bloody and devastating war the heart of  
England beats as high as it did in Aug-  
ust, 1914. War-worn as she is, I believe  
that even had we not been offered the  
succor, the comfort of America's al-  
liance, those islands would have waged  
this war alone, and I believe that their  
valor and staying power would have  
won.

We have been breaking the flower of  
Germany for three years and a half, and  
in the next year America will be fight-  
ing side by side toward the great end.  
I have no hesitation in saying that had  
not Russia broken down and her armies  
been withdrawn there is no possible  
doubt but that another great offensive  
such as was carried on by the English,  
French and Italians would have brought  
the war to a conclusion this year. We  
in England realize fully the blow of the  
withdrawal of the immense Russian  
army.

But in looking back upon the Russian  
collapse, I can but repeat the words of  
a great English statesman on the even-  
ing when the news came to us.  
"Cruel as this blow is," he said, "I  
pronounce this conclusion: Even with

Russia's great army and with America  
with no army, I would rather have Rus-  
sia out and America in."

## ACTRESS GIVES RECIPE FOR GRAY HAIR

A Well Known Actress Tells How to  
Darken Gray Hair With a Simple  
Home Made Mixture.

Jolee Williams, the well known  
American actress, who was recently  
playing at the Imperial Theatre in St.  
Louis, Mo., made the following state-  
ment about gray hair and how to darken  
it:  
"Anyone can prepare a simple mix-  
ture at home, at very little cost, that  
will darken gray, streaked or faded hair,  
and make it soft and glossy. To a half  
pint of water add 1 ounce of bay rum,  
a small box of Olex Compound, and  
1-4 ounce of glycerine. These ingredients  
can be bought at any drug store at very  
little cost, or any druggist can put it  
up for you. Apply to the hair twice a  
week until the desired shade is obtained.  
This will make a gray haired person look  
20 years younger. It does not color the  
scalp, is not sticky or greasy and does  
not rub off."
