WOMAN'S HAIR REACHES TO KNEES

A Year Ago Was Threatened With Baldness. Tells How She Made Her Hair Grow

Mrs. Esther Emery, now visiting friends in the city, is the fortunate possessor of marvellously beautiful hair, which, when loosened from its coils, falls to her knees. Moreover it is of soft, silky and fluffy gold. Yet just one year ago she was threatened with baldness. Urged to tell how she had obtained the wonderful growth in so short a time, she said: "Had anyone told me such marvelous results could be accomplished so quickly, I positively would not have believed it. Twelve months ago my hair, which then reached barely to my shoulders, was falling out at an alarming rate and growing very thin, actually ceasing to grow in several spots. It was dull and lifeless in color, turning grey in patches, and very dry and brittle. My head was covered with dandruff and itched like mad all the time. I tried fully a dozen different hair tonics, but they were all the same and never did me a bit of good. One day I chanced to read in my home paper of a simple home prescription to make the hair grow that was recommended by a well-known physician. It said that by taking ordinary Lavona de Compose and mixing with Bay Rum and Menthol Crystals and applying to the scalp each night with the finger tips that new hair would grow very rapidly. I decided to try it and I had my druggist mix 2 oz. of the Lavona de Compose with 6 oz. of Bay Rum and 12 dr. of Menthol Crystals, and started to use it. My hair quickly my hair did grow. First the hair stopped falling, the itching ceased and the dandruff disappeared. Then tiny little hairs appeared all over my scalp. These grew and grew as though nothing would ever stop them. They are growing yet, and while, of course, I have used the treatment steadily and expect to continue it, at least until my hair reaches the floor. I might have stopped and been perfectly satisfied at the end of three months. I think that any woman can get long, thick, beautiful hair by using the prescription as I have recommended it to several friends and all are delighted with the result. The prescription is very inexpensive and any druggist can fill it. Those who use it should be careful not to get it on the face or where the hair is not desired."

What Constitutes the Perfect Hand

All women desire beautiful hands, but it is only one woman out of ten who really knows how the ideal hand should look.

Because of this lack of knowledge, many of my sex go calmly on their way, quite content with their hands, when, if they did but know it, they are far from being perfect. They are round, plump, and do not say that, in this connection, "big is best," as it is a sin against nature to own imperfect hands when in the majority of cases a little care would make them beautiful to behold.

I will tell you just what constitutes the perfect hand; then you will know where in your lack, and knowing, can remedy the matter.

The hand that can not be improved upon possesses a palm that is plump and soft as that adorn the tips of these perfect fingers is to be found in transparent "finely pink, with well-defined half-moons at their base."

What about the knuckles? They are covered with a layer of pink-and-white flesh and bedecked with alluring dimples.

Last, but not least, the wrist should be slender and prettily rounded, with not a bone showing.

Daily Hints For the Cook

CREAM PUFFS

Boil together 1 cup of water and 1/2 cup of butter. While boiling, add 1 cup of flour, stir fast until smooth, then cool. When cool, add 3 eggs, not beaten. Stir till smooth again, then drop on a pan far apart, about a tablespoon of batter to each cake. Bake in quiet oven about 30 minutes. When cool, cut open and fill with sweetened whipped cream, flavored with vanilla or the following cream:—One-half cup of sugar, 2 large teaspoons flour, 1 egg beaten light. Pour this into 1 cup of boiling milk and boil for three minutes, stirring all the time.

BAKED STUFFED APPLES.

Bake carefully 6 apples. Core and fill with sugar, allowing a scant 1/2 cup of sugar to this number of apples. Cover bottom of your baking dish with boiling water, to which add 2 teaspoons of lemon juice. Bake the apples in sauce in a hot oven, basting often. When cooked remove to dish and fill cores with apple jelly and pour over all any juice left from baking. Then sprinkle the whole with chopped nuts and serve with cream, whipped or plain.

The Solar Plexus a Great Nerve Centre

With the single exception of the brain itself, the solar plexus is the most important nerve centre in the human body.

Situated just back of the stomach and close to the spinal cord, the solar plexus supplies the nerves to the vital organs. Injury to or weakness of the solar plexus consequently means incapacity of the vital organs of the body. This explains why a blow which reaches the solar plexus means helplessness to the person receiving it.

These nerve centres all demand an enormous quantity of good, rich blood, and, failing to get this, the nerve cells are starved and depleted, and fail to supply vital energy to the digestive and eliminating organs.

The wonderful success of Dr. Chase's Nerve Food in revitalizing and reconstructing the broken-down nervous system is due to the fact that it supplies nutrition to nerve cells through the medium of the blood stream.

Weakness of the stomach, failure of the liver and kidneys to filter the blood, inactivity of the bowels and feelings of fatigue and discouragement usually arise from an exhausted condition of the nervous system. The nerve centres, such as the solar plexus, have not the nerve force to work the machinery of the body.

The most natural treatment imaginable is Dr. Chase's Nerve Food, and its benefits are lasting, because it actually rebuilds the wasted and broken-down nerve cells.

NEWBRO'S HERPICIDE SOLVES THE PROBLEM OF GOOD HAIR

After Prof. Sabouraud confirmed the germ origin of dandruff, science was confronted by a new problem which was not solved until the discovery of Newbro's Herpicide. Herpicide being the first successful preparation compounded in harmony with this new theory, "the original remedy to kill the dandruff germ."

Since then, numerous preparations, said to be "just as good" as Herpicide have been known upon the market; others have adopted Herpicide claims, and without making any change in their remedies, but none have ever reached the same degree of popularity. Everywhere this remedy is recognized as the one genuine dandruff eradicator. As a result, Herpicide has more satisfied users than all hair preparations combined.

Being the original remedy, users expect more astonishing results from Herpicide than they would look for from any other preparation and they usually get them. So wonderful has been the success of this germicide that it is now recognized as the standard hair remedy of the world.

Herpicide destroys the dandruff, checks falling hair. It stops itching of the scalp almost instantly.

Newbro's Herpicide in 50c and \$1.00 sizes is sold by all dealers who guarantee it to do all that is claimed. If you are not satisfied your money will be refunded.

Applications obtainable at the good barber shops. Insist on having real Herpicide. Send 10c in postage for sample and book. The Herpicide Co., Dept., R., Detroit, Mich.

Mental Exhaustion

School children feel the pressure of examinations and the strain of long evenings passed in study. Growing boys and girls are already predisposed to weakness and the additional effort caused by arduous studies often wrecks the nervous system.

The use of a good reconstituent, such as

VIN ST. MICHEL

is imperative in all such cases.

BECAUSE—it forms rich, red blood without which perfect health is impossible—it quickens the cerebral action, brightens and increases all faculties—it imparts energy and a capacity for persistent effort.

Medical authorities prescribe Vin St. Michel in such cases, confident that by its use an entirely new and superior race will be created.

Vin St. Michel should be taken in doses of a wineglassful before meals and whenever the need of a tonic is felt.
