# Sentinel-Review

DAILY AND WEEKLY,

Is the Leading County Paper of the Dominion. The weekly edition has long been recognized as ahead of all competitors, both as a newspaper and in point of circulation. Published in the Dairy District of Canada, it devotes special attention to Dairy Matters. It has been described by one the most eminent of Canadian Dairymen as

**"THE UTAH HERALD OF CANADA"**

IT IS WITHOUT EXCEPTION

## The Best Advertising Medium

In the Dominion, Outside the Larger Cities.

The Daily Sentinel-Review in a few years has taken the first place among the smaller dailies of the country. It is bright, newsy and ably managed in every department. It has a circulation of 1700, steadily on the increase. It is, therefore, a splendid advertising medium. The advertising rates of the Daily and Weekly Sentinel-Review are very moderate. Write for quotations. Subscription price of Daily, \$4.00 per year; Weekly, \$1.00.
