WYSE. a two weeks imprisonment. To be in loard when ship is ready for sea. ENGUINER St. John's, the Canadian Chatham, June 9, 1876. 22-5 night. The Germans met at their Consultown recently visited by a most destrucforming a public-fold all ground like port. He next packed a mixture of mo actum, white load, etc., upon the edges and faces which were to come in contact with those of the port, and fixing are bolts security into the inside part of the contri-vance, let it down, and by means of tackies led from the inside up to the casestar, drew it is ho its place and fastened it there with bolts and with the cyebots in-ide making a perfectly tight and sub-stantial job. The pumps were then set at work and in a very feyr minutes the water was lowered a food in the hold, and in about eight hours the vessel was pumped out. The port new rose out of water, and it was bastened it and make socure and issued for the vorger. The argy was replaced forward and on the evening of tuesday, 5th, the "Ers" was arguing by when she left for Pielins. Mt. Carfer was obliged to remain en Amherni, island froe days before, and opportunity to get away presended isold.
